## WELCOME

Welcome back to Sign & Digital UK. The UK's number one event for the signage, print, display, decor, retail and design sectors returns after an almost three year hiatus.

Now more than ever, the show is set to play its part in helping you to re-build those important business connections, discover the future and conduct business face-to-face once more.

The show this year has been designed to offer everything that will help you to improve your business, remain competitive and take it to the next level. Be prepared to discover the latest trends, potential new revenue streams and expand your knowledge with unmissable learning opportunities and free business advice geared towards the growth and success of your business.

New features include the SDUK Explains Lounge, in partnership with the ISA UK. This rolling programme of business and technical advice sessions is designed to help you keep up with the changing market, gain insight to strengthen and grow your business and identify new revenue opportunities.

We've also added two new 'trails' that focus on the increasing demand for environmental and sustainable solutions. Discover environmentally positive products and solutions on the Sustainability trail and meet exhibitors showcasing recyclable materials, non-PVC substrates, new ecological ink technologies, along with a wide array of energy efficient workflow solutions. Following the TextileTech trail will lead you to uncover the benefits of adding textiles to your workflow through a host of new applications, demonstrations, skills workshops, industry speakers and specialist exhibitors.

The ever-popular HEXIS UK Wrap Battle Contest also makes a return with two heats and a semi-final taking place on the show floor each day, with the winners going head-to-head in the grand final on Thursday.

As print, sign and graphics companies continue to reimagine their business models in the wake of the pandemic, my advice is to use the show to fact find and take advice. Speak to suppliers and ask them to share their insight and discuss ideas on how you can drive your business forward through a combination of technology, creativity and knowledge.

We hope you enjoy and make the most of your time at Sign & Digital UK. Our aim is to remain at the forefront of industry innovation and continue to be the leading place to engage, unlock business opportunities, discover the latest innovations and explore the exciting world of visual communications.

# VISITOR INFORMATION

**ACCOMMODATION:** If you require overnight accommodation whilst in Birmingham, please contact EventExpress, our booking agent, who can offer favourable visitor rates at local hotels. Call them on **01905 732737**.

**BANKS:** There are many cashpoints situated around the NEC (withdrawal fees apply). Free NatWest and HSBC ATMs can be found at the train station.

**CANVASSING :** Canvassing for orders by unauthorised persons and the distribution or display of printed material, placards, handbills or circulars, except by exhibitors within the confines of their own stand is prohibited.

**CATERING:** The restaurant will be open at the back of **Hall 2** offering hot meals. Additional seating and a variety of food and drink options are also available via a catering MADE unit on the show floor, also at the back of the hall. Outside of the hall, Subway, Wetherspoons and Starbucks will be open.

**CAR PARKING:** The NEC charges £16 per day for parking. Pre-paid parking can be booked in advance at £12 per day but must be booked online 24 hours in advance of attendance at the show. Shuttle buses operate throughout the day taking visitors from the car parks directly to the exhibition entrance.

**CLOAKROOM:** There are cloakrooms situated directly outside the exhibition entrance for bags, coats and luggage to be left whilst you are at the show. Items are charged at £1 each and the cloakroom will close 30 minutes after the end of the show. Any items not collected by this time will be taken to Lost Property.

**COVID SAFETY:** We encourage all visitors to make use of the hand sanitiser provisions available across the show and to regularly wash hands. Mask wearing is optional. If you feel unwell please go to the Organisers' Office located near stand **P95**.

**ENTRY: Entry to the show is FREE.** Under 16s (including infants in pushchairs or buggies) are NOT permitted to enter the show under any circumstances, due to potential health and safety hazards.

**FIRST AID:** For any first aid or medical emergencies please contact the Organisers' Office or NEC Security staff in the halls.

**LOST PROPERTY:** Lost property should be reported to and collected from the Security Office on the Atrium near **Hall 6**.

**ORGANISERS' OFFICE:** The Organisers' Office is situated near the entrance to the hall and can be accessed between stand **P95** and **P92**. If you have any queries, please come and speak to any member of the team.

**SALES OFFICE:** Please visit us on stand **F42** for further information on next year's show or to speak to a member of the sales team. You can also register your interest in exhibiting by scanning this QR code.

**MEDIA ZONE:** The Media Zone can be found on stand **G40**.

**MEETING AREAS:** Free to use meeting areas have been created on the show floor to facilitate buying discussions.

**PHONE CHARGING POINTS:** There are a number of free to use phone charging points in meeting areas across the show floor. Please look out for the phone charging signs to locate one.

**SECURITY:** For security reasons, we request that visitors and exhibitors have access to their digital badge on a smartphone at all times.

**SHUTTLE BUS SERVICE:** Free shuttle buses will operate between all car parks and halls during the show. These usually start running one hour before the show opens and stop one hour after the event closes. Service times can be found at the bus shelters.

**TAXIS:** There is a taxi rank outside the Piazza main entrance, Atrium 1 entrance and Atrium 3 entrance, where you will find TOA Taxis. To book simply call **0121 427 8888** or **0800 0142 729**.

**VISIT HELP DESK:** If you need help with your digital badge or scanning QR codes, please come along to the VISIT Help Desk on stand **G40**.

**TOILETS:** There are toilets located at the rear of the hall and also outside in the Atrium.

# FEATURES

## PREPARE TO BE INSPIRED AS THE UK'S LONGEST RUNNING TRADE SHOW FOR THE VISUAL COMMUNICATIONS SECTOR RETURNS!

With hundreds of exhibitors showcasing thousands of products and leading brands, Sign & Digital UK is the place to see the latest developments from across the signage, print, display, decor, retail, and design sectors.

New features include the SDUK Explains Lounge, a rolling programme of business and technical advice sessions in partnership with the industry's trade association ISA UK. Two new 'trails' have been introduced to provide more focus on the world of textile applications and environmental solutions.

The ever popular Sign Studio returns with a live working environment demonstrating signmaking skills and all the latest materials, and vehicle wrappers will enjoy the return of the hugely popular HEXIS UK Wrap Battle Contest with the grand final, on SDUK's closing day - Thursday 24 March.

Get set to discover the latest trends and potential revenue streams, and expand your knowledge with unmissable learning opportunities and free business advice designed to help the growth and success of your business.

## SUSTAINABILITY TRAIL

This year many of the leading brands are showcasing environmentally friendly eco-ink technologies, recyclable materials, non-PVC substrates, and printing machines that use a lot less power. To this end we have created the Sustainability Trail to help visitors learn more. Follow to meet exhibitors offering a broad range of environmentally positive products and solutions that will help you to win new business and potentially lock-in customers.

**Exhibitors include: arken POP International, Epson, InkTec Europe, Josero, Perspex Distribution, Premier, Pyramid Display Materials, Quality Print Services, swissQprint, Tecna UK, The Sign Group & NeonPlus®, William Smith.**

## SDUK EXPLAINS LOUNGE

In such a competitive and fast growing industry, it is crucial to learn practical ways to grow your business.

New for 2022 is the SDUK Explains Lounge, in partnership with the ISA UK. This rolling programme of business and technical advice sessions will help you to keep up with the changing market, gain insight to strengthen and grow your business, and identify new revenue opportunities - all in an informal space where advice and information can be exchanged.

Go to page **40** to take a look at the programme.

## TEXTILE TECH

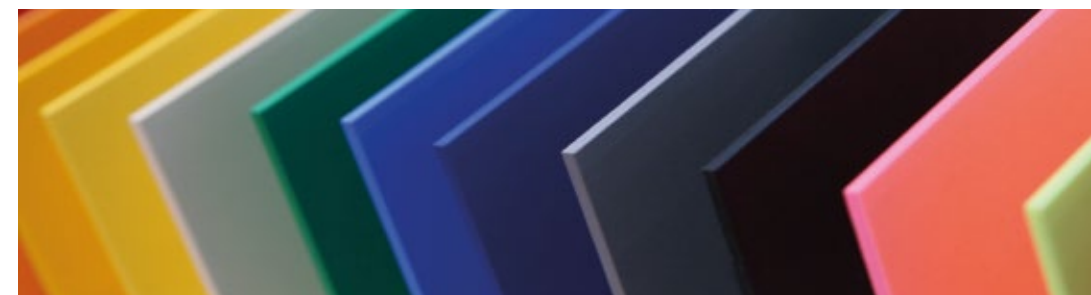

This exciting new feature will highlight exhibitors showcasing products and services for textile related printing and finishing or display systems. Textile Tech also provides visitors with a trail to follow where they can discover everything new in the world of textile applications.

A wide range of products will be covered including textile printing equipment, materials, soft signage systems, personalisation, embroidery equipment and promotional wear. Visitors interested in learning more about textile printing will benefit from following the trail which will feature applications, demonstrations, and market leading specialist exhibitors including: **Adivin Beach Flag S.L., Amaya Sales UK, AXZYRA, Epson, Hybrid Services / Mimaki, InkTec Europe, Josero, MH+P Technology GmbH, Quality Print Services, R A SMART, Roland DG, TheMagicTouch, YES Group (Your Embroidery Services), TT MARKET ELEKTRONIK, Brand-It Technologies, Witpac GmbH, Your Print Specialists.**

## SIGN STUDIO

Another show staple returning in 2022 is the Sign Studio, a live working environment featuring timetabled sessions where you can see live demos, learn new skills and gain practical advice from sign industry specialists.

Learn from the pros and gain industry tips, tricks and techniques of vinyl lettering, applying large areas of vinyl and the basics of signboards. Elements will include digital print, vinyl graphics, banners, soft signage, digital signage, traditional sign writing and much more.

## HEXIS UK WRAP BATTLE CONTEST

The HEXIS Wrap Battle Contest has been all over the world, and this year marks its return to the UK once more as skilled wrappers battle for the winner's crown and many other prizes up for grabs.

Three heats and a semi-final will take place on the show floor each day where participants will compete in 10 minute-long contests. Judges will utilise a unique scoring system designed to place a high priority on the accuracy of fitting, efficiency, quality of finish, health and safety at work, work ethic, and technique. The daily winners will progress to the grand final on the show's closing day, Thursday 24 March. Once again there will be the opportunity to win over £5,500 of prizes. With the crown for the UK's best wrapper up for grabs; may the best contestant win!

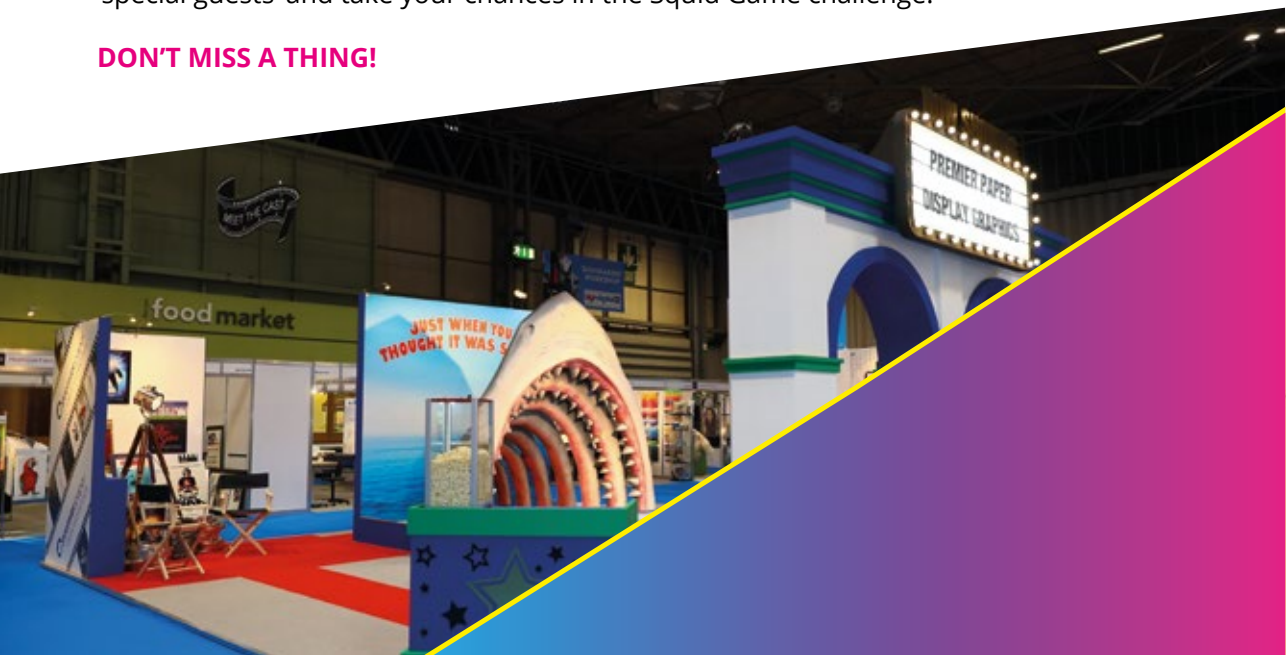

## SHOW OFFERS & COMPETITIONS

Our exhibitors have hundreds of offers to save you money - from bundle packages, at-show discounts, free sample packs and free trials. Make sure you visit every stand, scan QR codes and ask about the offers!

Get involved in the competitions and giveaways - you could take home everything from a smart speaker, iPad, AirPods, and Starbucks vouchers, to mugs, keyrings, mouse mats, and chocolate oranges - and even personalised noughts and crosses boards! Meet the 'special guests' and take your chances in the Squid Game challenge!

[www.mr-clipart.com](http://www.mr-clipart.com)

**MULTIPANEL UK | G20**

Multipanel UK Ltd is only Aluminium Composite Panel Manufacturer in the UK.

Established in 2004, Multipanel UK brought aluminium composite panel (ACP) manufacturing home to Britain in 2014. Our factory on the South Coast of England uses the most advanced manufacturing and logistics technology in the industry. With an initial capacity to produce 6,500,000 m<sup>2</sup> per year of the highest quality rigid composite sheet materials, continued investment including a second production line has increased our annual capacity to 10,000,000m<sup>2</sup>.

Using the power of our UK Production line, we pride ourselves on the precision, rigidity and flatness of every panel we stock. Using the finest raw materials carefully sourced from Europe, we match (and often exceed) the quality on offer from any manufacturer. Our British engineering approach allows us to consistently achieve the best price vs quality ratio in the market.

[www.multipaneluk.co.uk](http://www.multipaneluk.co.uk)

## EXHIBITOR PROFILES

**NICOMAN LOGO MATTING | J18**

Nicoman manufacturing Indoor and Outdoor Entrance LOGO mats, it enhances brand awareness at your front door whilst reduce cleaning cost, suitable for most entrances including shops and public buildings which are subject to heavy foot traffic. Birmingham UK based manufacturer offers 2-5 working days lead time.

[www.nicomman.co.uk](http://www.nicomman.co.uk)

**OneVision****ONEVISION SOFTWARE | K12**

OneVision Software develops powerful and highly flexible software solutions for an automated workflow and file preparation from order entry through to finishing. The aim is to help print service providers worldwide to achieve a more economical printing process when creating their print products. Thanks to the high degree of automation of the software, printing businesses benefit from very fast processing times, higher job margins, and high print data quality.

The core competence of the German company based in Regensburg lies in the continuous automation of workflows. The product range includes integrated software suites as industry solutions for the workflow automation of commercial, large format, label and book printers.

In addition, OneVision offers software tools for intelligent color management and automated image optimization. Whether roll or plate, offset or digital printing, screen or flexographic printing - OneVision's software solutions can be used independently from the printing process and can be integrated into any system landscape.

Well-known global players in their industry rely on OneVision's expertise and appreciate the benefits they achieve from working with the software company: Time saving, cost reduction and highest print quality.

[www.onevision.com](http://www.onevision.com)

**OLFA UK | L56**

OLFA cutting tools are designed and manufactured in Japan for professionals. Incredibly reliable, with innovative features, the performance of OLFA blades is extraordinary. Their range includes art knives, rotary cutters, cutting mats, safety snap-off cutters, specialist tools, and blades. Their craft tools make light work of many projects such as sign-making and vehicle wrapping.

[www.olfauk.com](http://www.olfauk.com)

# SIGN STUDIO 2022

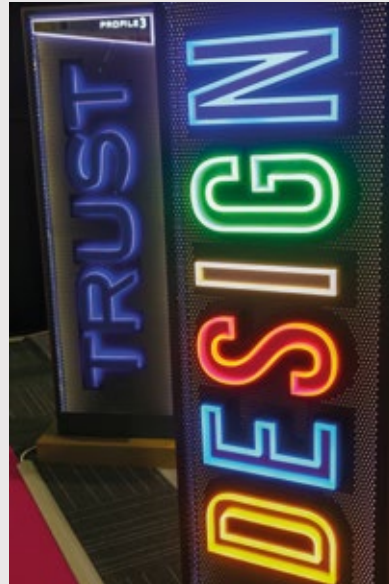

22 - 24 MARCH 2022

**10.30AM - 11.00AM & 2.00PM - 2.30PM**

## HOW MANY WAYS TO MAKE A SIGN?

Join us as we make a sign with 14 different popular sign styles/techniques. During the course of the three days of the show the sign will build up to reveal the final sign that will reflect the diversity of today's sign industry.

During each session one or two letters/elements will be added with demonstrations on how they were made. Elements will include digital print, vinyl graphics, banners, built up letters, soft signage, digital signage, traditional sign writing and much more. **30mins**

**12.00PM - 12.30PM & 3.30PM - 4.00PM**

## MEET THE SPECIALISTS

The studio will host a specialists in the sign industry who will demonstrate some of the many skills required by a signmaker, topics to include sign writing, CNC routed signs, built up letters, Health and Safety considerations, sign fitting, finishing banners, self adhesive tapes and their use. Visit the Sign Studio to see who's hosting each session. **30min**

**11.15AM - 11.45AM & 2.45PM - 3.15PM**

## APPLICATION OF VINYL TO IRREGULAR SHAPES

Learn the skill of applying vinyl to irregular shapes, walls, floors, architectural features, furniture and what vinyls/techniques to use when and where. **30mins**

### Vinyl - What, When and How.

### Preparing surfaces for application of vinyl

### What can and can't be wrapped

### Application - using heat, tools, techniques

**1.15PM - 1.45PM & 4.15PM - 4.45PM**

## APPLYING LARGE AREAS OF VINYL

Join us as we make a sign with 14 different popular sign styles/techniques. During the course of the three days of the show the sign will build up to reveal the final sign that will reflect the diversity of today's sign industry.

During each session one or two letters/elements will be added and demonstrations on how they were made. Elements with include digital print, vinyl graphics, banners, built up letters, soft signage, digital signage, traditional sign writing and much more. **30mins**

### Basic technique

### Use of water/application fluids

### Squeegee choice and technique

### Demonstrates of applying large panels of vinyl to boards/facias/glass

### Working on glass - etched films

TIME	SUBJECT
10.30am - 11.00am & 2.00pm - 2.30pm	How many ways to make a sign?
11.15am - 11.45am & 2.45pm - 3.15pm	Application of vinyl to irregular shapes
12.00pm - 12.30pm & 3.30pm - 4.00pm	Meet the Specialists
1.15pm - 1.45pm & 4.15pm - 4.45pm*	Applying large areas of vinyl

\*This session only runs on day 1 & 2.

## SDUK EXPLAINS LOUNGE

IN PARTNERSHIP WITH THE ISA UK

A ROLLING PROGRAMME OF BUSINESS AND TECHNICAL ADVICE SESSIONS **DESIGNED TO HELP VISITORS KEEP UP WITH THE CHANGING MARKET, GAIN INSIGHT TO STRENGTHEN AND GROW THEIR BUSINESSES AND IDENTIFY NEW REVENUE OPPORTUNITIES.**

The programme has been developed to include real-world case studies and interactive presentations in an informal space where advice and information can be exchanged.

All of the sessions are free to attend and there's no need to book. Sessions include:

### IS RECRUITING AND RETAINING STAFF CAUSING YOU PAIN?

Join this session to get fresh ideas on how to find, keep and motivate staff. Recruitment and staff retention remains a topic that impacts much of our industry both in time and money. We will touch on traditional and non-traditional methods of attracting the right people along with training and support to help them develop themselves and grow your business.

### IS YOUR BUSINESS IN THE BEST SHAPE TODAY AND FOR WHAT THE FUTURE HOLDS?

This open forum session is designed to help people get their business in shape, share experiences, both good and bad and learn about best practices adopted by successful businesses in our industry. We'll touch on financing options, growth and exit strategies, and look at best practices adopted by successful and forward-thinking business owners. With a focus on small businesses, come and find out how you can get your company into better shape for 2022.

## SOCIAL MEDIA AND EFFECTIVE MARKETING

The noise created by social media can be a fantastic vehicle for engaging with your customer base and potential customers. Do you know what really works and what type of return you are getting on the time and money you invest in that process? Here we look at real-life examples from our industry with feedback and experiences of the subtle changes taking place across the media platforms.

## DIVERSIFYING AND THRIVING IN A CHANGING MARKETPLACE

Successful businesses adapt and react to a changing market place and with such rapid change driven by the pandemic, join this session to get pointers and advice on lessons learned from business owners who have thrived in the last 18 months.

We'll take a look at how the sign and graphics market is evolving, what's influencing that change, and how you can capitalise on the opportunities presented.

## SDUK EXPLAINS LOUNGE

IN PARTNERSHIP  
WITH THE ISA UK

### HOW TO CREATE NEW REVENUE STREAMS FROM UV LIGHT CURING ADHESIVES

Eurobond Adhesives will be in the lounge to explain how sign makers can open up profitable new market opportunities with UV cured adhesives. See first-hand how their UV curing adhesives are used to fabricate acrylic signs, display cases, furniture, artwork, awards and trophies and the many benefits over traditional solvent welding and other glues. Hear about real-life success stories from the industry. If you already use acrylic plastics, glass or decorative metals in your sign making join this session to learn how you can maximise your product offerings and introduce new or improved revenue streams.

### WOMEN IN SIGNS & GRAPHICS

The Sign industry has traditionally been a male-dominated sector but with more females joining, running, and influencing the sector what can be done to encourage more women into our trade and support those already working in it?

The Women in Signs and Graphics group is working to do just that. Founded in December 2020 and with over 200 members, the group will be officially launching 'in person' at SDUK. Its vision is to inspire, encourage and promote women in the industry. If you want to be part of a group of like-minded women and fast-track your career, or want to hear how women can be better supported in your workplace, come along to this session and meet the founders. Sarah Winterbottom, Izabella Ivanovici and other inspirational women will be in the Lounge and look forward to hearing your ideas and experiences.

### ESSENTIAL TOOLS FOR GARMENT DECORATION

Get inspired! Join this workshop and discover useful technical tips on how to make your garment decoration faster, easier, and more beautiful.

Corel's expert presenter will show you how to:

- Create fast conversion of bitmaps to vectors
- Speed up your workflow
- Work with templates, layers, colour, colour styles and models

... and much more!

In addition, you will be one of the first to discover CorelDRAW's latest features.

**Speaker: Suzanne Smith – Corel Product Trainer and Specialist**

Suzanne has worked for Corel for over 17 years; first in the Technical Support division and then as Product Trainer and specialist as part of Corel's Graphics division. Suzanne has extensive experience in the apparel, design, and print and sign industries.
