“

Great leads – a lot of information available – better than other events/conferences.

Yuri Gubanov
CEO and Founder, Belkasoft

Collaborate With Peers

Join the industry June 5-8 for Techno Security & Digital Forensics Conference in Wilmington, NC.

Techno Security & Digital Forensics Conference is moving to a new home in Wilmington, NC for the 24th edition of the flagship event. New this year is the addition of eDiscovery to the line-up of education as the brand continues to help industry professionals increase knowledge and look for solutions to improve and streamline workflow, while achieving better results in day-to-day business environments.

The unique conference blends together the government and private sectors to raise international awareness of developments, teaching, training, responsibilities, and ethics in the field of IT security and digital forensics. Now with an East and West coast location, the brand has grown into one of the most important resources for corporate network security professionals, federal, state and local law enforcement digital forensic specialists, and cybersecurity industry leaders from around the world.

The mix of sessions and speakers covering current and relevant topics attracts attendees eager to learn and explore new products and solutions. The 2022 event welcomed 841 industry professionals from 39 states, the District of Columbia, and from 24 different countries to participate in this important industry gathering.

To ensure the event delivers the highest possible quality conference and attendees, the 2023 program will again feature vendor neutral, hands on, relevant and current seminars offering an opportunity for attendees to earn CPE credits within the following primary seminar tracks:

Primary Session Tracks:

- Audit/Risk Management
- eDiscovery **(New!)**
- Forensics
- Information Security
- Investigations

Titanium Sponsor Tracks:

- Belkasoft Labs
- Cellebrite Labs
- Magnet Forensics Labs
- Oxygen Forensics Labs

Event Highlights

120+ Education Sessions
