CALLING ALL NORTHERN POWERHOUSES! FULLY CHARGED RETURNS TO THE NORTH AS 'EVERYTHING ELECTRIC!'

EVERYTHING ELECTRIC NORTH

It feels like a critical time for electric cars and cleaner energy in the UK, and yet it really shouldn't be. After sluggish economic growth and a series of regressive policy decisions, Britain is being trounced by other more progressive countries around the world. And yet, we know that inhabitants of the UK want cleaner, greener technologies, after all, this is where the Fully Charged Show was founded, and where one quarter of our YouTube audience resides. So while we're delighted to bring Everything Electric NORTH back to the Yorkshire Event Centre, there is no doubt that this 'festival of electrification' will be bigger still in future years.

In fact, with the warm memories of Everything Electric AUSTRALIA in mind, we can confirm what a difference politics can make. Where there was despondency in electric car circles there less than two years ago, there is now positivity, purpose, and purchasing intent. To such an extent, that at its current run rate, the percentage of new car sales that are electric in Australia might even catch up with the UK by the end of the year. A thought that was absolutely unthinkable three short years ago. We are delighted to be building these electric home and motor shows around the world, and we've been told that our Sydney show was bigger and better than the Geneva Motor Show.

Everything Electric NORTH goes one further. By bringing together a superstar cast of energy and transport experts who can help you save on bills and even make money from generating energy, as well as enabling the smoothest switch to electric vehicles possible, it is an invaluable day out. Our founding father Robert Llewellyn (Red Dwarf, Scrapheap Challenge) returns to the stage at Everything Electric NORTH and is joined by Fully Charged SHOW presenters Imogen Bhogal, Jack Scarlett, Helen Czerski, and yours truly, as well as several other stars including Quentin Willson and Dave Borlace, plus hundreds of experts on all things electric.

Our outstanding theatre programme, supplemented by sessions on the Energy Advice Zone too, offers you life-enhancing advice on how to #StopBurningStuff.

What's more, Everything Electric NORTH also offers the UK's biggest electric test drive programme ever hosted outside of London, with thousands of test drives over three days, you can get the chance to compare and contrast multiple electric cars over one long weekend. And that's not forgetting our Commercial Vehicle and Micro-Mobility Zones. Of course, we also have an exhibition stuffed with scores of scintillating companies eager to help you move over to cleaner, greener technologies and services. And perhaps most importantly we have tons of fun activities for younger attendees in the Kids Zone.

And if you're in the business as a transport or energy professional, remember you can access the first day of the show (Friday May 24th) for free thanks to Duracell Energy, simply by registering in advance.

We can't wait to welcome you!

Thanks for your support and enjoy the show!!

Dan Caesar | CEO | Fully Charged

IMPORTANT INFORMATION

Opening Times – The show opens at 10:00am on Friday, Saturday and Sunday. We would ask for your patience as you enter the show; queues are quite likely. The show closes at 5:00pm on all three days.

How To Get Here – Everything Electric NORTH takes place at the Yorkshire Event Centre, final parking information will be sent via email – please ensure you check information sent before you leave.

Accessibility – The Yorkshire Event Centre has been designed to be a level access venue, great for wheelchairs and pushchairs. We offer entrance ramps and double doors to both halls and automatic doors in the main entrance. All entrance steps and ramps have handrails.

Test Drives & Rides – Whether it is electric cars, or other electric vehicles, access to test drives in a supply constrained market is competitive. If you are unable to access the electric vehicles, our exhibitors will help facilitate opportunities after the event.

Harrogate presenting team: Robert Llewellyn, Helen Czerski, Jack Scarlett, Imogen Bhogal & Dan Caesar.

EV TEST DRIVE EXPERIENCE

ALL TEST DRIVES MUST BE BOOKED VIA EXHIBITOR STANDS AND ARE SUBJECT TO LICENSE CHECKS. FULL DETAILS ARE AVAILABLE ON PAGE 11

WIN £7,500

TO FUEL YOUR HOME HEATING UPGRADE

Government funding for Air Source Heat Pumps has increased to £7,500. We're matching it, with an additional £7,500* for one lucky winner.

From November 23 to May 24, you can enter our prize draw to win £7,500 towards a Daikin heat pump installed by one of our Sustainable Home Experts.

So you could receive up to £15,000 in total to switch from a fossil fuel boiler to a low carbon heat pump - and create a more sustainable climate at home.

Whether you're just starting to think about going green or already have a project in progress, you can win with Daikin.

Three ways to enter:

1. Visit Daikin.co.uk/win to see our current promotions
2. Register the warranty for a Daikin heat pump purchased between 27 November 2023 and 31 May 2024 at StandByMe.daikin.co.uk
3. Sign up for the Daikin sustainable home newsletter here:

*Terms and conditions apply – For full terms and conditions visit Daikin.co.uk/win

EVERYTHING ELECTRIC?

We make it our mission to get 'almost' everything electric to our shows, and our North show is no exception. There are so many cars at this show, and as we add vehicles into the final few days, it's impossible to list them all. Keep your eyes peeled for the weird and the wonderful, and if you arrive early enough enjoy the test drive options too!

WHY MCS MATTERS

MCS is the UK's national quality mark for renewable energy technology like solar panels and heat pumps.

We're here to set standards and provide protection – giving you peace-of-mind as you make the switch to home-grown energy.

THE BENEFITS OF MCS CERTIFICATION

- 1 Ensure you get a quality installation delivered in line with MCS Standards created by industry experts
- 2 Get peace of mind that the products installed meet industry standards
- 3 You might be eligible for a government grant to help reduce installation costs
- 4 Receive an MCS certificate to demonstrate you've got a compliant installation

Are you considering investing in small-scale renewable energy to heat or power your home or small business?

Choose an MCS certified installer

To find an MCS certified installer visit:
mcs-certified.com/find-an-installer

MEGA THEATRE SPONSORED BY BYD

FRIDAY 24TH

10.30-11.00 (Giga Theatre)

ELECTRIC FIRESIDE CHAT

Why old automotive technologies never really stood a chance, and why we should all embrace the electrification of cars

Host: Robert Llewellyn + Quentin Willson, FairCharge.

10.45-11.15 (Mega Theatre)

Mainstreaming micro-mobility

Host: Helen Czerski + Andy Shrimpton, Cycle Heaven; Noel Cass, University of Leeds; Jack Scarlett, Fully Charged.

11.15-11.45 (Giga Theatre)

Is the UK being left behind in the race for cleaner energy & transport?

Host: Dave Borlace, Just Have a Think + Dr Euan McTurk, Plug Life Television; Colin Walker, Climate Intelligence Unit; James Court, EVA England; Jillian Anable, University of Leeds.

11.30-12.00 (Mega Theatre)

All you need to know about managing an electric fleet

Host: Imogen Bhogal + Bob Murphy, Scottish Power; Lorna McAtear, National Grid; Andy Walker, Vital EV; Gaurav Ahluwalia, The Electric Car Scheme.

12.00-12.30 (Giga Theatre)

Petrolheads anonymous: is there a place in the future for driving enthusiasts?

Host: Robert Llewellyn + Derek Reilly, Nevoie & CharIN Ambassador; Jack Scarlett, Fully Charged; Quentin Willson, FairCharge; Chris Ramsey, EV Adventurer & Plug In Adventure.

12.15-12.45 (Mega Theatre)

EVs & Clean Energy: How can we take everyone on this electrifying journey?

Host: Helen Czerski + George Rawding, GivEnergy; Hannah Fairley, Fastned; Fraser Robertson, Wevo Energy; James Court, EVA England.

12.45: 13.15 (Giga Theatre)

Is this an opportunity to reinvent the world we live and work in?

Host: Dave Borlace, Just Have a Think + Phil Blythe CBE, Newcastle University; Josey Wardle, Innovate UK; Kate Tyrrell, Chargesafe; Victor Sellwood, Siemens.

13.00-13.30 (Mega Theatre)

Should Electric Vehicle charging at work and destinations be standard practice? And how do we make it happen?

Host: Dan Caesar + Derek Reilly, Nevoie & CharIN Ambassador; Tom O'Donovan, North Yorkshire Council; Mark Smith, Sevadis; Gill Nowell, EVA England.

13.30-14.00 (Giga Theatre)

Extinguishing the myths to #StopBurningStuff

Host: Quentin Willson, FairCharge + Colin Walker, Climate Intelligence Unit; Lorna McAtear, National Grid; Alex Thwaites, OVO; Peter Cox, Myenergi.

13.45-14.15 (Mega Theatre)

Where are the best opportunities to decarbonise businesses?

Host: Imogen Bhogal + Charlotte Hammett, Ripple Energy; Claire Miller, Octopus Electric Vehicles; Oliver Millar, Duracell Energy; Laura Atkinson, Energy Saving Trust.

14.15-14.45 (Giga Theatre)

Future of deliveries, from freight to the final mile

Host: Helen Czerski + Paul Kirby, Electric Van Man; Simon Buckley, Innovate UK; Stuart Murphy, Royal Mail Group; Rick Nimbley, Geotab.

14.30-15.00 (Mega Theatre)

Who will be the Top 5 carmakers come 2030?

Host: Jack Scarlett + Paul Clarke, Green Car Guide; Derek Reilly, Nevoie & CharIN Ambassador; Quentin Willson, FairCharge.

15.00-15.30 (Giga Theatre)

The future of grid connections – what does 2050 have in store?

Host: Imogen Bhogal + William Tope, LiNa Energy; Ajai Ahluwalia, Renewable UK; Andy Martyr-Icke, National Grid.

15.15-15.45 (Mega Theatre)

Electrification of Heat Technologies vs Heat Pumps?

Host: Dan Caesar + Grainne Regan, OVO; Simon Roberts, Heatio; Nick Huston, Daikin; Professor Richard Fitton, University of Salford

15.45-16.15 (Giga Theatre)

Bringing Batteries up to speed! What does the new wave of chemistries offer?

Host: Robert Llewellyn + William Tope, LiNa Energy; Rory McNulty, Benchmark Mineral Intelligence; Dr Euan McTurk, Plug Life Television.

SATURDAY 25TH

10.30-11.00 (Giga Theatre)

ELECTRIC FIRESIDE CHAT

Why politicians must take scientists more seriously, and what hope is there for the future of humankind?

Host: Robert Llewellyn + Helen Czerski.

10.45-11.15 (Mega Theatre)

Ask the experts – Choosing your first electric vehicle

Host: Jack Scarlett + Paul Clarke, Green Car Guide; Nicolas Raimo, EV Nick; Will Ball, Tesla Jigsaw; Jonathan Porterfield, Used EV Consultant.

11.15-11.45 (Giga Theatre)

When it comes to energy & transport, what will the world look like in 2035 & 2050?

Host: Dave Borlace, Just Have a Think + Colin Walker, Climate Intelligence Unit; Jillian Anable, University of Leeds; Andy Martyr-Icke, National Grid.

11.30-12.00 (Mega Theatre)

Energy Efficiency & all that – cheaper, easier energy hacks discussed

Host: Dan Caesar + Dan Martin, Swarm; Tom Moore, iVie; Andy Ireland, Myenergi; Jim Bennett, Octopus Energy.

12.00-12.30 (Giga Theatre)

Are we doomed? And can we really change?

Host: Imogen Bhogal + Helen Czerski, Fully Charged; Ben Macdonald, Nodum; Simon Price, Exawatt; Jarvis Smith, My Green Pod.

12.15-12.45 (Mega Theatre)

Ask the experts – Home charging made simple!

Host: Jack Scarlett + Craig Slater, Sevadis; Peter Cox, Myenergi; Nicolas Raimo, EV Nick; Phil Steele, Octopus Energy.

12.45: 13.15 (Giga Theatre)

Vehicle to Everything? What's the true potential?

Host: Dan Caesar + Claire Miller, Mobility & Energy Advisor; Paul Kirby, Electric Van Man; Mark Potter, 3ti; Jim Hunt, V2G.

13.00-13.30 (Mega Theatre)

What role can food & farming play in a world where emissions & resources come into sharper focus?

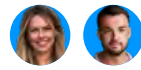

Host: Imogen Bhogal + Aurelie Walker, Urban Foresight; Dr Jonathan Scurlock, Renewable Energy and Climate Change & National Farmers' Union; Dave Borlace, Just Have a Think; Jarvis Smith, My Green Pod.

13.30-14.00 (Giga Theatre)

How can following the science, help us to accelerate the energy transition?

Host: Dave Borlace, Just Have a Think + Peter Armstrong, Mixergy; Helen Czerski, Fully Charged; Simon Price, Exawatt; Phil Steele, Octopus Energy.

13.45-14.15 (Mega Theatre)

FULLY CHARGED TEAM CHAT

The making of Fully Charged

Host: Imogen Bhogal & Jack Scarlett.

14.15-14.45 (Giga Theatre)

The Blue Machine & the North Sea

Host: Robert Llewellyn + Helen Czerski.

14.30-15.00 (Mega Theatre)

Ask the experts – How can we decarbonise our home energy through electrification like heat pumps, zero emission boilers, infrared & more?

Host: Imogen Bhogal + Lisa Cooke, MCS; Charlotte Hammett, Ripple Energy; Paul Honeyman, Vaillant UK; Stuart Turner, Daikin.

15.00-15.30 (Giga Theatre)

How and why efficient electric cars make everything better

Host: Jack Scarlett + Dr Euan McTurk, Plug Life Television; Nicolas Raimo, EV Nick; Elijah Santos, Exawatt; Chris Ramsey, EV Adventurer & Plug In Adventure.

15.15-15.45 (Mega Theatre)

Ask the experts: Home Heating – all options explored and explained

Host: Robert Llewellyn + Peter Armstrong, Mixergy; Ryan Kirkwood, Baxi; Simon Roberts, Heatio.

SUNDAY 26TH

10.30-11.00 (Giga Theatre)

ELECTRIC FIRESIDE CHAT

Turning cleantech thinking into clean tech action

Host: Robert Llewellyn + David Borlace, Just Have a Think.

10.45-11.15 (Mega Theatre)

Ask the experts – Buying a used EV

Host: Jack Scarlett + Nicolas Raimo, EV Nick; Cameron Brown, ClearWatt; Alvin Castillo, Octopus Electric Vehicles; Jonathan Porterfield, Used EV Consultant.

11.15-11.45 (Giga Theatre)

When it comes to energy what has the UK got right? And what should we learn from other countries?

Host: Helen Czerski + Ajai Ahluwalia, Renewable UK; Robert Llewellyn, Fully Charged; Yasmin Ali, Engineer & Author.

11.30-12.00 (Mega Theatre)

Micromobility and e-bikes really get the British out of their cars?

Host: Imogen Bhogal + Dr Ian Phillips, University of Leeds; Caz Conneller, Loud Mobility.

12.00-12.30 (Giga Theatre)

Turning a design concept into a reality

Host: Jack Scarlett + Max McMurdo, Outlandish Campers; Dr Anne Valenturf, University of Leeds; Julian Fletcher, Great Western Railways; Mark Potter, 3ti.

12.15-12.45 (Mega Theatre)

Futureproofing your home – renewable, rewired & resilient

Host: Dave Borlace, Just Have a Think + Ian Rippin, MCS; Anthony Piggott, Swarm; Charles Ainger, Lune Valley Community Land Trust; Katy Davies, Fully Charged.

12.45: 13.15 (Giga Theatre)

How can Grid x Home x Car come together for 2035?

Host: Robert Llewellyn + Josey Wardle, Innovate UK; Claire Miller, Mobility & Energy Advisor; Will Maden, Fuse; Jim Hunt, V2G.

13.00-13.30 (Mega Theatre)

Low Impact Living

Host: Imogen Bhogal + Caz Conneller, Loud Mobility; Max McMurdo, TV presenter & Outlandish Campers; Charles Ainger, Lune Valley Community Land Trust; Dr Anne Valenturf, University of Leeds.

13.30-14.00 (Giga Theatre)

Rightsizing: time to shrink our overweight vehicles?

Host: Jack Scarlett + Jillian Anable, University of Leeds; Quentin Willson, FairCharge; Paul Kirby, Electric Van Man.

13.45-14.15 (Mega Theatre)

No driveway, No problem

Host: Imogen Bhogal + Ben Macdonald, Nodum; Matthew Adams, REA; Tom O'Donovan, North Yorkshire Council.

14.15-14.45 (Giga Theatre)

How to persuade stubborn friends & family to go electric

Host: Robert Llewellyn + Caz Conneller, Loud Mobility; Charles Ainger, Lune Valley Community Land Trust; Will Ball, Tesla Jigsaw.

14.30-15.00 (Mega Theatre)

The state of play with the UK Heat Pump roll out. What's holding us back?

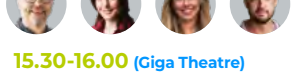

Host: Dave Borlace, Just Have a Think + Daniel Sæfjörð, Aira UK; Emma Bohan, IMS Heat Pumps; Phil Stabler, Daikin.

15.00-15.30 (Giga Theatre)

How do we make battery electric vehicles accessible for everyone?

Host: Imogen Bhogal + Matthew Adams, REA; Richard Mallender, Energy Saving Trust; Martin Revill, Urban Foresight.

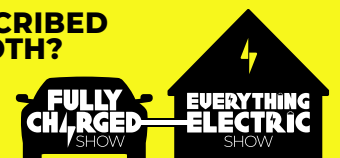

15.30-16.00 (Giga Theatre)

Fully Charged Team Quick Fire Q&A

Robert, Helen, Imogen + Jack.
