

PinchBook™ Photo Books

No Equipment Required!

Add or swap pages any time with unique, expandable binding.

No equipment is required to make beautiful, professional hard cover photo books! PinchBooks™ are reusable, expandable, and use no harmful and messy glues to hold the pages together.

Simply pull back the cover and the spring-clamp opens up, insert the pages, and it snaps back together. If the operator makes a mistake, they can simply reopen and adjust the pages so there are never any wasted books or ruined prints!

PinchBooks™ allows your print shop to offer photo books on the spot, for no up front equipment cost and won't take up precious space in your operation.

Easy to Make!
Simply insert the pages
