

Have you heard of "unbranded signs", ready to customize and assemble?

The innovative [SIGN24H](#) platform, specialized in serving signmakers from all over Europe, arrives at FESPA Global Print Expo Berlin, with this especially advantageous offer for all professionals in the sector.

As with other types of products, it is also possible to get **unbranded signs**. If you are a sign maker, graphic designer, digital printer or professional of the graphic arts, you can now buy **unbranded signs online, ready to customize and install**. Likewise, you have the chance of sending them directly to your customers, avoiding them to know where you bought them or at what price, personalizing them directly on the spot.

For sign makers or professionals in the graphic sector, it offers great advantages and considerable savings in time and money.

SIGN24H's **unbranded signs** are introduced as a very advantageous alternative for our sector. These are **standard size signs, without vinyl signage and adaptable to any need**.

Statistically demanded by almost 90% of customers and essential in any signage project, this type of signs **provides the best solution at the lowest price**.
