# Case Study:

## Internorm Windows UK Ltd

Our clients come back year after year.  
See what keeps them returning.

### **Why do you exhibit at the *Homebuilding & Renovating Show*?**

Internorm UK attends a lot of events, but the most successful for us are the HBR Shows. They always bring the quantity but, most importantly, the quality of visitors. They are always well organised and publicised, look like a quality event and the booking process for services is the easiest out of all events, something which is important when attending a lot of events.

### **What do you think about the audience you see, or have seen at the HBR Show?**

Good cross-section of visitors, who are either at the research stage or come to the event with plans.

### **What does the HBR Show give you that other shows don't?**

Size of event, quality of visitors, great organising team.

### **What does the HBR Show give you that your other marketing spend doesn't?**

Face-to-face interaction with end customers and direct feedback. As our customers are our partners, not the end customer, it is important to have direct contact with end customers at shows.
