

Win with Vyn in the Race to Net Zero!

Make greener choices with Vyn SmartVideoNotes

Reimagine customer & field data journeys and make remote, timely, informed decisions enabled by AI-powered video-as-data intelligence. With Vyn SmartVideoNotes, you can gather visual data/evidence with just a mobile device.

- Empower customers to self-serve
- Facilitate faster resolutions
- Reduce site visits & call durations
- Strengthen first-time-right culture
- Improve quality and safety
- Optimise limited experts & upskill juniors
- Delight your customers
- Make more sustainable, greener choices

“ We found during the pandemic that, with Vyn, we **reduced field visits by 32%**.

Nigel Watson
Chief Information Officer

“ Vyn proved simple to deploy and has resulted in a **35% productivity improvement**. We're helping customers make **greener choices** with this **innovative digital technology**.

Nikki Flanders
Managing Director

“ The great thing about Vyntelligence ... we've **reduced lead times by up to 85%** for the customer and got jobs completed **right first time**.

Mike Lapper
Head of Customer Experience

“ Vyntelligence has delivered **5x ROI** and **NPS is up 20%** in the first 8 months.

Pedro Ribeiro
Director, B2C Energy Services
