**Everything
Electric**
AUSTRALIA NSW

POWERED BY

No one knows quite what will happen in the years ahead, but there's one thing that we're quietly confident about; and that's the global surge in electrification. This tech will touch every aspect of our lives, but nowhere will its impact be as profound as it will be in our homes and in our vehicles. This is a megatrend that will 'trump' even the most antagonistic of nationalistic leaders. If you've bought any of these 'cleaner technologies' you will know why they will win, and if you've yet to wve would love to bring you up to speed. Not only are these technologies superior – more than 9 out of 10 battery EV drivers will never go back to combustion – but they are cheaper to run, can be powered by the sun, and are a lot more fun. Not to mention the fact that battery costs are continuing to drop, range continuing to grow and chemistries continuing to advance. Over time, fossil fuels don't stand a chance, but in the immediate future there is a threat, and that brings us to Australia...

As embittered Brits, we are watching Australia with interest and we think that this switch to electrification can be your big moment in the sun. The Asia Pacific region is buzzing with opportunity, not just because of what's going on in China and South Korea, but Australia is also perfectly positioned to benefit if it embraces electric vehicles, batteries, solar, heat pumps, v2g and so on. To that end, we've even launched a new YouTube channel – **Everything Electric AUSTRALASIA** – so we can better cover the side of the world where we think the bulk of the action will be for years to come.

But back to that threat... as we are seeing all around the world, 'electrons and elections do not mix', and while politicians cannot stop progress, they can slow it, significantly. So when it comes to the upcoming election in Australia, if you believe in this opportunity as we do, we'd urge you to stand against those that

would turn their back on cleaner technologies in favour of a nuclear fantasy.

And now back to the show, for your entertainment and education, we have created a list of visitor attractions that will make you want to come back for more, year on year:

- Up to 10,000 multi-brand EV Test Drives
> 30 Automakers | ~10 new EV launches
- Giga Theatre | Live EV Arena | Energy Advice Zone
EV Test Drive Experience
- Micro-Mobility Test Track | Electric Motorbike Test Track
Marine Zone
- Business Day (Friday Only) | Start-Up Pavilion
Commercial Vehicle & Truck Zone.

Our team is delighted to have built out a brilliant show for your enjoyment over three days in Sydney this March, and if we can ask one thing of you, if you would like to see the shift to cleaner technologies continue to accelerate in Australia, bring your relatives, bring your friends, bring your colleagues – especially those that are cynical about these technologies – and help us demonstrate to them that they are here to stay, and that they are much better than what's been before!

We would like to offer our thanks to all of those that made this happen – not least our headliner carsales – but also to our viewers, visitors, investors, patrons, exhibitors, sponsors and volunteers.

We salute you!

Until then, enjoy!

Dan Caesar | CEO | Fully Charged Show Ltd (including Everything Electric, and ElectricVehicles.Expert)

FRIDAY 7TH

10:45-11:15

My Clean Energy Journey

Sarah Aubrey, Electrify This.

11:45-12:15

My Efficient Electric Home Handbook – How To Make Electrification Work For You On Any Budget

Host: Adam Donnelley, Ausgrid + Tim Forcey, My Efficient Electric Home.

13:15-13:45

Unlocking The Potential Of Electric Car Homes

Host: Imogen Bhogal, Fully Charged + Bradley White, Ohme; Dr Scott Dwyer, University of Technology Sydney; Anita Ward, Origin Zero; Marcelo Salgado, EVOS.

14:00-14:30

Accelerating EV Uptake Through Ausgrid's Kerbside Charging Program

Nick Black, Ausgrid.

15:15-15:45

How Can We Decarbonise Our Home Energy Through Electrification Like Heat Pumps?

Host: Sarah Aubrey, Electrify This + Dick Clarke, RENEW; Lorenzo Tassone, Good Earth; Yann Guihard, Alpaca Solutions; Robin Stam, 28Watt.

SATURDAY 8TH

10:45-11:15

Energy Efficiency For Renters

Jeff Knowles, RENEW + Graham Hunt, RENEW.

11:45-12:15

My Efficient Electric Home Handbook: Practical Heating & Cooling Advice

Host: Adam Donnelley, Ausgrid + Tim Forcey, My Efficient Electric Home.

12:30-13:00

Home Electrification 101

Host: Simone Annan, Fully Charged + Brendan Lang, Get off Gas; John Buchelin, Rewiring Australia; David McEwen; Felicity Stevens.

13:15-13:45

Energy Efficient Retrofits – How To Refurbish For Thermal Comfort

Kel Lupis, RENEW.

14:00-14:30

Accelerating EV Uptake Through Ausgrid's Kerbside Charging Program

Nick Black, Ausgrid.

15:15-15:45

Car Charging Explained

Host: Ricky Roy, Fully Charged + Yasemin Selvi, Alchemy Charge; Bjorn Siem, EV Ambassadors Australia; Paul O'Connor, EV Power; Glenn Staples, Volkswagen Group Australia

SUNDAY 9TH

10:45-11:15

Futureproofing Your Home – Rewired, Reliable & Resilient

Host: Sarah Aubrey, Electrify This + Graham Hunt, RENEW; Yann Guihard, Alpaca Solutions; John Warnock, myenergi APAC; Clare Rainbow, Amber Electric.

11:45-12:15

CHARGEFOX

SYDNEY OLYMPIC PARK | FRIDAY 7TH MARCH 2025

Join us for **Fully Charged Professionals** across day one of **Everything Electric AUSTRALIA NSW**. This event is designed to empower businesses with the knowledge and tools necessary for a sustainable future.

On Friday, March 7th, gain exclusive access to leading Energy and Transport experts who will guide you through the latest strategies for fleet electrification and sustainable practices.

Whether you're a Fleet Manager, Local Authority, Sustainability Officer, or Transport Planner, this day promises to be the most valuable of your year.

Learn how to reduce your carbon footprint, transition to clean energy, and unlock the financial rewards of embracing green initiatives.

This year's event also includes a series of sessions held off the show floor hosted by Origin, NSW Government, Maritime Emissions Reduction Coalition and Amber.

Sessions include:

- **Switch On Breakfast for Business – Hosted by Origin**
- **Working together to support the shift to electric vehicles – Hosted by NSW Government**
- **Discover Maritime Futures – Hosted by the Maritime Emissions Reduction Coalition**
- **Unlocking the value of EVs & Batteries – Fireside Chat with Ambers Co-Founder and Co-CEO Dan Adams**

These sessions are fully booked but if you'd like to register your interest for 2026 please email commercial@fullycharged.show

Missed out? We have more sessions running across the day in our **Giga Theatre** and **Energy Advice Zone** which can be found in the programme on pg 23 and pg 5.

10:30 GIGA Theatre | 30 mins **Is The Australian EV & Clean Energy Market On Track?**

Whether your urgency is the climate emergency or competitive advantage how does Australia track against other nations, and how can it accelerate?

12:00 GIGA Theatre | 30 mins **Fireside Chat: Elections & Electrons In Australia – The Choice Before Australians**

Robert Llewellyn, Founder – Fully Charged + Chris Bowen MP, Minister for Climate Change and Energy – Federal Member for McMahon.

12:45 GIGA Theatre | 30 mins **How Businesses Can Bulldoze The Barriers And Accelerate EV Adoption!**

Businesses are in prime position to reap the rewards of going electric, from experiencing lower operating costs with an electric fleet.

14:00 Energy Advice Zone | 30 mins **Accelerating EV Uptake Through Ausgrid's Kerbside Charging Program**

It's a well known fact that charge points have been a handbrake on EV adoption. Learn from Ausgrid's Head of EVCI, Nick Black, on how their innovative kerbside charging solution can change that.

14:15 GIGA Theatre | 30 mins **Equity In The EV Industry: How Can We Make 'Everyone' Electric?**

If battery EVs aren't affordable or accessible enough, doesn't that defeat the entire purpose of building a better world? Who's in danger of being left behind, and what can we do about it?

15:00 GIGA Theatre | 30 mins **Can Waterborne Vessels & Electrification Really Mix?**

How can the marine industry make the most of the electrification opportunity?

Your business can access up to \$20,000
per vehicle to buy an EV

I PTY THE FUEL!

FRIDAY 7TH

10:15-10:30

Welcome to Country & event opening

Host: Robert Llewellyn & the Fully Charged presenting team.

10:30-11:00

Is the Australian EV & Clean Energy market on track?

Host: Simone Annan + Jonathan Williams, Polestar; Collin Jennings, Motor Traders Association NSW; Carly Irving Dolan, Prospecta Utilities; Paul Barlow, carsales.

11:15-11:45

How can we decarbonise Australian business & industry?

Host: Imogen Bhogal + Marc England, Ausgrid; Giles Parkinson, The Driven; Regine Zschernig, Volkswagen Group Australia; Charlie McIntyre, Origin.

12:00-12:30

FIRESIDE CHAT: Elections & Electrons in Australia – the choice before Australians

Host: Robert Llewellyn + Chris Bowen MP, Federal Member for McMahon.

12:45-13:15

How Businesses Can Bulldoze the Barriers & Accelerate EV Adoption!

Host: Elliot Richards + Edwin Higginson, Australian Electric Vehicle Specialists; Anna Martinis, NSW Government; Alex McPherson, Ausgrid; Riz Akhtar, Carloop.

13:30-14:00

Stop Burning Stuff – the biggest myths & how to bust them!

Host: Robert Llewellyn + Scott Maynard, Polestar; Sarah Aubrey, Electrify This; Dr Steven Du, Australian Electric Vehicle Association (AEVA); Chris Vanderstock, Electric Chris.

14:15-14:45

Equity in the EV industry: how can we make 'everyone' electric?

Host: Simone Annan + Dr Chris Jones, Australian Electric Vehicle Association; Charlotte Twigg, Transurban; Slava Kozlovskii, evey; Jaime Robles, Smappee.

15:00-15:30

Can waterborne vessels & electrification really mix?

Host: Angus McDonald, MERC + Jordan Glanville, Oceon Energy; Tommy Ericson, Aus Ships Group; Elisa-Marie Dumas, Ocean Impact Organisation; Gustav Hasselskog, Candela.

15:45-16:15

Bidirectional Bonanza – how will v2g, v2h & v2x transform our lives, & get us 'almost' off grid?

Host: Imogen Bhogal + Kriti Nagraath, Institute for Sustainable Futures, University of Technology Sydney; Ross De Rango, Electric Vehicle Council; Matthew Downie, V2Grid Australia; Dunstan Power, Versinetic; Dan Adams, Amber Electric.

16:30-17:00

Driving the Future: Powering Australia's EV Revolution!

Host: Simone Annan + Scott Maynard, Polestar; Jason Clarke, True EV Pty Ltd; Matthew Dale, Audi Australia; David Smitherman, EVDirect, BYD Australia.

SATURDAY 8TH

10:30-11:00

Choosing your first electric vehicle – new or used

Host: Simone Annan + Tom Gan, Ludicrous Feed; Bridie Schmidt, The NRMA; Joel Larsen, CBA; Toby Hagon, carsales.

11:15-11:45

Ask the experts: Solar, Batteries & Chargers at Home
