

Insta360 Ace Pro 2

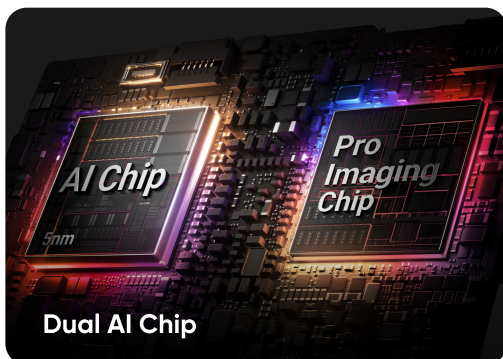

CO-ENGINEERED WITH 

8K AI-Powered Action Cam

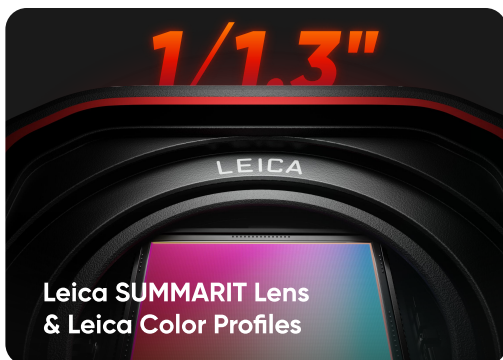

Product Introduction

Insta360 Ace Pro 2 is a powerful wide-angle action camera. An innovative dual AI chip and next-generation 1/1.3" 8K sensor deliver unparalleled image quality, day and night. With a 2.5" flip touchscreen, rugged design, crystal-clear audio, intuitive shooting features and streamlined AI editing, it's designed to capture action smarter and easier.

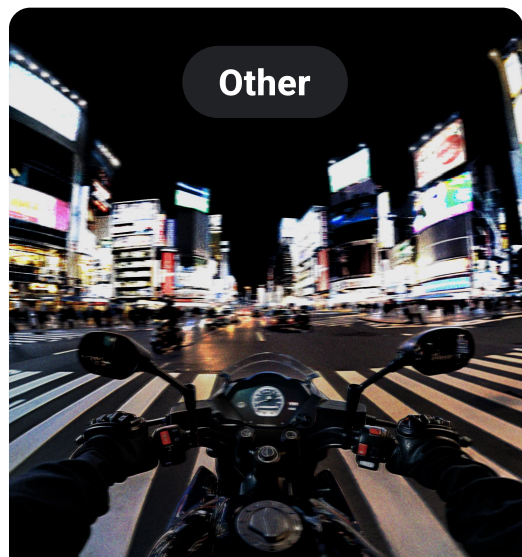

Dual AI Chip

Leica SUMMARIT Lens & Leica Color Profiles

New Wind Guard for Clearer Audio

Ace Pro 2

PureVideo

Superior Image Quality

Co-engineered with optic experts Leica, the dual AI chip and next-gen 1/1.3" sensor capture breathtaking 8K30fps videos, 4K120fps slow-mo and 50MP photos, plus specialized 4K60fps Active HDR video for daylight and PureVideo for low light.

Ready for Action

Waterproof to 39ft (12m), an all-new Wind Guard for clearer audio, a fast-charging battery, and a removable Lens Guard make Ace Pro 2 an action specialist. Super smooth FlowState Stabilization and a 157° wide-angle lens make POV shots more immersive than ever.

Smarter, Easier Capture

Embrace smarter shooting with seamless magnetic mounting, gesture and voice control, pause and cancel recording, up to 120s pre-recording, timecode, and more helpful features.

2.5" Flip Touchscreen

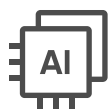

Perfect for vlogging, selfies, or hard-to-capture angles, the flip touchscreen ensures perfect framing no matter what. Bigger and clearer, you'll see it even in bright sunlight.

Effortless AI Editing

Instantly share your best moments with AI-generated highlights and automatic montages in the Memories section of the Insta360 app. Plus, get auto-edited clips sent straight to your phone for ready-made reels.
