Orangemonkie is a team of creative professionals from diverse backgrounds split between two offices in California and South Korea. We strive to provide useful, high-quality products made with simplicity in mind.

Orangemonkie began in 2014 with the launch of the Foldio, our first foldable lightbox studio. Since then, we have raised over $3.5 million in crowdfunding from more than 21,000 dedicated backers on Kickstarter and Indiegogo.

We are forever thankful for our followers and supporters.

Foldio1   **Foldio2 Plus**   **Foldio3**

Foldio1 is the first magnetic foldable all-in-one studio which we introduced to the world in 2014. Even today, it is still appreciated by many as the perfect starter kit for product photography. It's USB powered lighting and handy size makes it easy to use and portable anywhere you go.

Foldio2 Plus is an upgraded version from the previous Foldio2, which we launched in 2015. This studio has strong lighting capacity and also a magnetic top cover to enable taking flat-lay product shots. The versatility and uniqueness of the Foldio2 Plus makes it a popular choice among creators who take photos of smaller objects such as jewelry, accessories and miniatures.

Foldio3 is the most recent Foldio series from Orangemonkie. The size of the Foldio3 enables photographs of bigger products such as shoes, bags and plates. Despite the large size of the Foldio3, it is still easy to store and carry thanks to it's foldable structure. In 2020, the Foldio3 was rewarded the prestigious Red Dot award for product design.

Foldio1	**Foldio2 Plus**	**Foldio3**
Mini, but powerful.	Shoot with less reflections.	The biggest and brightest.

Simple Backdrop Setup

We've designed a simple way to install the backdrop. Just attach the backdrop to the bottom part of the Foldio3 and unroll it upwards!
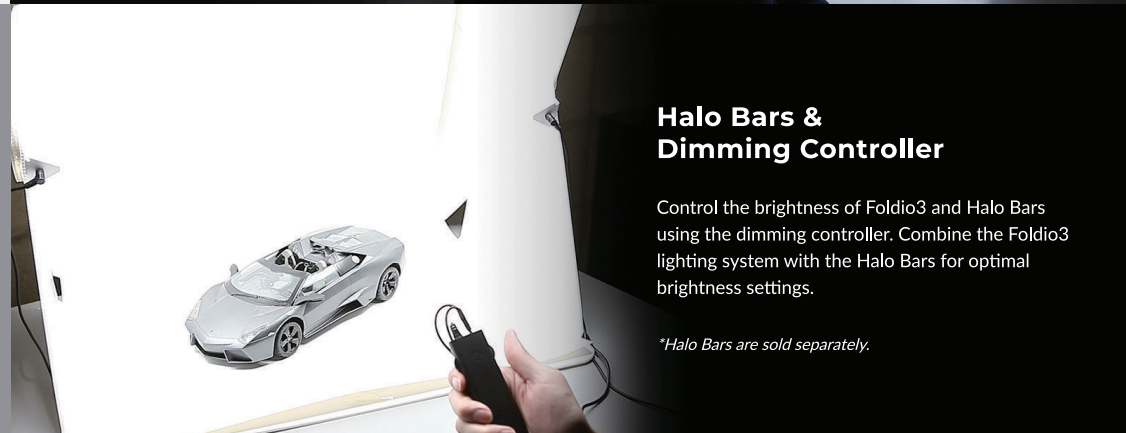

Triple-LED System

The high-performance Triple-LED lighting system decreases shadow resulting in maximum light quality for product photography.

Material	White Plastic Sheet
Size	Opened: 625mm x 640mm x 550mm (25" x 25" x 22")
	Folded: 625mm x 390mm x 65mm (25" x 15" x 2.6")
Backdrop	White / Black
Device	Smartphone / Tablet PC / DSLR & Compact Camera
LED	Triple LED Strips (0.6W / 96 Chips), Daylight 5700K, White Diffuser Cover Installed Brightness Control with the Dimmer
Adapter Kit	Input: 100-240Vac 50/60Hz Output: 19V / 60W

Halo Bars & Dimming Controller

Control the brightness of Foldio3 and Halo Bars using the dimming controller. Combine the Foldio3 lighting system with the Halo Bars for optimal brightness settings.

Halo Bars are sold separately.

The Smart Turntable
Foldio360

Foldio360 (SKU #M1000R)
**MSRP £139**

25cm

Automatic Shooting System

Foldio360 Turntable uses Bluetooth and IR sensors to connect directly with the smartphone or DSLR camera. Once you click the start button from the Foldio360 application, the turntable will automatically rotate to take photos, and then combine the photos into one 360˚ photo.

Halo Edge Light System

Halo Edge lighting system enhances the quality of your 360˚photos by eliminating the border between the device and the backdrop.

Material	White Plastic
Size	250mm x 250mm x 45mm (10" x 10" x 1.7")
Max. Load	Up to 11 lbs (5 kg)
Device	Smartphone / DSLR Camera
Supported Communication	Bluetooth 4.0 or higher & BLE required
	IR remote control for DSLR
Adapter Kit	Input: AC 100-240V, 50/60Hz, 0.35A MAX
	Output: DC 12V / 1.2A
Application & Platform	Foldio360 App (iOS / Android)
	Spinzam: www.spinzam.com

iOS / Android
Foldio360 Application

All functions of the Foldio360 products are controlled by the Foldio360 application. Control rotation and shooting options with the app. You can also edit, upload and share your 360˚ images via the app.
Maximum 360° Product Photography

Foldio360 Extension Plate

**Foldio360 Extension Plate** (SKU #M1200R)
MSRP £95

49cm

Noteable Complement to the Foldio3 & Foldio360

Foldio360 Extension Plate is a perfect companion to Foldio3 and Foldio360. Combined with the Halo Bar Set, the studio becomes a complete tool for product photography.
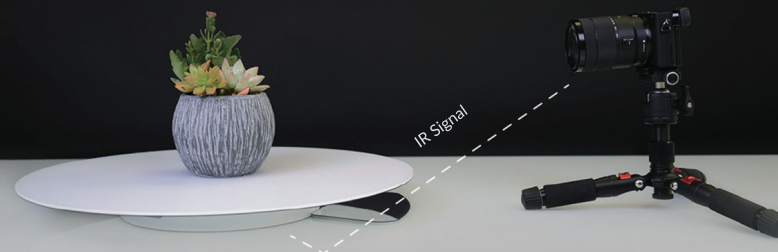

Capture Bigger Objects

Foldio360 Extension Plate quadruples the surface area of the Foldio360 turntable, giving more possibilities than ever for product photography needs.

4 times bigger

Material	White Plastic Sheet
Components	Extension Plate / Extension Backdrop / Reflector
Size	Ext. Plate: 490mm x 490mm x 8mm (19.2" x 19.2" x 0.3")
