

PFY

Photo Film for You!

About us!

The Pilotfly GmbH was founded in 2015 from Mr. Marcus Oswald (General Manager).

The Pilotfly GmbH (now under the new Trademark „PFY“) is worldwide well known for high quality and innovative products for the Photo/Video Industry. – *Developed in Germany.*

We develop gimbals and expand our product range continuously with new accessories for the photo/video area.

Due to the very good cost-effectivity of our products we can provide our products not only to professionals and producers but also to Hobby Filmer. Our patented Gimbal Design which provides an unobstructed view to the camera display is worldwide well known followed by our new compact 2.4GHz Wireless Follow Focus System and other products which will be introduced to you on the following pages.

Our goal is to develop outstanding and innovative products in the Photo/Video area which is affordable for everybody.

PFY – We bring images to fly!

MAVERICK

Professional Kit

- Essential Kit
 - + Universal Wooden Handgrip
 - + 2.4GHz Wireless Follow Focus System

A gimbal with a wooden hand grip and a watch mounted on it. The gimbal is black and has the word "MAVERICK" printed on it. The watch has a wooden face and a black strap. The background is dark and out of focus.

MAVERICK

Universal Wooden Hand Grip

- Ergonomic and durable Aluminum CNC Design
- Exclusive Design with wooden Handle
- 13 x 3/8" Mounting Threads
- 22 x 1/4" Fixation Threads
- 1 x Hot Shoe Mount for ext. Display

Universal Wooden Hand Grip

Universal means universal!

Our wooden hand grip fits to most of the gimbal systems with a diameter of 48-53mm.

Very versatile and comfortable to use.

MAVERICK

Mounting Bracket RS

- Mount your Camera with Flip-Screen on the Maverick Gimbal.
- Ideal for Black Magic Pocket 4K
- Incl. Memory Lock Function
- Quick Release System
- 4 – Way adjustment to mount bigger bodies on gimbal.
- No Software change required on Maverick!*

*starting with Firmware 2.69b3

MAVERICK

Mounting Bracket RS

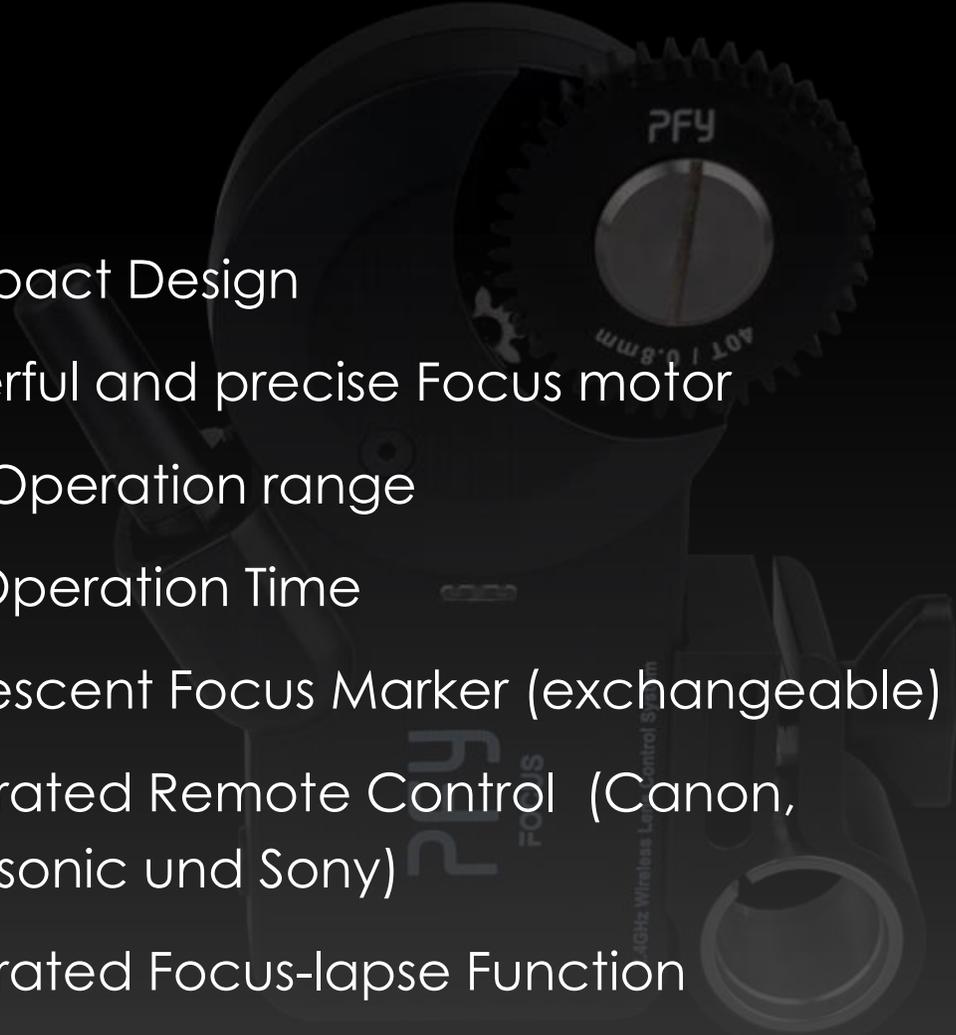

- Manfrotto compatible
- The baseplate attaches to the base of your camera and provides a 15mm rod attachment so that you can attach the PFY Focus Motor to your setup with a small 15mm rod. The spacing of the rod attachment is designed to allow you to comfortably rest the motor against the focus gear of lenses that have up to a 105mm front diameter.
- Easier and faster to balance your setup to a gimbal system.

FOCUS

2.4GHz Wireless Follow Focus

- Compact Design
 - Powerful and precise Focus motor
 - 50m Operation range
 - 10h Operation Time
 - Fluorescent Focus Marker (exchangeable)
 - Integrated Remote Control (Canon, Panasonic und Sony)
 - Integrated Focus-lapse Function
 - Jog-Dial with HotKey (programmable)
- 

FOCUS

- ★★★★★ vor 4 Monaten ⓘ
Alles bestens, gerne wieder
Verifizierte Bewertung | 🗨
- ★★★★★ Bari B. aus Berlin vor 5 Monaten ⓘ
Sehr tolles Produkt habe innerhalb 20-30 Metre keine Verzögerung der Liveübertragung bemerkt.
Ich benutze es mit dem Ipad und habe eine gute Auflösung.
