DEEP SEA DIVER PHOTOGRAPHY HOLIDAY

Fancy joining us on Cornwall's most amazing beaches and harbours to create some unique concepts with our one-of-a-kind Deep Sea Diver suit?

The concept for this photography weekend and workshop has been years in the making. When we moved to Cornwall a few years back we visited Charlestown Museum and saw the most amazing deep sea diving suit on display, which inspired me to see if we could create our own. It's taken a little while to piece it all together and it hasn't come cheap, but our authentic deep sea diving suit has been bought together from numerous sources around the world and is now complete. We'd love you to join us on this trip to capture some amazing photographs around Cornwall.

This is an authentic deep sea diving suit, it's super heavy, the boots weigh 25KG+ alone and we've paired it with an amazing helmet, diving weights, divers torch, knife and oxygen tubes to make it all as authentic as possible. Paul will happily bound (well maybe a slow walk) around Cornwall in the suit for you and help you capture some stunning images you simply won't be able to take anywhere else. Want to wear the suit yourself for some epic self-portraits? You are most welcome to!

PHOTOGRAPHY TUITION

Paul has spent years of his life photographing creative concepts and will share this knowledge with you covering multiple subjects including:

- The Best Camera Settings To Use In Any Given Situation & Why
- Composition Techniques
- Location Hunting/Chasing The Light
- Off Camera Lighting Using Flash & HSS
- Storytelling & Building Creative Concepts
- Photoshop / Lightroom & Post Processing
