WE ARE PEAK DESIGN

We design products.

Our bags and carry solutions help creatives, commuters, and adventurers keep their gear accessible, organized, and protected.

OUR MISSION

- 1 Make the best things.
- 2 Succeed at the expense of nobody.
- 3 Treat our customers as peers.
- 4 Offset our environmental impact
- 5 Use our voice to inspire positive change.
- 6 Prioritize happiness over growth.

CROWDFUNDING

Through crowdfunding our customers are able to participate more intimately in our design process, all while we are kept free of risk-averse outside investment. Crowdfunding is baked into the Peak Design DNA, encouraging us to take risks, prioritize innovation, speak honestly, and shun tradition.

We launch our products on Kickstarter, and it makes for better products.

SUSTAINABILITY

Peak Design prioritizes people and planet over profit, and we hold ourselves accountable to that objective in every decision we make.

We are entirely carbon neutral (Scopes 1, 2, and 3) and are founding members of Climate Neutral.

We give 1% of our revenue to environmental nonprofits through our 1% For The Planet membership.

We meet the highest standards for verified social and environmental performance, transparency, and accountability with our designation as a Certified B Corporation.

EVERYDAY BAGS

Unmatched access, organization,
expansion, and protection.
Award-winning carry for everyday
gear and photo gear alike.
