The Expo that brings together suppliers offering the latest machinery, technology, fabrics, and more to the manufacturers and importers of home furnishings.

July 20 - 21, 2021

**Hickory Metro Convention Center
Hickory, North Carolina, USA**

Furniture Manufacturing Expo (formerly HFMSE) brings together suppliers offering the latest solutions to the manufacturers and importers of home furnishings.

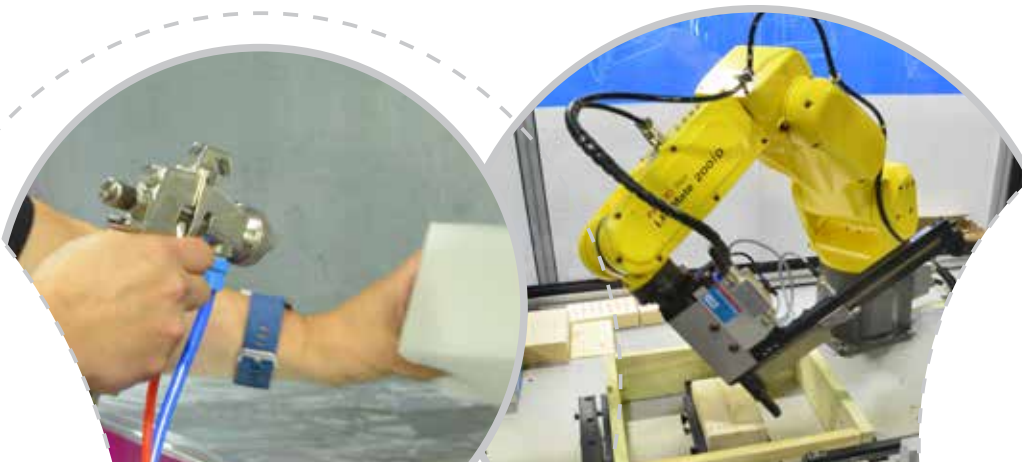

Produced by BridgeTower Media (parent company of Furniture Today) and Exposition Development Company, Inc., the show gives suppliers a platform to showcase their latest products, services, equipment and innovative machinery, warehousing, technology, and financial and logistics services for the home furnishings manufacturing industry. The show also offers a two-day educational program developed by top leaders in the industry discussing regulatory environmental policy, the latest innovations, and more.

Rebuild and Recover - COVID-19

Since its launch in 2017, Furniture Manufacturing Expo has become a leading resource for the furniture manufacturing community. As things continue to change and progress as society moves into a new normal, show management is striving to ensure that Furniture Manufacturing Expo will be a beacon in helping this industry rebuild.

With the 2020 event being forced to postpone due to the pandemic, 2021 will be more important than ever for the industry to come together to strategize, connect, and recover. When your company is ready, you will be welcomed back with open arms to stand strong together to help provide the resources, technology, and guidance that manufacturers and industry professionals need during these times.

The health and safety of all participants will be of the utmost importance and show management will be implementing new procedures, following updated industry guidelines, and communicating with all participants on a regular basis.
