Smart Qualification & Skills Management in the Cloud

Ensure your workforce are skilled, qualified and compliant.

Ensuring your staff have the proper qualifications is becoming ever more important in a safety, quality and compliance driven business environment.

QualifiedFor.com tracks your staff's qualifications, training, and certificates, alerting you when qualifications are coming up for expiry, have expired, or require renewal.

QualifiedFor.com is a cloud-based platform that lets you enter your workforce qualifications, set qualification start and expiry dates, even upload a scan of a physical certificate. QualifiedFor.com provides sophisticated alerting and reporting tools, giving you the full workforce qualification picture.

Say Goodbye to Qualification Matrix Spreadsheet Chaos!
