 **CONECARTS®**

Plaber is an Italian manufacturer of advanced protective hard cases branded HPRC®| High Performance Resin Cases present on the market for more than 15 years. The expertise gained, the deep will as well as the strong ambition to become the reference point for **any need of safe transport**, lead us to always look for cutting-edge solutions, without ever giving up on impeccable design. We create the most flexible transport solutions on the market to fully satisfy **any customization request** from our customers.

The range of HPRC® cases is now joined by ConeCarts®, High Performance Multipurpose Carts, designed and produced entirely in Italy and guaranteed for 10 years. Not just carts. Handling, protection and storage solutions, with an elegant and distinctive design in which attention to detail, functionality and maximum reliability are essential.
