Women Sharing Excellence (WSE)

- Active WSE Employee Group

HALLIBURTON Footprint in Namibia

Strategically located in Windhoek, Swakopmund, Walvis Bay and Luderitz to provide best-in-class services to Namibia's emerging upstream energy industry

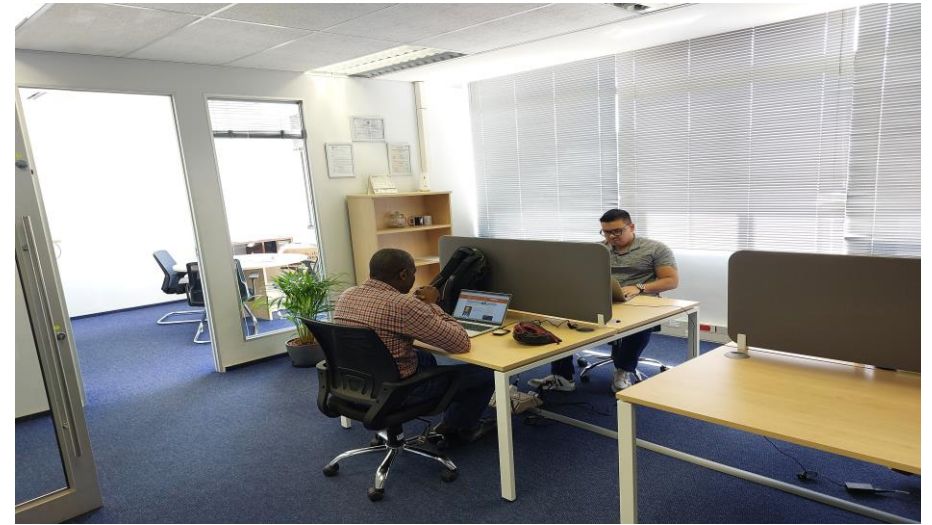

HALLIBURTON Windhoek

In Country Capacity Building

Windhoek Office: Corporate offices with state-of-the-art facilities that foster collaboration.

- Multifunctional spaces
- Smart technology integration
- Conference + Huddle Rooms
- Fully functional and secure IT infrastructure

HALLIBURTON Swakopmund

In Country Capacity Building

- Approximately 10,000m² facilities in Swakopmund
- Expanded office spaces with more workstations with secure IT networks
- DD/LWD - Sperry RM Shop
- Testing & Subsea Workshop
- RA storage bunker
- Fully commissioned and 3rd party audited Completions workshop
- Fully functional 360deg Torque and Bucking Machines
- Pressure Test Cell
- Namibia's 1st Liner Hanger assembly shop
- Capacity to support other PSL Operations

HALLIBURTON Walvis Bay

In Country Capacity Building

- Construction in progress of a Liquid Mud Plant
- Set up of a Cement Bulk Plant
- Chemical Storage Areas
- Silos and Tanks available onsite for rig up
- Explosives Bunker & Gun Loading Facility

HALLIBURTON Lüderitz

In Country Capacity Building

- Extensive capacity to provide full scope for Cementing and Wireline Services, mainly.
- Perforating services out of our Lüderitz operations hub.
- Cement Bulk Plant
- Cement Lab
- Repair & Maintenance Shop
- Storage facilities
- Offices

HALLIBURTON In-Country Spend

In-Country/Local Sourcing:

Local Suppliers Initiatives:

- Extensive focus on the expansion of our local supplier database.
- Over 60 local suppliers' year to date.
- Achieved 100% growth, duplicating suppliers Year over Year
- **Expression Of Interest (EOI)** launched in May 2024 until July 31st to onboard and develop all possible local suppliers.
- **Overwhelming response with over 750 local vendors** expressing interest and willingness to work with Halliburton.
- Collaborated with Namibia National Investment Promotion Development Board (NIPDB) for vendor sourcing.
- Full scope of drydock and shipyard work on our Stim vessel done in Namibia.

HALLIBURTON

EXPRESSION OF INTEREST (EOI)

Founded in 1919, Halliburton is one of the world's leading providers of products and services to the energy industry. With 47k employees that form a talented, global team with 136 Nationalities represented across the world, and working in 470 countries, we create innovative technologies, products and services that help our customers maximize their value throughout the life cycle of an asset and advance a sustainable energy future. Halliburton is committed to providing world-class services to our customers and developing a diverse and global network of qualified suppliers is fundamental to our commitment. Our strong supplier network enables our ability to provide a broad array of products and services to our customers around the world. Halliburton is calling upon eligible local entities to submit Expressions of Interest (EOI) for the supply of goods and provision of services in the Oil and Gas industry. The purpose of this EOI is to gauge local market interest and capabilities, leading to a subsequent competitive bidding process and the selection of preferred and alternative suppliers; below you will find the list of categories of most interest.

Category	Referencing Provision, etc.
MRO	Machin, repair, and operations tools (e.g. pumps, valves, piping, tubing, tools, consumables, seals, etc.)
Oil, Lubricants and Tyres	Fuels (e.g. hydraulic oils, gear oils, engine oils, greases, off-road tyres, heavy duty tyres, etc.)
Fuel	Fuel, supplier must be permitted to sell fuel (e.g. diesel, propane, unleaded/lead, etc.)
Certification	Certification services for equipment/tools (e.g. high-pressure valves, torque machines, etc.)
Calibration	Calibration services on equipment/tools (e.g. pressure, temperature, flow, level, analytical calibration, electrical, etc.)
