Collaborate With Peers

Join the industry May 9-12 for Techno Security & Digital Forensics Conference in Myrtle Beach, SC.

Techno Security & Digital Forensics Conference delivers a unique conference experience that blends together the digital forensics and cybersecurity industries for collaboration between government and private sectors. The purpose is to raise international awareness of developments, teaching, training, responsibilities, and ethics in the field of IT security and digital forensics.

This brand has grown into one of the most important resources for corporate network security professionals, federal, state and local law enforcement digital forensic specialists, and cybersecurity industry leaders from around the world.

The mix of sessions and speakers covering current and relevant topics attracts attendees eager to learn and explore new products and solutions. Attendees in 2019 traveled from 41 states, the District of Columbia, and from 9 different countries to participate in this important industry gathering.

To ensure the event delivers the highest possible quality conference and attendees, the 2022 program will again feature vendor neutral, hands on, relevant and current seminars offering an opportunity for attendees to earn CPE credits within the following seminar tracks:

- **Audit/Risk Management**
- **Information Security**
- **Forensics**
- **Investigations**

Techno Security and Digital Forensics Conference is consistently among the best in our industry, for sponsors and attendees alike. We always learn new things and have the opportunity to interact with our customers, and people we haven't met before. It's a great event.

Bill Teel, President, Teel Technologies

This conference is not only a wealth of information, but it is a great way to network with people and vendors from all over the world. Whether you are new to the digital security world or a seasoned veteran, this is the conference to attend.

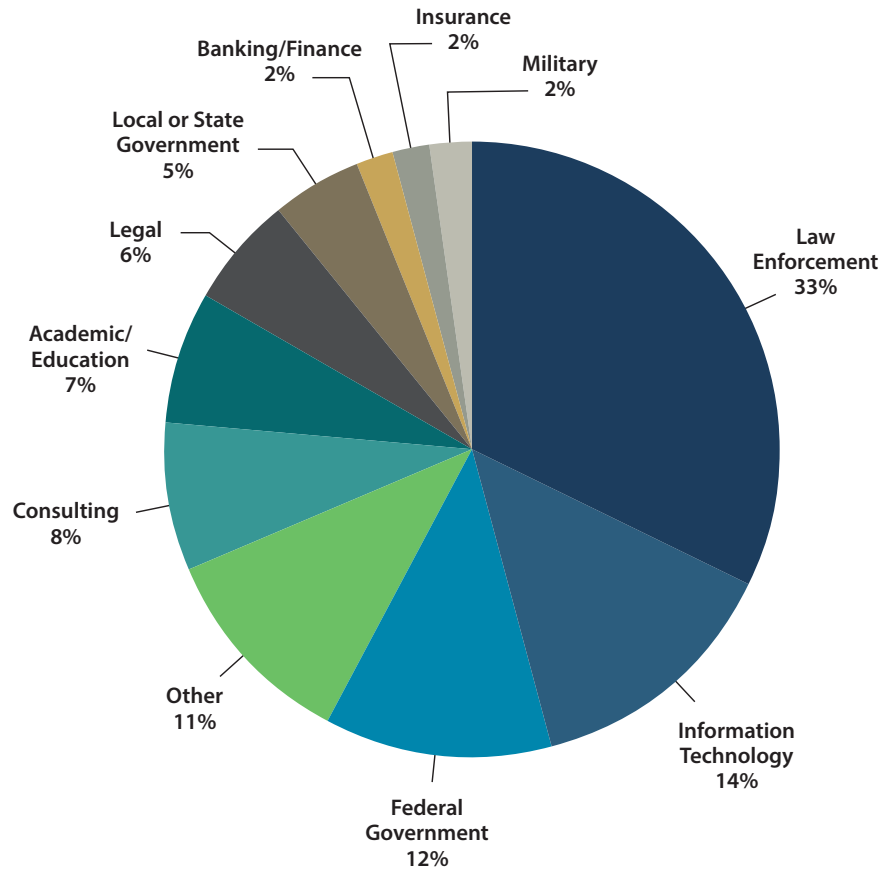

John Graham, Director of Sales & Business Development, Atola Technology
