

SEL50F12GM

G Master standard prime lens

Key benefits:

Image-wide sharpness from F1.2

Resolution and contrast are outstanding throughout the aperture range, right up to F1.2.

Compact Mobility

The FE 50mm F1.2 GM is only 87 x 108 mm and weighs just 778 grams.

Smooth, Refined G Master Bokeh

Three XA (extreme aspherical) elements with 0.01-micron surface precision, plus spherical aberration control contribute to gorgeous G Master bokeh that can really make portrait and other subjects stand out.

Nano AR Coating II

Sony's Nano AR Coating II helps to achieve clear, well-defined images even in strong sunlight and backlighting.

Natural, Linear Manual Focus Response

Linear Response MF ensures that the focus ring responds directly and linearly to subtle control when focusing manually so control feels immediate and precise.

Dust and Moisture Resistant Design

A dust and moisture resistant design provides the reliability needed for outdoor use in challenging conditions.

Key features and technologies:

FE 50mm-F1.2GM 778g

11-Blade DUST & MOISTURE RESISTANT BOKEH

Ticket suggestion:

SEL50F12GM SONY
