**Making
Eco
Energy
Easy**

As a global leader in the design and manufacture of eco-smart home energy technologies, myenergi's ambition is clear, to create a positive impact on the planet, push the boundaries of possibility and change the way we think about energy through pioneering green innovation.

myenergi.com

WELKOM, WILLKOMMEN & BIENVENUE!

At long last, 18 months after the first **Fully Charged LIVE Europe** launched in the aftermath of the COVID pandemic, we return to one of our favourite cities, in one of our favourite countries. Much has changed in that timeframe, most notably the percentage of new car sales in the Netherlands has more than doubled – from 16% to 34%. Add in the Netherlands world-famous commitment to micro-mobility and its approach to cleaner energy, and you can make a case that Amsterdam is evolving to become the European capital of cleaner technologies.

All around the world, progressive people are waking up to the opportunities afforded by making almost 'everything electric', and yet there are others that would like to frustrate these technologies. In recent months the impacts of 'air poisoning' and 'global boiling' have scarcely been so stark, and of course the Netherlands could be at the frontline of the climate crisis. So it's more important than ever that we make the case for technologies that help humanity to #StopBurningStuff, and with our YouTube channels (the **Fully Charged SHOW** and the **Everything Electric SHOW**) as well as our global exhibitions, we're working tirelessly to make a difference.

While 15 of our UK team is here in person, we would like to thank the wider team around the world, and specifically the team in the Netherlands (Maarten, Gertjan, Linda, Ilse & Koen) for their work in turning this exhibition into reality. Above all though there are many reasons why these events are so unique, chief amongst them is the man that started it all-- Robert Llewellyn. I can think of few people in the world (that don't own Twitter, or whatever it's called currently) that have had such a profound effect on the uptake of clean energy and electric vehicles.

We've always worked to build the **Fully Charged LIVE** shows in his image – inspiring, fun and educational - and that's why the central attraction at all of our events are the 'live sessions' within the Giga Theatre and the Mega Theatre. In addition to Robert, your hosts this year will be some of the biggest stars of the **Fully Charged SHOW** – Jack Scarlett, Imogen Bhogal and Elliot Richards. We would send even more of our presenting team, but as a channel about decarbonisation we are unable to justify flying all of our familiar faces from around the world. In fact, as with all of our overseas shows, we are in the process of building teams in each country, and supplementing our team with the leading experts from across Europe, many of whom you will see on stage over the 3 days of **Fully Charged LIVE Europe**.

Above and beyond the theatres, we also have several other firm **Fully Charged LIVE** favourites for your enjoyment.

- Giga Theatre
- Mega Theatre
- Watt Drive? Test Drive Programme
- Business Friday
- Commercial Vehicle Zone
- Home Energy Advice Team
- Zero Carbon Kitchen
- Electric Alley
- Electric Launchpad
- Two Wheel Test Track
- Kids Zone

But that's not all, **Fully Charged LIVE Europe** has 2 major attractions, never seen before at any of our exhibitions worldwide:

For the first-time, we are co-locating with the International Cargo Bike Festival which we believe is the perfect fit, and we would like to pay thanks to their team (not least Jos & Tom).

Furthermore, on the evening of Friday 24th November, the **Fully Charged AWARDS** will attract an avid audience of fans, finalists, speakers, sponsors and exhibitors to the RAI Auditorium.

We're also proud to say that we have 'almost every EV available' on display throughout the show, this includes EVs of all shapes and sizes from skateboards to commercial vehicles, it includes an incredible line-up of vehicles never seen before in Europe, not least on the Electric Launchpad attraction, and also on exhibitors stands. For the record, while we have an impressive selection of car companies, not least newer manufacturers from China, we remain rather bemused by the lack of representation from several established European carmakers. We believe it is important that you know that we did absolutely everything in our power to get those carmakers here, and for transparency we have listed the companies that declined to participate (on page 9), but thanks to Lease-e we have been able to gather together many of their vehicles in our Electric Alley attraction.

It's our experience from all of our different shows around the world, that when an absentee sees the quantity and quality of our audience, they quickly realise their mistake, and usually rectify that in the future. So for those forward-thinking organisations that have supported us, we recommend showering them with your love. Furthermore, we would like to offer our formal and sincere thanks to our sponsors – not least our headline sponsors **myenergi**, who can be found on stand 250.

We are delighted to say that **Fully Charged LIVE Europe** will return to the Netherlands in 2024, under the new, broader brand **'Everything Electric EUROPE'** so we can better attract even more participants.

Until then, tot ziens!

Dan Caesar | CEO | Fully Charged

Amsterdam Presenting team: Robert Llewellyn, Jack Scarlett, Imogen Bhogal, Elliot Richards & Dan Caesar.

FRIDAY 24TH

10:30-11:00 (Giga Theatre)
ELECTRIC FIRESIDE CHAT
How can the Netherlands emulate & maybe even better Norway?
Host: Robert Llewellyn + Christina Bu, Norwegian EV Association.

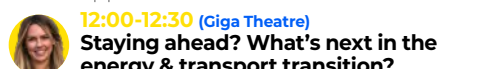

10:45-11:15 (Mega Theatre)
Ask the experts – EV Myth busting
Host: Jack Scarlett + Marina van Helvoort, VER; Roland Ferwerda, NKL; Drew Meehan, TomTom; Derek Reilly, Nevoie and Founder of the Nevo EV Review Ireland YouTube Channel.

11:15-11:45 (Giga Theatre)
Is Europe & the EU in danger of being left behind?
Host: Robert Llewellyn + Julia Poliscanova, Transport & Environment; Philippe Vangeel, European Association for Electromobility; Mark Schreurs, MisterGreen Electric Lease; Naima Kassem, Windkrach.

11:30-12:00 (Mega Theatre)
Ask the experts – Commercial vans, trucks & plant machinery explained
Host: Elliot Richards + Dirk van den Blink, HCNP Knowledge Centre; Ruud van Sloten, EVConsult; Mats Bredborg, Volvo Construction Equipment.

12:00-12:30 (Giga Theatre)
Staying ahead? What's next in the energy & transport transition?
Host: Imogen Bhogal + Robin Berg, WeDriveSolar; Meliksah Topaloglu, Nidec; Willem van Dorp, Uniresearch; Nico Spoelstra, Tap Electric.

12:15-12:45 (Mega Theatre)
Should Electric Vehicle charging at work and destinations be standard practice? And how do we make it happen?
Host: Dan Caesar + Robert van Gent, VER; Adam Chilab, Switch EV; Marisca Zweistra, ElaadNL; Joris Laponder, Zaptec.

12:45-13:15 (Giga Theatre)
Low impact living trailblazers
Host: Imogen Bhogal + Jordan Brompton, Myenergi; Henry Firth, BOSH; Ian Theasby, BOSH; Robert Llewellyn, Fully Charged.

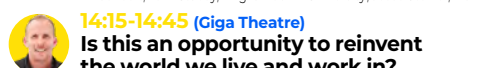

13:00-13:30 (Mega Theatre)
Where are the best opportunities to decarbonise businesses?
Host: Elliot Richards + Tara van de Lagemaat, Skoon Energy; Romain Denayer, European Association for Electromobility; Clara Hoekman, Vattenfall.

13:30-14:00 (Giga Theatre)
Bringing Batteries up to speed! What does the new wave of chemistries offer?
Host: Jack Scarlett + Jeroen Horlings, Journalist; Matt Stockl, Benchmark; Claire Spooner, UK Research and Innovation.

13:45-14:15 (Mega Theatre)
All you need to know about managing an electric fleet
Host: Elliot Richards + Daniel Brown, Chargepoint; Michiel Aldenkamp, EVConsult; Tom Stacey, Anglia Ruskin University; Jesse Stuiver, ROAD.

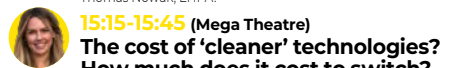

14:15-14:45 (Giga Theatre)
Is this an opportunity to reinvent the world we live and work in?
Host: Dan Caesar + Michael Harlaar, Influencer; Alessia Mevoli, Anglia Ruskin University; Roger Atkins, EV Outlook; Jeroen Jonker, Greener Power Solutions.

14:30-15:00 (Mega Theatre)
What can bikes do that cars can't? And how do we encourage that switch?
Host: Imogen Bhogal + Niels Willems, Brekr; Emma Stubbe, Dutch Cycling Embassy; Henk Swarttouw, European Cyclists' Federation.

15:00-15:30 (Giga Theatre)
'Natural' gas and other greenwashing to be wary of
Host: Dan Caesar + Ellen Hiep, VER; Jeroen Horlings, Journalist; Thomas Nowak, EHPA.

15:15-15:45 (Mega Theatre)
The cost of 'cleaner' technologies? How much does it cost to switch?
Host: Imogen Bhogal + Jossy Jose, Fluence; Sarah Merrick, Ripple Energy; David White, Mixergy.

15:45-16:15 (Giga Theatre)
Future of deliveries, from freight to the final mile
Host: Jack Scarlett + Jeroen Beumer, Cargo Cycling; Hielke Ytisma, iMoto; Natalia Tomiyama, NUWIEL GmbH; Dan Gregson, Electroheads & Electroheads Studios.

SATURDAY 25TH

10:30-11:00 (Giga Theatre)
ELECTRIC FIRESIDE CHAT
Is the automotive industry doing anywhere near enough to accelerate all-electric vehicles?
Host: Robert Llewellyn + Julia Poliscanova, Transport & Environment.

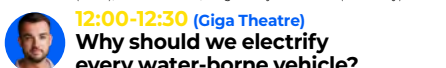

10:45-11:15 (Mega Theatre)
Ask the experts – Choosing your first electric vehicle
Host: Jack Scarlett + Arne Brethouwer, EV-Database; Alexander Boon, Mobility Service; Esther Kokkelmans, EV influencer; Marc Bras, Zeekr Europe.

11:15-11:45 (Giga Theatre)
When it comes to energy & transport, what will the world look like in 2035?
Host: Imogen Bhogal + Gertjan Geurts, City of Utrecht; Caro de Brouwer, Fastned; Jonas Nyvang, STILLRIDE.

11:30-12:00 (Mega Theatre)
What can different countries teach us about the growth of cargo bikes
Host: Elliot Richards + Karina Agahanova, CargoCult (Ukraine); Valerie Labi, Wahu (Chana); Amartya Raj, RevolGo E-Bikes Pvt Ltd (India); Martin Seibler, cargobike.jetzt GmbH (Germany).

12:00-12:30 (Giga Theatre)
Why should we electrify every water-borne vehicle?
Host: Jack Scarlett + Marcel Schaap, De Stille Boot; Niek Prast, Coalitie Duurzaam Varen; Nathan Baker, Seabird Technologies.

12:15-12:45 (Mega Theatre)
Ask the experts – Home charging made simple!
Host: Dan Caesar + Despina Chatzykiakou, Zeekr Europe; Alexander Boon, Mobility Service; Robert van Gent, VER; Yvonne Yang, NexBlue.

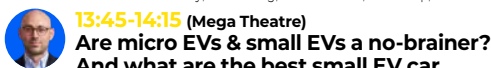

12:45-13:15 (Giga Theatre)
How can following the science, help us to accelerate the energy transition?
Host: Robert Llewellyn + Auke Hoekstra, Eindhoven University; Charles Haworth, CWP Global – Hydrogen; Thomas Nowak, EHPA.

13:00-13:30 (Mega Theatre)
How can low carbon food have a higher impact?
Host: Imogen Bhogal + Henry Firth, BOSH; Ian Theasby, BOSH; Lieske van der Waals, Week Without Meat Campaign.

13:30-14:00 (Giga Theatre)
Vehicle to Everything? What's the true potential?
Host: Dan Caesar + Christiaan Pielkenrood, Hyundai; Auke Hoekstra, Eindhoven University; Robin Berg, WeDriveSolar; Ellen Hiep, VER.

13:45-14:15 (Mega Theatre)
Are micro EVs & small EVs a no-brainer? And what are the best small EV car options available?
Host: Elliot Richards + Robert Hoeffers, Squad Mobility; Roger Atkins, EV Outlook; Giel Franken, Carver Europe; Joeri van Dam, Electric Car (EV) Journalist.

14:15-14:45 (Giga Theatre)
How do we fit the European Vehicle-to-Grid puzzle together?
Host: Robert Llewellyn + Ellen Hiep, VER; Christian Peter, ElectroMobilityClub Austria (EMC); Gautham Ram, Delft University of Technology; Edwin Bestebeurte, FIER Sustainable Mobility.

14:30-15:00 (Mega Theatre)
Ask the experts – How can we decarbonise our home energy through electrification like heat pumps?
Host: Dan Caesar + Jeff Aherne, EVHACS; Wouter Thijssen, Kensa Utilities; Thomas Nowak, EHPA.

15:00-15:30 (Giga Theatre)
How can we roll out an electric vehicle revolution 'just in time'?
Host: Imogen Bhogal + Roger Atkins, EV Outlook; Alex Puksó, EV Renting; Evan Hartley, Benchmark Mineral Intelligence; Robert Monteban, RM Marketing Management Consultancy.

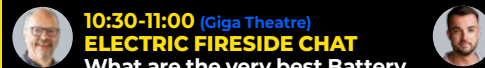

15:15-15:45 (Mega Theatre)
Can Electric Vehicle Misinformation really stall the EV revolution?
Host: Robert Llewellyn + Dan Caesar, Fully Charged; Ellen Hiep, VER; James Post, expert battery design consultant; Colin Walker, Energy & Climate Intelligence Unit.

15:45-16:15 (Giga Theatre)
Which car companies could end up in an electric graveyard?
Host: Jack Scarlett + Elliot Richards, Fully Charged; Joeri van Dam, Electric Car (EV) Journalist; Vincent Everert, Trendwatcher.

SUNDAY 26TH

10:30-11:00 (Giga Theatre)
ELECTRIC FIRESIDE CHAT
What are the very best Battery Electric Vehicles so far?
Host: Robert Llewellyn + Jack Scarlett + Elliot Richards.

11:15-11:45 (Giga Theatre)
Ask the experts – Buying a used EV
Host: Elliot Richards + Sjors ten Tije, VER; Joeri van Dam, Electric Car (EV) Journalist; Jack Scarlett, Fully Charged.

11:30-12:00 (Mega Theatre)
Futureproofing your home – rewired, reliable & resilient
Host: Imogen Bhogal + Lee Crossley, San Digital; Matthijs Bourdrez, Schoonschip; Peter Cox, Myenergi.

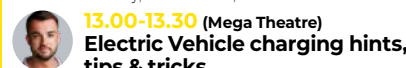

12:00-12:30 (Giga Theatre)
Learnings – positive & negative – from Europe's most radical energy market
Host: Robert Llewellyn + Charles Wood, Energy UK; Roger Atkins, EV Outlook; Sarah Merrick, Ripple Energy.

12:15-12:45 (Mega Theatre)
Electric Car Conversions – big business opportunity or custom market only?
Host: Imogen Bhogal + Peter Rotenberger, Classic eCars; Sjors ten Tije, VER; Anne Kloppenburg, New Electric.
