

How to Save/Print Presentation Slides and Notes

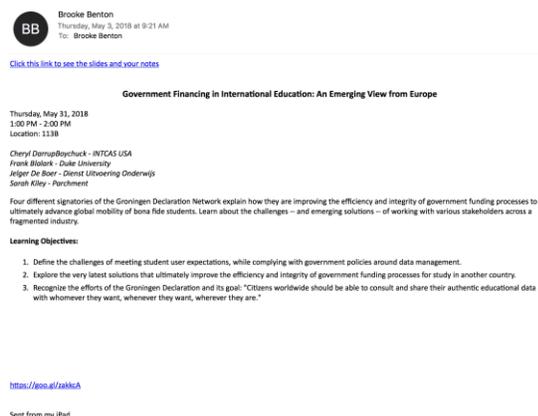

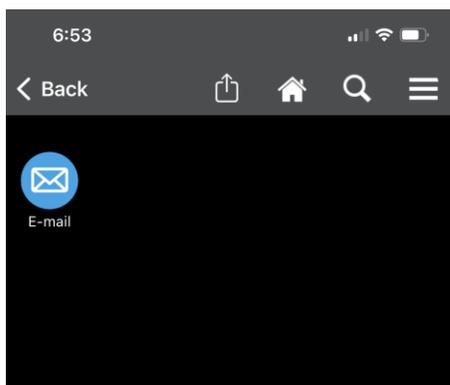

Presentation slides or notes can be saved/printed from the Presentation Abstract page or your Online Personal Summary.

To Save/Print Slides from the Presentation Abstract page:

1. Select the “Schedule” button and navigate to the Presentation containing slides. Note that not all presenters have chosen to provide their presentation slides.
2. Click the Export button in the bottom menu.

3. Click the Email button in the top left corner. This will auto-populate the email address associated with the app account and include the abstract text and a hyperlink that leads to a slide sorter page. Send the email.

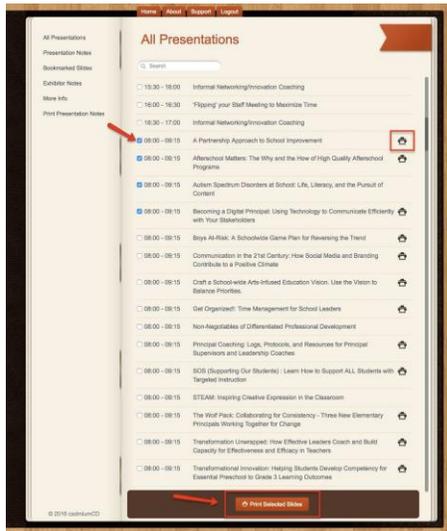

4. After launching the hyperlink, select “View Slides”.
5. Select “Print” then “Save as PDF”.
6. Select “Save” and navigate to a location on your machine where you want to save the PDF.

To Save/Print Slides from your Online Personal Summary

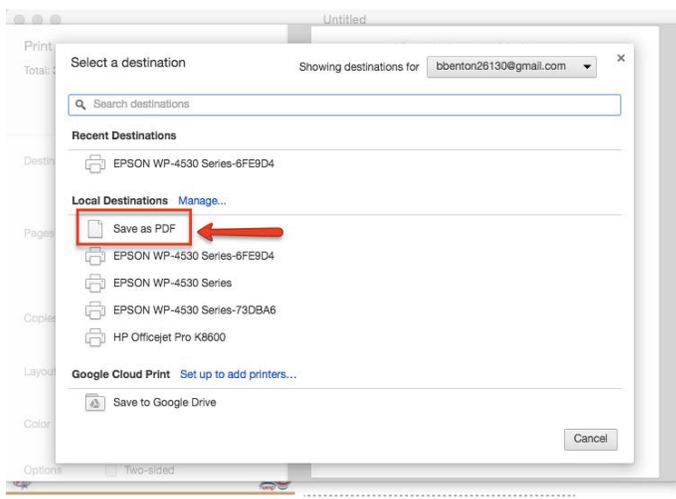

1. The Online Personal Summary can be launched by emailing the link to yourself. From the main screen of the mobile app, select “Email My Notes”. You will receive an email containing a link to your Personal Summary.
2. Click the link to log in to your Personal Summary.
3. Click “All Presentations”.

4. Select the Presentations with slides you want to save/print.

5. Click "Print Selected Slides" from the bottom.
6. To save a PDF of the slides, in the print options window that will appear, select "Save as PDF".

7. Click "Save" and navigate to a location on your machine where you want to save the PDF.
