Welcome to your 2025 edition of the RM Sotheby's London to Brighton Veteran Car Run Handbook. This year is the 128th Run, supported by a veteran car community whose camaraderie and expertise always impresses us at the Royal Automobile Club.

You put on a spectacle every year that delights tens of thousands of people. Our job is to provide the organisation and back-up so everyone has a memorable, enjoyable and most of all safe day. It's no easy task; the planning takes our in-house team many months of careful work.

This Handbook will answer every question you have about the Run and your own involvement. The event regulations are of the greatest importance to all of us, and sticking to them won't diminish your enjoyment of this special day one bit.

Keeping control of your car on the route's public roads is essential. I'm asking all drivers and passengers on the day to be cautious when necessary, and to take heed of instructions from our experienced marshals. But well before that, you must watch our safety film online at www.veterancarrun.com, no matter how many times you've done the Run before. It's to protect you, your passengers, your car and the general public.

My huge thanks go to our friends in the Veteran Car Club, without whom there'd be very little to see, as well as our wonderful volunteers, marshals, and RAC Motoring Services technicians who support everyone from capital to coast.

Veterans can never be the most reliable of cars, but by careful preparation you'll probably reach the seafront on time. If you don't then we'll make sure you have fun trying, and we'll be sharing useful information with you right up to the day itself. So sign up to our regular participant newsletter, follow us on social media, and bookmark the dedicated website.

I'm really looking forward to joining you all on our annual extravaganza once again.

With best wishes,

Ben Cussons
Chairman of the Steering Group

CONGESTION CHARGES AND ULEZ

The **Congestion Charge** is a £15 daily charge if you drive within the Congestion Charge zone between 07:00-22:00 Monday to Friday and 12:00-18:00 on Saturday, Sunday and bank holidays.

Does the Congestion Charge apply to my veteran vehicle and tender vehicle?

All vehicles, regardless of age and whether they are registered in the UK or overseas must pay this charge **except when leaving London during the start of the Run**. You pay this via the Transport for London website (either with a TfL London Road User Charging account or direct payment on the site). However, if your veteran vehicle is being towed on a trailer, then only the towing vehicle is subject to Congestion Charge.

ULEZ

The Ultra Low Emission Zone (ULEZ) operates 24 hours a day, 7 days a week. The zone operates across all London boroughs, and does not include the M25. If your vehicle doesn't meet the ULEZ emissions standards and isn't exempt, you need to pay a £12.50 daily charge to drive within the zone.

Does ULEZ apply to my veteran vehicle and tender vehicle?

ULEZ will apply to your **road car and trailer while you are towing your veteran car through London** and, **once your veteran car is unloaded and driven on the road it will also apply**. However, **veteran vehicles are exempt from paying the charge**, provided they are registered with ULEZ and tender vehicles may also be exempt, depending on their size and emissions. Register your veteran vehicle here - <https://tfl.gov.uk/modes/driving/account-create-account-29278>

More information can be found in our **Driving in London Guide**

IMPORTING YOUR VEHICLE AND TOW/TENDER VEHICLE

EU Registered Vehicles (including tow vehicles and trailers)

You must carry the following documentation when temporarily importing EU registered vehicles into the UK:

- EU Driving Licence
- Vehicle Registration Document (for tow vehicle, trailer and Veteran car)
- Insurance Green Card (for tow vehicle, trailer, and Veteran car)
- C110 Form (for both Veteran car and tow vehicle. Download at: <https://www.gov.uk/government/publications/import-and-export-temporary-admission-notice-of-arrival-of-a-non-eu-private-motor-vehicle-c110>)

The C110 form must be completed before you arrive into the UK. Print out two copies of the form, sending one off to the UK address given on the website and keeping one with each applicable vehicle.

EU Registered vehicles will NOT require an ATA Carnet for temporary UK import.

Trailers

Trailers do not have to be registered separately. All trailers must be properly insured to be towed on the road in the UK and be in a roadworthy condition.

Overseas (Non-EU) Registered Vehicles

You must carry the following documentation when temporarily importing overseas (non-EU) registered vehicles into the UK:

- Overseas Driving Licence
- Vehicle Registration Document
- Insurance Green Card

Non-EU registered vehicles entering the UK / Europe from overseas will require a customs entry on arrival. Your shipping agent will be able to provide further information on this procedure.

PARTNERS

The RM Sotheby's London to Brighton Veteran Car Run is funded through a combination of entry fees and sponsorship income, with sponsorship covering over 50% of the running costs. Our sponsors listed below support the Run and supply their fantastic services which enable the Run to be a success and an enjoyable day for all participants.
