Photo tracer

Take a digital photo of your item, and make a perfect custom shape for it with MyCaseBuilder's Photo Tracer utility. Just look for the Photo Tracer button at the top of the design application.

Upload, trace and scale
There are three simple steps to turning your photo into an accurate shape in your MyCaseBuilder design: UPLOAD, TRACE, and SCALE.

Your own custom sized foam

If you can't find your case template or don't need a case at all, here's where to start designing your Custom-Sized Foam.

All sizes
Enter your custom-sized foam dimensions in the calculator to display the costs.

Tray Builder
Do you need multiple trays or layers in your case? Our brand new feature Tray Builder is now live for you to try!

FailSafe design protection

Because we recognize that sometimes design shortfalls may be realized only after you receive your finished foam, we are pleased to offer our FailSafe Design Protection option.

FailSafe entitles you to one revision and re-fabrication of your original custom foam design within 30 days of the receipt of your original foam.

Starting at just € 7.99, select during checkout.

A new case with custom foam

If you want a complete case, here's where to start designing your custom case.

MAX® waterproof durable cases
Choose the MAX® case that fits your needs and start designing. As soon as your foam is produced we'll complete your case with your custom designed foam.

Ready made design templates
Create Custom Foam for a new case, by using ready-made design templates.

Shipping

MyCaseBuilder Europe orders ship from Zoetermeer, Netherlands. We use DHL for shipments.

Shipping rates
We offer you the lowest rates possible because of the high volumes we ship with the parcel sevices. During checkout, you can see the exact shipping costs to your location.
