UK Based Company

Lencarta is a UK based company, situated in Bradford. We aim to provide high quality photography and videography equipment throughout the UK. All of our products are shipped and stored in our UK based warehouse.

Marketing Support

We offer support on the marketing of all of our products through our own networks across social sites, as well as on our website to aid and support those who stock our products in sales and promotion

Photography Lighting and Accessories

Providing a wide range of high quality, photography lighting products and accessories, including Flash Units, Softboxes, Continuous Lighting solutions and Gimbals

Technical Support

With our UK based repair shop, we offer technical support to all of our suppliers and customers! This comes in the form of advice, as well as repairs.

Next Day Delivery

We aim to provide a high quality service to our customers in all aspects, including postage and delivery. We offer next day delivery to mainland UK on orders placed before 3pm!

UK Based Repair Centre

Lencarta is home to a UK based repair centre, designed to make equipment repairs an easy, quick and inexpensive experience! Our skilled technicians have experience repairing products from all brands in our range, including Godox and Feiyutech.
