Orangemonkie is a team of creative professionals from diverse backgrounds split between two offices in California and South Korea. We strive to provide useful, high-quality products made with simplicity in mind.

Orangemonkie began in 2014 with the launch of the Foldio, our first foldable lightbox studio. Since then, we have raised over $3.5 million in crowdfunding from more than 21,000 dedicated backers on Kickstarter and Indiegogo.

We are forever thankful for our followers and supporters.
