

# FIREWORK OF INNOVATIONS

durst

3 DECEMBER 2020

LIVE AT HQ BRIXEN, 10 AM–2 PM

VIRTUAL PRESENTATION, 4 PM–4.30 PM

After the successful introduction of the P5 technology platform with the P5 350 and P5 210, Durst is now ready to present its extended P5 family. The P5 350 HS is a new high productive printer model. In combination with Durst Automat, the new solution for a fully automated printing workflow by the Durst Software, it creates the path to make your production processes more efficient.

We are pleased to introduce you to this innovative system full of flexibility, speed and efficiency.

We are looking forward to receiving your registration online.
