

High Performance NAS Solutions

► **Multiple Form Factors Available.**

- **Fully Customisable.** Every component in our servers can be altered to ensure the product you get is optimised for your needs.
- **Upgradable** with no constraints to use same-ecosystem hardware. Upgrade according to your needs.
- **Advanced Security** with cutting edge data protection technology. Solutions will come with encryption and customised levels of protection pre-configured.
- **Transparency** means you always know what internal hardware you are using.
- **Great Price, No Sacrifice on Quality.** Sytronix strives to provide it's customers with equipment that will give unbeatable performance for a competitive price.
- **Tax Advantages.** Computer equipment is eligible for super-deduction allowance so companies can claim back 130% the cost of our products until 31 March 2023.

Custom Made Products, Bespoke to Your Needs

**Frustrated by IT Purchases?
Wait! SYTRONIX Can Help!**

- ▶ *Not sure how to convert business needs into IT purchases?*
