Celebrating a decade of energy, oil and gas innovation in Sub-Saharan Africa

Welcome to the 10th Celebratory Edition of the Sub-Saharan Africa International Petroleum Exhibition and Conference (SAIPEC).

Over the past decade, SAIPEC has grown to become the foremost platform for dialogue, collaboration and advancement within the African energy landscape. As we mark this milestone year, we are reminded of the tremendous strides made in fostering regional partnerships, championing local content and shaping the future of energy across Sub-Saharan Africa.

This year's edition is not only a celebration of our collective achievements, but also a renewed commitment to innovation, sustainability and inclusive growth in the oil and gas industry. With the participation of government representatives, industry leaders, national and international oil companies, service providers and investors from across the globe, SAIPEC continues to serve as a bridge connecting opportunity with expertise and policy with progress.

On behalf of the organising committee and our esteemed partners, we thank you for choosing this landmark event. We look forward to you joining us in having insightful discussions, strategic connections and impactful outcomes that propel our industry and our continent forward.

WELCOME TO SAIPEC 2026. A DECADE OF IMPACT. A FUTURE OF POSSIBILITIES.

Engr. Wole Ogunsanya, speaking at SAIPEC 2025

Events like SAIPEC serve as crucial platforms for industry leaders to convene and align on approaches to emerging developments, ultimately contributing to the growth of Africa's energy sector. SAIPEC being the brainchild of PETAN makes it unique, as its focus is homegrown.

12 HOURS TECHNICAL CONTENT

SAIPEC is the premier industry-led platform driving the future of energy across Sub-Saharan Africa

Hosted by PETAN in strategic partnership with the Nigerian Content Development and Monitoring Board (NCDMB), NNPC Ltd and the Nigerian Upstream Petroleum Regulatory Commission (NUPRC), SAIPEC offers unparalleled access to primary stakeholders and key players across the entire regional supply and value chains.

It brings together senior leaders, policymakers, technical experts and innovators to shape strategic conversations and unlock commercial opportunities. Through its comprehensive conference programme, participants engage in high-level business, technical and special focus sessions that deliver critical insights into the region's hydrocarbon landscape.

Complemented by an international exhibition and unrivalled networking opportunities, SAIPEC fosters meaningful connections between local, regional and global organisations – all within a collaborative and welcoming environment.

Whether you're looking to forge partnerships, explore market entry strategies, or stay ahead of energy trends, SAIPEC delivers real value at the heart of Africa's energy transformation.

The strategic conference

Shaping a sustainable future for Africa's energy industry through partnerships

Building on a decade of success, the SAIPEC 2026 strategic conference returns with a powerful agenda shaped by leading industry stakeholders.

The 10th edition will unite thought leaders and decision-makers to explore how strategic partnerships can advance Africa's energy future. With a focus on sustainability, innovation and collaboration, the conference will highlight diverse, forward-looking approaches to harnessing the region's energy potential.

Over three days, participants will engage in critical discussions on developments across both conventional and renewable energy sectors. Topics will span hydrocarbons, renewable technologies, energy transition strategies and digital innovations – delivered through expert presentations and dynamic panel sessions.

The event also offers unique networking opportunities, enabling cross-border collaboration with local, regional, and global partners. Attendees will gain key insights into the future of energy in Sub-Saharan Africa within an inclusive, professional environment.

“SAIPEC 2025 was an incredibly successful outing with insightful sessions and deep thoughts from a crop of amazing panellists and speakers.

SAIPEC African Content Series

Fostering collaboration to create cross-border partnerships

Returning for its sixth edition in 2026, the SAIPEC African Content Series remains a cornerstone of the SAIPEC programme, spotlighting the tangible opportunities in local content development across Africa's oil, gas and energy landscape.

Hosted in collaboration with the *Nigerian Content Development and Monitoring Board (NCDMB)*, this high-level series brings together leaders from national and international oil companies, independents and indigenous operators to share practical insights and evolving strategies for local content implementation and economic diversification.

As Africa's energy sector continues to shift towards value retention, workforce development and industrial participation, the *African Content Series* serves as a vital platform to understand each country's local content agenda and how your business can align with them.

Featuring over 20 CEOs from African NOCs, 15+ IOCs and key contributions from other industry stakeholders, the African Content Series is a must-attend element of SAIPEC 2026 – offering your company access to the decision-makers shaping Africa's content future.

SAIPEC diversity, equality and inclusion

Building a diverse and inclusive future for the sector

“NGA UNILAG Student Chapter attended SAIPEC 2025 delegate sessions to expand their knowledge and gain a broader perspective on the future of the energy sector.

These sessions provided valuable learning experiences that can be applied in their academic and future professional pursuits.

This is the significance of involving students in industry events to foster youth engagement and prepare them for leadership roles in the energy sector.

Nigerian Gas Association

Board-level executives and senior leaders have a critical role to play in cultivating diverse, enterprise-wide talent pipelines and addressing the unconscious biases that can hinder progress and limit innovation across the industry.

SAIPEC's Diversity, Equity and Inclusion (DEI) platform brings together a powerful network of industry leaders committed to reshaping the culture of energy. This is more than a conversation – it's a catalyst for change.

Through transparent dialogue, shared experiences and practical strategies, the platform empowers participants to co-create a more inclusive, equitable and innovative future for the sector.

Empowering Africa's future energy leaders

Youth continue to be the driving force behind Africa's development – both today and for the future. SAIPEC 2026's *Youth Empowerment Day* provides a powerful platform for young professionals and future leaders to share their ideas, voice their perspectives and engage directly with industry stakeholders.

The initiative is designed to motivate, educate and empower, offering deeper insight into emerging technologies, innovation and the critical role they play in shaping a sustainable future for the energy sector. It's an opportunity to bridge generations, spark new thinking and invest in the next wave of talent that will secure the industry's long-term success.

SAIPEC Technical

One of the principal objectives of SAIPEC is the promotion of technical expertise and know-how throughout the region.

Once again, the SAIPEC organising committee, alongside key industry leaders, is curating a dynamic technical programme for 2026. Held directly on the exhibition floor and free for all attendees, the *SAIPEC Technical* streams deliver unparalleled insights from some of the continent's foremost experts.

These sessions are designed to enhance your technical and commercial capabilities, offering practical strategies, best practices and the latest innovations to support and advance your daily operations.

SAIPEC Awards

Recognise and celebrate

The SAIPEC Awards unite the energy, oil and gas industry's most prominent, market-leading and innovative companies throughout the value chain together to celebrate Sub-Saharan Africa's developments and achievements.

SAIPEC Awards presents an opportunity to recognise the bestperforming companies and individuals, who have developed above and beyond and inspired on many new projects across the region.

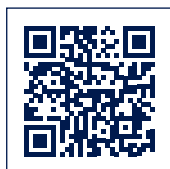

For selected sponsorship packages including access to the SAIPEC Awards, please contact us to discuss further.

“The SAIPEC dinner and awards dazzled with glitz and glamour, creating a perfect atmosphere for networking and more. It was an exceptional occasion to connect and engage with industry professionals, making valuable connections and forging new opportunities.

SAIPEC Event App

PETAN golf day

SAIPEC offers an exceptional platform for networking, with countless opportunities to connect throughout the event from daily coffee breaks and dedicated networking sessions to evening receptions and the PETAN Golf Day.

Supporting it all is the official SAIPEC Event App, featuring business matching tools that allow you to identify relevant participants, schedule meetings in advance and make the most of your time on-site.

Unlock opportunities at the SAIPEC international exhibition

Be part of SAIPEC's international exhibition and position your business at the heart of the growth in Sub-Saharan Africa's dynamic energy, oil and gas markets. This is your chance to meet and engage with the region's largest potential customer base, enter new markets, and increase your brand and product visibility – all while exploring the latest in innovation, technologies, and solutions transforming the sector.

SAIPEC 2026 is projected to attract over 200 exhibiting companies and more than 6,000 industry professionals from across Sub-Saharan Africa, Europe, the Americas and Asia.

More than just an exhibition, it's a platform to showcase your innovations, generate high-quality leads and form lasting partnerships in one of the world's most promising energy regions.

WHY EXHIBIT AT SAIPEC 2026?

- **Showcase cutting-edge products and solutions:** Put your innovations in front of regional and international stakeholders.
- **Generate high-quality leads and maximise ROI:** Connect with buyers and decision-makers actively seeking solutions.
- **Close deals and drive revenue:** Conduct face-to-face business and turn conversations into contracts.
- **Strengthen supplier and client relationships:** Reinforce existing partnerships and forge new ones.
- **Access new markets and strategic partners:** Expand into fast-growing African regions and beyond.
- **Boost regional and international brand visibility:** Elevate your profile in front of a truly global audience
- **Network with industry leaders and policymakers:** Build strong connections with peers across the energy value chain.

FLOOR PLAN

Real value that delivers – sponsorship opportunities

Position your brand at the forefront of Sub-Saharan Africa's energy evolution

Sponsoring SAIPEC 2026 offers unparalleled access to the region's most influential energy stakeholders. As Africa's energy landscape continues to grow and diversify, strategic sponsorship of SAIPEC places your business in direct contact with key decision-makers, policy leaders, investors and buyers across the entire energy value chain.

It is your opportunity to elevate brand visibility, influence industry conversations and drive tangible business outcomes in one of the world's most promising energy markets.

“The conference provided an exceptional platform for engaging with our valued customers, strategic partners, especially local operators, energy services companies, and stakeholders. These interactions were not only insightful but also reinforced our dedication to providing innovative solutions tailored to the African market.

Arthur Ename, Vice President for Africa, NOV
SPONSOR 2025

Sponsorship benefits include:

UNRIVALLED BRAND EXPOSURE

Be seen by a high-level, targeted audience of over 6,000 professionals and 200+ companies from across Africa and the global energy sector.

LEAD GENERATION AND MARKET ACCESS

Engage directly with new and existing clients, and build a strong pipeline of qualified leads from across Sub-Saharan Africa and beyond.

THOUGHT LEADERSHIP

Position your organisation as a trusted voice through speaking opportunities, panel participation and branded sessions.

PR AND MARKETING

SAIPEC is backed by a targeted marketing and PR campaign through which sponsors gain valuable exposure across African and global industry press, business media and social platforms through profiling, commentary, and advertising opportunities.

EXCLUSIVE NETWORKING

Gain direct access to ministers, government officials, NOCs, IOCs, and leading service providers through high-level networking sessions.

TAILORED PACKAGES

Choose from a range of sponsorship options designed to meet your specific marketing objectives – from branding and speaking to hosting exclusive sessions or lounges.

Special element sponsorship

Across the SAIPEC 2026 programme, there are a number of additional special feature branding and sponsorship opportunities

Utilise SAIPEC to continue facilitating deals and align your brand to one of the many unique experiences, services or exclusive hospitality offerings available in the 2026 programme and underline your support for the sector and significance within the SAIPEC network.

Partnership options across the SAIPEC conference, exhibition and awards ceremony offers industry wide recognition with a series of individual benefits, enabling your company to raise its profile, drive sales and showcase your solutions, products and services, gaining access to hundreds of projects presented at the event.

NEW FOR 2026

THE SAIPEC ENERGY CLUB – WHERE AFRICA'S ENERGY LEADERS MEET

Position your brand at the heart of Africa's energy conversation by sponsoring the newly launched SAIPEC Energy Club – an exclusive VIP lounge on the event floor designed to host key industry decision-makers in a premium and private setting.

As a sponsor, your brand will benefit from:

- Exclusive branding on the SAIPEC Energy Club web page.
- Inclusion in pre-event marketing and promotional campaigns.
- Featured presence in official event materials.
- Branded walls and signage outside and throughout the SAIPEC Energy Club.
- Opportunity to host private meetings or curated networking sessions within the lounge.
- Inclusion in post-event sponsor highlights and coverage.

Your VIP delegates will also enjoy a host of premium benefits including full access to the room, food and beverages served all day, access to the SAIPEC Awards and more.

Scan the code to discover the full range of the SAIPEC Energy Club benefits.
