Attendees Are Involved In The Following Industries

Attendee By Type Of Work

What Did Attendees Say?

“I thoroughly enjoyed the show and saw a nice variety of vendors. We did find several we hope to start a relationship with and possibly start doing business with in the future. In South Georgia, it is hard to find suppliers for furniture manufacturing and this show allows us to broaden our horizons in this search. We are currently doing business with some vendors that we met at the show last year.”

Woodhaven Industries

“We’ve seen some new people we hadn’t seen before, we’d come back, and it may make sense to bring some folks from the textiles and manufacturing side of our business as well.”

La-Z-Boy

“It’s a really great concentration of people that do what we do. The other thing we found really helpful is that you could really spend time with the right people that you needed to talk to.”

Klaussner Home Furnishings

“We were very pleased with how relevant the companies showing here were to our business.”

Southern Motion

What Did Exhibitors Say?

“We have exhibited at all the Furniture Manufacturing Expos and have gained valuable customers and contacts from each one. More importantly, it gives key decision makers in our industry a chance to meet us in person and understand why our company has such a well-respected reputation.”

Barber Manufacturing

“The Furniture Manufacturing Expo is the best way for us to engage with furniture manufacturers and show our cutting capabilities. Our crew is already excited to come back next year.”

ZUND

“Since this is our only opportunity to present products specifically to the furniture manufacturing industry; it’s a very important show for both SPEC, as a vendor, and the potential users of the supplies and equipment we had on display.”
