WELCOME

The world's leading trade fair for intralogistics, materials handling and supply chain management.

CeMAT is planned and delivered in multiple locations around the globe, with CeMAT Southeast Asia organised by Hannover Fairs Australia, a subsidiary of Deutsche Messe.

Singapore | Australia | China | Italy | Turkey

CeMAT Southeast Asia is the platform for the latest industry innovations and for exchanging ideas and insights on the warehouse of the future.

The CeMAT exhibition will be a one-stop-shop of the leading technology and service providers in intralogistics, robotics and automation, warehousing, supply chain management and materials handling. CeMAT will showcase innovation and best practices in a wide variety of settings and sectors - from e-commerce to manufacturing, from the food industry to resources.

As well as cutting-edge product demonstrations on the show floor, visitors will also be able to access our Knowledge Theatre, which will offer attendees insights, inspiration and practical take-away solutions to challenges facing decision makers and front-line professionals in the logistics and warehousing industry.

EXHIBITORS OF SINGAPORE PAVILION

Singapore Pavilion

The Singapore Pavilion of CeMAT Southeast Asia 2026 is to portray the unified national identity housing the booths of Singapore Companies.

It is important that the Singapore Pavilion showcases the industry-based upgrading efforts, to drive innovation and spark the inspiration of business transformation in visitors to adopt the latest trend of technology and best practices of technology solutions displayed.

@ Singapore

SAAA@Singapore Strategic Supporting Organization

SAAA@Singapore, formerly known as Singapore Air Cargo Agents Association, was formed with the aim of advocating the promotion, protection and development of the business of carriage of goods by air transportation in general and the air cargo forwarding business in particular.

At present, SAAA@Singapore has 189 members with a wide spectrum of business company type: ranging from Multinational corporation (MNCs) to small and medium-sized enterprises (SMEs) and they occupy more than 85% of the Airfreight volumes in Singapore.

SAAA@Singapore provides industry related training courses, namely IATA Competency based Training and Assessment (CBTA) Dangerous Goods, Airfreight Forwarders Basic and Supply Chain Management courses.

In addition, SAAA@Singapore has an experienced team of customs approved declarats handling permit declaration services to facilitate cargo clearance. For example, import and export permits.
