

TESTIMONIALS

"I had an accident in my kitchen and burnt my hands quite badly. I applied the serum several times a day, very sparingly, and **the results have been nothing short of miraculous**. Within a few days, the skin had really started to fuse and heal and, within about ten days, my burns could hardly be seen. The GF⁵ Next Generation serum is amazing."

- Linda Swinburne

Day 1

Day 7

"I've been using GF⁵ for around 8 weeks and I've noticed a huge difference in my skin. I didn't want to go out because my skin was so bad, to a point where I wanted to hide. But now my skin is lovely. I've had so many compliments and I feel much more confident. **It's actually life changing** because I feel so much better in myself."

- Courtney Craven

"I'm writing this review as an Aesthetic Doctor and clinic owner. I started using GF⁵ for my under eye area, to treat dark circles and poor skin quality. Within 10 days **my dark circles improved by 70%**. It was noticeable enough for my colleagues to ask if I'd had a tear trough treatment done! My usual puffiness also significantly decreased and skin tone has significantly improved.

This is the only product I currently use, and all I do is apply a single pump in the morning."

- Dr Cemal (GP & Cosmetic Doctor)

GF⁵ NEXT GENERATION

After the unparalleled success of GF⁵ serum, CellDerma has launched its successor, GF⁵ Next Generation.

This advanced formula features CellDerma's original Growth Factor Complex with 5 bio-identical growth factors, effectively addressing all key signs of ageing. Neuropeptides offer further wrinkle reduction. With collagen-boosting, antioxidant, and anti-inflammatory properties, GF⁵ reduces redness, irritation, and sensitivity. Copper Tripeptide-1 and an ultra-hydrating ceramide complex further enhance skin barrier repair.

TARGETS

- Wound healing
- Red & irritated skin
- Skin laxity
- Poor skin texture
- Fine lines and wrinkles
- Premature ageing
- Crepey skin
- Scarring
- Blemishes and spots
- Burns
- Stretch marks

FEATURE CHECKLIST

 Brightening	1	2	3	4	5
 Calming	1	2	3	4	5
 Hydrating	1	2	3	4	5
 Protective	1	2	3	4	5
 Regenerative	1	2	3	4	5

PROTOCOL

Suitable for all skin types and ages. Apply 1-2 pumps to clean dry skin, including eyelids, twice daily.

Suitable for pre and post-care treatment for skin procedures such as RF-microneedling, LASER, gas-plasma and surgery (e.g. blepharoplasty). Minimum 3-14 days pre-procedure and 7-28 days post-procedure.

SCIENCE

NEW for GF⁵ Next Generation

KEY ACTIVE INGREDIENTS

5 Powerful Growth Factors boost collagen & elastin, improve circulation & promote barrier repair

NEW **Palmitoyl Tripeptide-8** reduces skin redness, irritation & sensitivity

NEW **Copper Tripeptide-1** enhances the skin barrier/wound healing

Neuropeptides are a clinically proven wrinkle-reducing peptide

NEW **Ceramide Complex** significantly boosts hydration

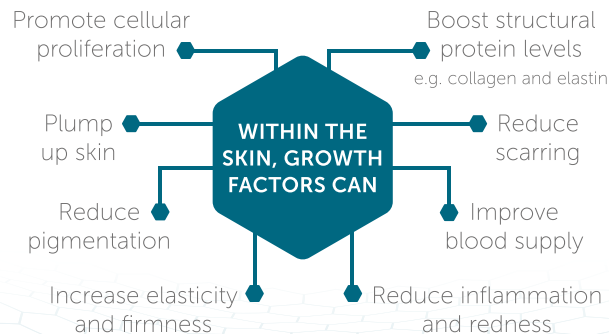

Calcium Alpha-Hydroxymethionine & Homotaurine strengthen fragile & thin skin

GF⁵ Next Generation can reduce **redness, irritation & skin sensitivity** within 60 seconds of application.

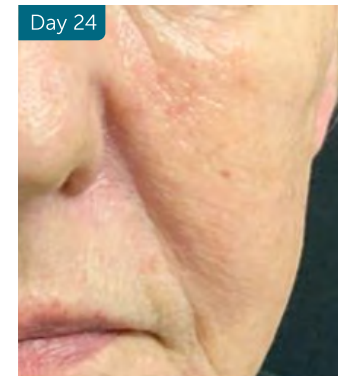

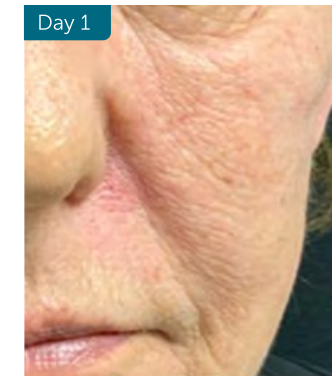

WHAT ARE GROWTH FACTORS?

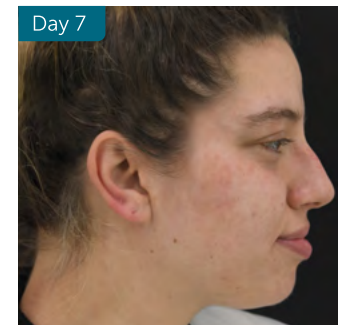

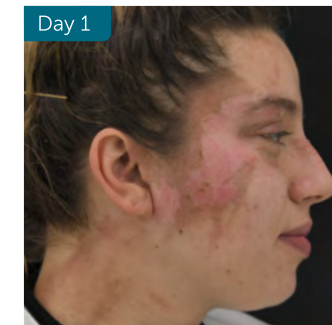

Growth Factors trigger responses and processes **within the body**. They are naturally occurring and play a key role in our body's ability to regenerate.

BEFORE & AFTERS

Significant improvement in skin quality with use of only GF⁵

GF⁵ Next Generation used twice daily after a 2nd degree burn

RESULTS

- Promotes **repair & regeneration** after treatments such as dermal fillers, RF-microneedling & LASER
- Reduces **pain** during procedures
- Reduces **recovery time** post-procedure
- Reduces **complication rate** post-procedure
- Improves **elasticity** by up to 47% in 4 weeks*
- Reduces eye **wrinkles** by up to 46% in 4 weeks*
- Significantly accelerates **wound healing**
- Skin appears **smoother** and **firmer**
- Long-lasting **hydration** with Ceramide Complex
- **Enhances the results** from collagen-stimulating treatments

* Clinical study carried out on 12 females aged 43-50 in a 4 week period with CellDerma Growth Factor Complex.
