Join the industry September 16-18 for Techno Security & Digital Forensics Conference in Pasadena, California.

Returning to Pasadena for the 6th edition of the West conference, Techno Security & Digital Forensics Conference continues to deliver a top-notch educational experience where attendees come to increase knowledge and look for solutions to improve and streamline workflow, while achieving better results in day-to-day business environments.

Now with an East and West coast location, the brand has grown into one of the most important resources for corporate network security professionals, federal, state and local law enforcement digital forensic specialists, and cybersecurity industry leaders from around the world. With the recent addition of eDiscovery to the conference, Techno Security provides another layer of education needed for efficient investigations.

The mix of sessions and speakers covering current and relevant topics attracts attendees eager to learn and explore new products and solutions. The 2023 event welcomed 486 industry professionals from 36 states, the District of Columbia, and from 22 different countries to participate in this important industry gathering.

To ensure the event delivers the highest possible quality conference and attendees, the 2024 program will again feature vendor neutral, hands on, relevant and current seminars offering an opportunity for attendees to earn CPE credits within the following primary seminar tracks:

Primary Session Tracks:

- Cybersecurity
- eDiscovery
- Forensics
- Investigations

Titanium Sponsor Tracks and a limited number of Product Demos will also be featured throughout the three-day event.

Event Highlights

75+ Education Sessions

70+ Industry Speakers

50+ Sponsors/Exhibits

600+ Cybersecurity and Digital Forensics Professionals

> " From Taiwan to USA. It was indeed a great time to become part of Techno Security & Digital Forensics Conference. We had the opportunity to solve cases and connect with investigators around the world, across agencies and industries practitioners. Looking forward for a greater event in the near future.
