

LEADERS IN
CORROSION PREVENTION &
SEALING TECHNOLOGY

DENSO® CORROSION PREVENTION SYSTEMS FOR:

- 1 Buried pipelines and directional drilling
- 2 Subsea pipelines
- 3 Above-ground and soil-to-air interface pipework
- 4 Pipeline valves, welded joints, couplings and fittings
- 5 Mounded storage vessels
- 6 Storage tanks and pumps
- 7 Exposed steelwork and structures
- 8 Process plants, oil refineries and power generation
- 9 Offshore marine structures
- 10 Marine structures, jetty piles and tie bars
- 11 Bridges, tension cables and highway structures
- 12 Sewage treatment works
- 13 Metal roofs and roof purlins

DENSO® SEALING/WATERPROOFING/ GAS PROOFING SYSTEMS FOR:

- 14 Industrial flooring
- 15 Bund walls
- 16 External culvert waterproofing
- 17 Flat roofs, balconies, parapets and flashings
- 18 Service entries, ducts and cable glands
- 19 Precast concrete jointing
- 20 Road construction, repair and maintenance
- 21 Car parks
- 22 Bridge decks
- 23 Airport runways
- 24 Light rail and tram tracks
- 25 Reservoir roofs
- 26 Gas proofing membranes

DENSO® BUILDING AND PLUMBING:

- 27 Professional building and plumbing contractors
- 28 Home repairs and maintenance

THE WORLDWIDE EXPERIENCE TO PROVIDE YOU WITH THE IDEAL SOLUTION

The Winn & Coales International organisation grew from an import/export business founded in the City of London in 1883.

Winn & Coales International and all subsidiary companies have an ongoing commitment to quality and advancing technology to meet the specific needs of a growing and changing world market.

Denso products and systems are backed by a team of qualified professionals who provide technical support and on-site guidance as required.
