SINGAPORE PAVILION EXHIBITORS

Singapore Pavilion

The Singapore Pavilion of CeMAT Southeast Asia 2026 is to portray the unified national identity housing the booths of Singapore Companies. It is important that the Singapore Pavilion showcases the industry-based upgrading efforts, to drive innovation and spark the inspiration of business transformation in visitors to adopt the latest trend of technology and best practices of technology solutions displayed.

SAAA@Singapore

Strategic Supporting Partner

SAAA@Singapore, formerly known as Singapore Air Cargo Agents Association, was formed with the aim of advocating the promotion, protection and development of the business of carriage of goods by air transportation in general and the air cargo forwarding business in particular.

Automation works best when technology is guided by insight

Understand the operation

Every solution begins with a clear view of throughput, labour, space and growth needs.

Design for performance

Data, modelling and engineering expertise shape systems that perform reliably and scale with the business.

Connect the system

Dematic software synchronises inventory, workflows and material flow for greater visibility and control.

Built on experience

More than 200 years of engineering know-how and thousands of systems worldwide.

Ready for the future

Designed with safety, efficiency and long-term sustainability in mind.

DEMATIC

THE MIND BEHIND THE MACHINE

The CeMAT team, Hannover Fairs Asia Pacific, sponsors and partners are pleased to welcome you back to CeMAT Southeast Asia 2026.

As the region continues to grow as a key logistics and supply chain hub, CeMAT Southeast Asia 2026 provides a platform for the industry to come together, explore practical solutions and stay close to how the market is evolving. This year's edition features over 90 exhibitors on the show floor, bringing you the latest technologies and equipment reflecting current industry needs and ongoing development across the sector.

We thank all of our exhibitors for the commitment and work that has gone into delivering their presence at CeMAT Southeast Asia 2026. We encourage you to spend time on the show floor, connect with exhibitors and identify solutions relevant to your operations.

We also extend special thanks to our event sponsors Dematic, IFS Softeon, AutoStore, Element Logic, WITRON, Thales, Hyster-Yale, Dexion and Forklift Action and to our event and media partners for their continued support of CeMAT Southeast Asia.

Alongside the exhibition, our Event Partner, LogiSYM, delivers LogiSYM Asia Pacific 2026, offering a conference programme focused on strategy and leadership. The Knowledge Theatre and Tech Demo Stage feature industry leaders and innovators, providing insights, live demonstrations and practical takeaways that complement what you see on the show floor.

Across the industry, the focus remains on efficiency, reliability and resilience, and we are excited to bring together the people and solutions supporting these priorities.

From all of us at Hannover Fairs Asia Pacific, we hope you enjoy connecting with the industry and gain valuable insights during your time at CeMAT Southeast Asia 2026.

James, Tim, Mike, Nat and the HFAP Team

Exhibition Opening Hours

| | |
|-------------------------------|----------------------------------|
| Tuesday 12 May | 10:00am – 6:00pm |
| Networking Function | 5:00pm – 6:00pm |
| Wednesday 13 May | 10:00am – 6:00pm |
| (LogiSYM Gala Arrival) | 6:15pm – seated by 7:00pm |
| Thursday 14 May | 10:00am – 5:00pm |

Cloakroom

There will be a cloakroom available to all visitors. Approach the registration desk for more details.

CeMAT Bar

Located at the rear of the event, the CeMAT Bar serves cold drinks, coffee, and alcoholic beverages. It will also serve a range of delicious food items.

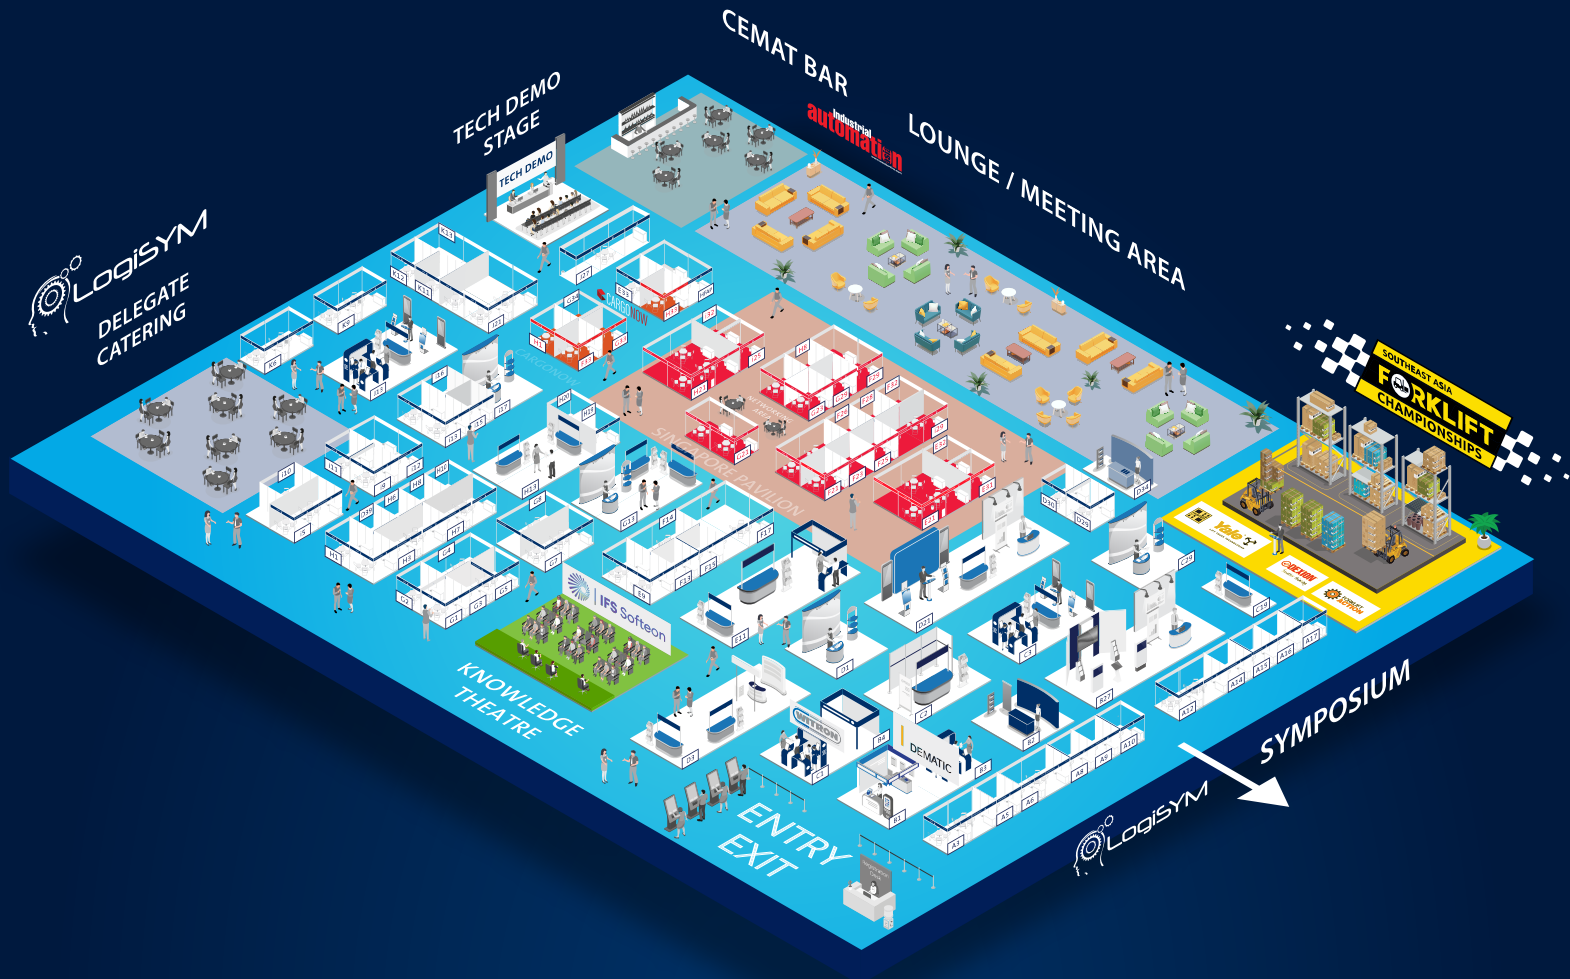

Networking Function

CeMAT Southeast Asia is pleased to be holding the CeMAT Networking Function on Tuesday 12 May, following the close of Day 1, on the show floor. This is open to all CeMAT visitors, speakers, partners and exhibitors.

Featuring a special guest speaker, this is a great opportunity to connect, build relationships, and meet new contacts in a relaxed environment. We hope all delegates, speakers and exhibitors will be able to join us.

Book your Meetings

Make the most of your event experience by using the Meetings feature in the app. You can easily browse exhibitors, filter by sector to find the most relevant providers, and schedule one-on-one meetings to explore solutions tailored to your needs.

IFS Softeon

| Time | Presentation | Presenter |
|---------------------------|--|--|
| 10:30 – 11:00 | Opening Ceremony | |
| LOGISYM COLD CHAIN | | |
| 11:00 – 11:15 | Opening Remarks | |
| 11:15 – 11:45 | KEYNOTE: Building a tech-driven supply chain company, embracing technology, data and AI in cold chain | Terry Tan Head of Sales in Logistics Automation, SICK Pte Ltd |
| 11:45 – 12:15 | Challenges in cold chain logistics and solving them through technological innovational | Stella Ramette Sales Director, InterSystems Southeast Asia |
| 12:15 – 13:45 | Lunch | |
| 13:45 – 14:30 | PANEL: Implementing Technologically Enabled Cold Chains: How Can You Use Technology for Multi-Modal and Real Time Visibility to Deliver Optimised Temp Controlled Logistics and Distribution? | Boris Daniels, Roger Chew, Brett Marshall, Daniel Tan |
| 14:30 – 15:15 | What's Next for Temperature-Controlled Food Logistics? | Dr Koh Chaik Ming Senior Research Fellow & Adjunct Professor, National University of Singapore Adjunct Professor, Nanyang Technological University Food Science Department and Singapore Management University, National University of Singapore |
| 15:15 – 15:35 | Securing Singapore's Food Supply Resilience | Abdul Jalil Abdul Kader Director-General (Food Security) and Assistant CEO, Singapore Food Agency |
| 15:35 – 15:55 | Co-creation of Next-Gen Solutions for Better Adapted Supply Chain | Qiao Jia Zeng COO, Fairprice Group |
| 15:55 – 16:40 | PANEL: Driving Sustainability in Logistics and Distribution: How Can You Practically Implement The Right Initiatives and Partnerships to Deliver on Your Logistics and Distribution Sustainability Goals? | Sai Krishna SBS, James Yin, Celest Chng, Nishant Kumar, Kenneth Tan |
| 16:40 – 17:00 | Closing Remarks by Co-Organising Chairman | |
| 17:00 | Networking Function SPECIAL GUEST SPEAKER | Somendra (Somy) Solanki Digital Marketing and Content Specialist - Automate-X Ltd |

Day 2 – Wednesday 13 May

IFS Softeon

| Time | Presentation | Presenter |
|-------|--|---|
| 10:30 | Keynote Aligning Technology Investment with Business Strategy; Designing Automation that actually delivers business advantage | Jeff Triantafilo Partner - Argon&Co |
| 11:00 | The Anti-fragile Supply Chain: Powering Secure and Agile Intralogistics in a Volatile World | Tony Lugg, Chairperson Transported Asset Protection Association Asia Pacific (TAPA APAC) |
| 11:20 | Real-World Insights from Automated Warehouse Operations | Terrence Chan Regional Sales Lead, Asia - Dematic Sky Lee Regional Sales Lead, Asia - Dematic |
| 11:50 | Warehouse Automation 2.0: How Robotics is Powering the Next Wave of Operational Excellence | Jeff Tan Director, Supply Chain & Logistics Practice, APAC - Frost & Sullivan |
| 12:10 | Lunch | |
| 13:10 | Cut Through the Hype: A Practical Guide to Robotics | Scott Gillies Vice President & Managing Director, Asia Pacific - IFS Softeon |
| 13:30 | Zero-Downtime AGV Operations: How Predictive AI Eliminates WiFi Handover Failures in Automated Warehouses | Dr Lee Jiahe Steven AI Product Lead - Preceptual.ai |
| 13:50 | Supply chain management in times of crisis: Balancing relationships with key partners and clients | Guah Eng Hock Founder and Managing Director - Sg Enviro |
| 14:10 | LIVE RECORDING: Import Export TV - ASEAN Under Pressure: Fuel Constraints, Energy Costs and the Future of Trade Flow | Lawrence Christoffelsz CEO - Australian Trade & Logistics Corporation and founder of Import Export TV |
| 14:50 | Break | |
| 15:20 | Robots, Algorithms, and Other Myths We Tell Ourselves About AI | Shailene Zhu Head of Business Development - Ocado Solutions, APAC MEA |
| 15:40 | From Concept to Go-Live: IT & Implementation Journey of Two of the Southern Hemisphere's Largest Automated DCs | Win Tun Director of Business Development - APAC WITRON Patrick Weiss IT Project Manager - WITRON |
| 16:00 | Navigating the AI Shift: Cultivating Future-Ready Supply Chain Talent in ASEAN | Darren Zhang Head of ASEAN Supply Chain Management - Bosch Rexroth |
| 16:20 | Build Recurring Revenue from your Software Inside the Machine | Dale Hopkinson Senior Growth Product Manager - Thales |

Day 3 – Thursday 14 May

| Time | Presentation | Presenter |
|--|---|---|
| eCommerce Logistics morning <i>hosted by CargoNOW</i> | | |
| 10:30 | Marketplace Logistics: Friend or Foe | Rohini Deshpande Head of Product & Engineering E-commerce - Carousell |
| 11:00 | Notes from the forefront of eCommerce | |
| 11:30 | The Future of Singapore’s Ecommerce Logistics scene | Andy Lim Head of Commercial - Singpost |
| 12:00 | The Rise of Shien, Temu, and TikTok, and how the logistics industry will be impacted | Eric Pong Logistics Partnerships Director - AfterShip |
| 12:30 | Lunch | |
| Knowledge Theatre afternoon | | |
| 13:20 | Transforming Intralogistics with Humanoid Robotics: From Automation to Intelligent Workforce | Eric Mar Director of Robotics Solutions & Delivery - Stellaris Robotics |
| 13:40 | FullPick: The Future-Proof Automation Solution for Grocery Order Fulfillment | Dara Zang Head of Sales Consulting - TGW China Co |

Day 1 – Tuesday 12 May

| Time | Presentation | Presenter |
|-------------------------------|---|---|
| 12:20 | Smarter Fulfillment with IFS Softeon WMS | Scott Gillies Vice President & Managing Director, Asia Pacific - IFS Softeon |
| 12:40 | Empowering Global Warehousing & Logistics with RFID: Incremental Automation for Seamless Full-Process Identification and Data Continuity | Kelwin Lee Head of Marketing and Strategic Partnerships - MingQ Technology Limited |
| 13:00 | Managing Floor Performance in Logistics: Optimising Floors for Optimised Performance | Andrew Tait Managing Director - CoGri Asia Pacific |
| 13:20 | Honeywell Voice-Guided Work Solution (GWS) & All Software Solutions: Adapting Challenges by Adopting Proven and Innovative Technologies | Afiq Massaaf Regional Sales & Account Manager, APAC - Honeywell |
| 13:40 | Meson LUMA: AI-Powered Copilot for Smarter, Faster Warehouse Operations | JM Danga Vice President of Sales APAC - Meson Logistics Solutions |
| 14:50 | Break | |
| SINGAPORE HOUR SESSION | | |
| 15:50 | The Rise of AI Workflows in Supply Chain Finance | Jason Williamson Head of Partnerships & Marketing - fileAI |
| 15:30 | Reconfiguring Warehouse-to-Border Flow: Unlocking 23% Fuel Savings and 25% Delivery Gains through Fleet Control | Richard Schubert Chief Operating Officer - Cartrack Singapore |
| 15:50 | Automated Storage Systems for Intralogistics | Alessandro Duca Managing Director - ICAM APAC |
| 16:10 | Empowering Logistics Automations. Smarter. Faster. Seamless Connection | Zen Tan Division Head - Sonepar Singapore |
| 16:30 | Intelligent Mobility <i>Note – this presentation will be delivered in Mandarin Chinese and translated into English</i> | Jimmy QiangJun VP sales - Intellihub Robotics Technology |
| 17:00 | Networking Function SPECIAL GUEST SPEAKER | Somendra (Somy) Solanki Digital Marketing and Content Specialist - Automate-X Ltd |

Day 2 – Wednesday 13 May

| Time | Presentation | Presenter |
|-------|--|--|
| 12:15 | Wireless Charging for Logistics Leaders. 30% Fewer Robots. Same Throughput | Julian Seume Director - Wiferion a PULS brand |
| 12:35 | Deploying a Simplicity Approach to Improve Efficiency and Productivity | Yee King (YK) Chew VP for Southeast Asia & Oceania and General Manager for North America - Libiao Robotics |
| 12:55 | From Surveillance to Intelligence: How Gen AI Video Analytics can improve productivity and solve operational challenges for warehouses and industrial environments. | Matthias Yeo Project Manager - Ascent Solutions |
| 13:15 | End-to-End Innovation, Assured Delivery Made Simple | Jean Bai Head of Southeast Asia - China Post Technology |
| 13:35 | Break | |
| 14:55 | AI for End-to-End Supply Chain Visibility | Mr Ramas Co-founder - Simplr Solutions |
| 15:15 | Stingray: A Shuttle System Born to Push Boundaries | Brian Zhang Sales Project Manager TGW China - TGW China |
| 15:35 | When Every Alarm Becomes Noise: Tackling Alert Fatigue in Cold Chain Operations | William Tam Cold Chain Solutions Advisor - Metropolitan Wireless International |

Day 3 – Thursday 14 May

| Time | Presentation | Presenter |
|-------|---|--|
| 11:55 | Managing Floor Performance in Logistics: Optimising Floors for Optimised Performance | Andrew Tait Managing Director - CoGri Asia Pacific |

Advantech Singapore

H1

Advantech is a global leader in AIoT and industrial computing, delivering intelligent edge and automation solutions for warehouse, logistics, and port operations. Their platforms enable real-time visibility, smart fleet management, and automated material handling through AI, IoT, and edge computing. From rugged edge systems to integrated software, Advantech empowers operators to improve efficiency, safety, and scalability across modern supply chain environments.

www.advantech.com/en-sg/

Aegis Explosion-proof Technology

i15

AEGIS specializes in providing customized explosion-proof safety solutions and full-lifecycle safety services for equipment applied in potentially explosive environments, including the chemical industry, hazardous goods warehousing and logistics, military industry and other fields. Their coverage extends to a diverse range of equipment: Material Handling Equipment, Automated Guided Vehicles (AGVs), aerial work equipment, cleaning equipment, automated warehousing equipment, robots and more.

www.aegischina.cn/

ANCHANTO PTE. LTD.

 F29

Anchanto is a global SaaS technology company empowering enterprises to sell, fulfil, and deliver anywhere in the world. Headquartered in Singapore, Anchanto enables complex omnichannel and supply-chain operations through enterprise-grade intelligent platforms, deep ecosystem integrations, and local expertise across 13 countries.

www.anchanto.com

anchanto

Ascent Solutions

G33

Ascent Solutions prides itself on being a trusted partner in the global supply chain logistics community, delivering IoT solutions for comprehensive tracking and tracing needs. The company continuously innovates to meet the growing demand for end-to-end visibility across the supply chain. Its solutions span a wide range of applications, including fleet management, cargo tracking and security, warehouse inventory reconciliation, rack utilisation, and digital twin warehouse solutions

www.myascents.com/

ATIRE

E33

ATIRE delivers high-performance solid tyres built for logistics and material handling operations where uptime matters. With over 4 million tyres in operation worldwide, their range is engineered to last longer, reduce downtime, and perform consistently across warehouse floors and demanding yard conditions. Manufactured to European standards using REACH-compliant materials, ATIRE is also the world's first carbon-neutral solid tyre brand, supported by a UK hub serving Europe.

www.atire.com/

ATOMIX Robotics & Automation

A3

Atomix is redefining warehouse automation by integrating standardized robots with intelligent software. Their mission is to simplify material handling while ensuring flexibility and scalability to meet the diverse demands of modern warehouses. Headquartered in Singapore, they also have subsidiaries in South Korea and Japan. Their solutions have been successfully deployed across Europe, Singapore, South Korea, Japan, Thailand, and Vietnam, demonstrating their global reach and industry impact.

Auer Signal

H10

Auer Signal is a leading manufacturer of high-performance signaling devices for industrial applications. The company focuses on innovation, reliability, and design to deliver intelligent solutions that enhance safety and efficiency. Its portfolio ranges from classic signal towers to smart, customizable systems for modern industrial environments.

www.auersignal.com/en/

AVENTIS GRADUATE SCHOOL

H33

Founded in 2007, Aventis Graduate School empowers the next generation of logistics and supply chain leaders. Serving a global community of over 100,000 successful professionals, Aventis blends academic excellence with practical application through executive Master's, MBAs, and Postgraduate Diplomas. By partnering with prestigious UK universities and professional bodies like LSCMS, CILT, and SIMM, Aventis provides elite networking and lifelong access to a powerful ecosystem of industry experts.

aventis.edu.sg/

Beijing Huiwen Technology (Group)

i11

Huiwen was founded in 2016 and is a high-tech enterprise dedicated to the research and development and popularization of commercial service robots and industrial robots. It has multiple product lines including AMR material handling robots, intelligent service robots, intelligent inventory robots, commercial cleaning robots, and intelligent disinfection robots, which are used in various application scenarios such as industrial material handling, commercial services, and warehousing logistics.

www.ibenrobot.com/

BLUESHEETS PTE. LTD

SG F26

fileAI is the enterprise intelligence company behind fileForge, the leading workflow-native data platform for complex business process automation. fileForge unifies data capture, preparation, governance, and orchestration into auditable, SOP-driven workflows that transform unstructured and semi-structured data into trusted, reusable intelligence.

fileAI 

www.file.ai/

BlueSword

D21

Founded in 1993, BlueSword is a global leader in end-to-end automated warehouse logistics solutions. They provide a seamless range of services—consulting, software, manufacturing, and system integration—ensuring that every aspect of your intralogistics operation is optimized for success. With state-of-the-art R&D centers and over 200,000 square meters of advanced manufacturing facilities, they have successfully deployed solutions for global leaders across various industries.

www.bluesword.com

Browan Communications

G1

Browan Communications delivers end-to-end IoT solutions for smart logistics and industrial environments. At CeMAT SEA, they showcase B-SAFE AI-enhanced tracking, LoRaWAN® gateways, and smart IoT sensors. Their solutions provide real-time visibility, predictive safety, and scalable connectivity to optimize warehouse operations, strengthen asset management, and improve overall supply chain efficiency.

www.browan.com

CARGOBASE SPOT-BUY FREIGHT SOFTWARE **G34**

Cargobase is a global logistics software company whose mission is to simplify spot-buy freight procurement for logistics teams. Cargobase is designed to empower logistics teams around the world to procure, book, track, audit, and analyze spot-buy freight with unprecedented speed, simplicity, and control—across all modes and markets. Their solution is intuitive and easy to use, creating a seamless spot-buy freight procurement experience.

www.cargobase.com/

CARTRACK TECHNOLOGIES SOUTH EAST ASIA PTE. LTD. **F32**

Cartrack is a global technology company transforming physical operations through advanced fleet management and telematics. Its cloud platform enables real-time tracking of vehicles, fuel management, workforce management, and AI-powered driver safety monitoring to detect and correct risky behaviour. With smart alerts and automation, Cartrack simplifies decision-making while improving efficiency and reducing costs. Headquartered in Singapore, it serves over 125,000 customers across 20+ countries.

www.cartrack.sg/

Chengdu Sanji Technology **H8**

Chengdu Sanji Technology Co.,Ltd. is one of the pioneering industrial groups specializing in the R&D, manufacturing, and sales of intelligent storage systems, including: Vertical Lift Modules (VLMs), Carousel Storage Systems, Smart Tool Cabinets, Workstation Equipment, and Warehouse Racking Systems. Founded in 1986 and headquartered in Chengdu, China. Their manufacturing campus covers a total floor area of 50,000 square meters. As a specialized leader in workstation storage solutions and smart warehousing.

China Post Technology **D1**

China Post Technology (CPTe) is a well-known provider in intralogistics system from China, and aims to become a leading innovative solutions provider in the world. Leveraging in-depth knowledge of innovative technology and applicable scenarios, CPTe builds solutions with high value, short deployment times and cost efficiency for their customers.

www.cpte.com/en/

Cognex Corporation **C19**

Cognex is the world's leading provider of vision systems, sensors, and software for automation. Cognex brings the power of vision to factory and warehouse automation of all kinds: detecting defects, monitoring production lines, guiding assembly robots, and tracking, sorting, and identifying parts. Their innovative technologies and focus on support throughout the customer journey make vision-based projects easier to set up, more effective, and more reliable.

www.cognex.com

COGRI ASIA CONCRETE FLOORING **A12**

CoGri Asia are industrial concrete floor design, construction & upgrade Specialists. With over 30 years global experience, they are the leading experts and market leader in building and upgrading of floors in new and existing, industrial complexes, warehouses, logistics and distribution centers, to meet high tolerances needed for Automated Material Handling Equipment and VNA (Very Narrow Aisle) trucks. They simply build floors as it should be.

www.cogriasia.com/

COLD POWER PTE. LTD. **i25**

Cold Power, a Reliable cold storage for your business. They provide seamless, end-to-end solutions that optimize supply chains, enhance efficiency, and ensure product integrity.

By integrating cutting-edge technology, sustainable practices, and exceptional customer service, they aim to be the go-to choice for companies seeking reliable storage, distribution, and value-added services.

www.coldpower.com.sg

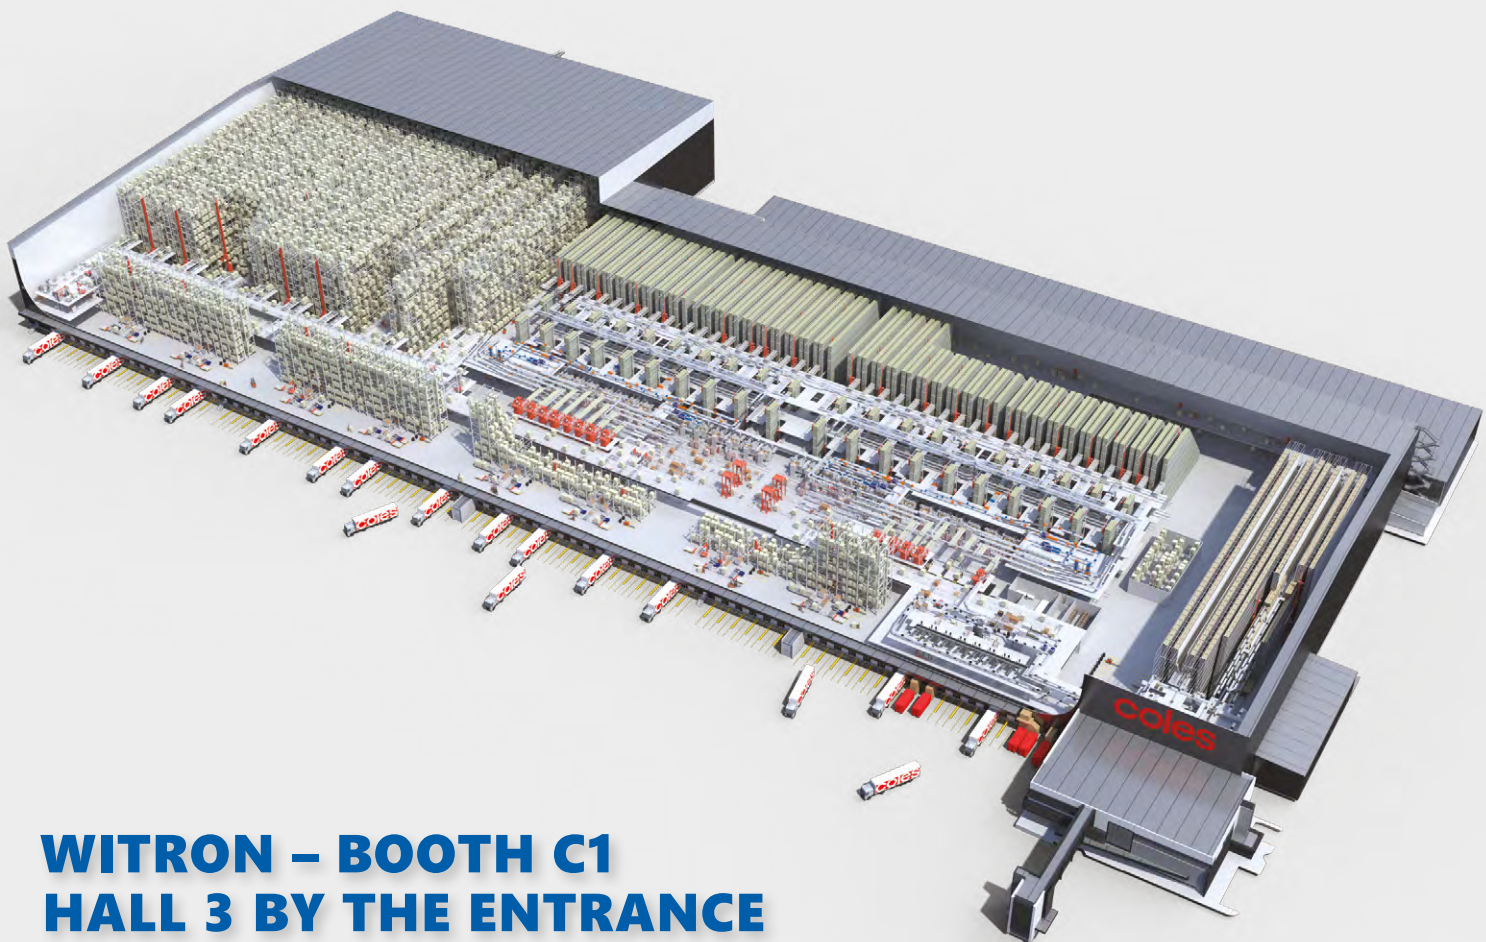

YOUR LOGISTICS EXPERT FOR AUTOMATED FOOD & OMNICHANNEL SOLUTIONS

WITRON is a lifetime partner for the **Design, Implementation, Service, and Operation** of highly dynamic automated storage and picking systems.

Trusted by leading retailers across Europe, North America, and Australia, our solutions cover dry goods, fresh, and frozen food logistics for both store and online retail channels.

Today, WITRON systems supply more than **100 million consumers daily** with food and everyday essentials, helping retailers achieve reliable, efficient, and future-ready logistics operations.

Come and have a coffee with us at Booth C1, Hall 3 — right by the entrance

**WITRON – BOOTH C1
HALL 3 BY THE ENTRANCE**

DALIAN RIQIAN UNIT LOADING **D29**

Riqian Group, founded in 1995, is a leading logistics equipment manufacturer in China. For 31 years, they've specialized in the R&D, manufacturing, and service of unit loading and packaging, supported by seven manufacturing bases. They provide global customers in automotive and industrial, retail eCommerce, postal express, rubber liquids, and warehousing logistics with reusable and foldable packaging and turnover products, improving efficiency and reducing costs.

www.rqle.com

Damon Technology Group **G13**

Damon Technology Group Co., Ltd. is a globally leading provider of integrated logistics system solutions. Their core products include warehouse automation systems, AMR, embodied AI robots, and intelligent conveying and sorting solutions. The innovative product ready to be showcased at CeMAT SEA 2026 is Damon Flash Shuttle - Intelligent Four-way Pallet Shuttle System, which can adapt to all types of warehouses and enables high-efficient storage and retrieval in the warehouses over 10 meters tall.

www.damon-group.com

Dasen Plastic Industrial (Suzhou) **D30**

Founded in 2002 in China, Dasen Plastic Industrial (Suzhou) Co., Ltd is committed to manufacturing sustainable packaging solutions including plastic boxes and pallets especially for warehouse automation, offering high-quality and eco-friendly products to global clients.

www.dasenplastic.com

Dematic - the Mind Behind The Machine **B1 & B3**

Dematic delivers intelligent supply chain automation solutions that improve productivity, capacity, and resilience. Supported

DEMATIC

by over 10,000 employees worldwide, Dematic designs, implements, and supports advanced automation and software-driven operations. With a global presence across more than 26 countries, Dematic is a trusted partner to distributors, warehouses, and manufacturers, and is part of the KION Group.

THE MIND BEHIND THE MACHINE

Full Stand Number List

| EXHIBITOR NAME | STAND |
|--|------------|
| Advantech Singapore | H1 |
| Aegis Explosion-proof Technology | i15 |
| ANCHANTO PTE. LTD | F29 |
| Beijing Huiwen Technology (Group) | i11 |
| Ascent Solutions | G33 |
| ATIRE | E33 |
| ATOMIX Robotics & Automation | A3 |
| Auer Signal | H10 |
| AVENTIS GRADUATE SCHOOL | H33 |
| BLUESHEETS PTE. LTD. | F26 |
| BlueSword | D21 |
| Browan Communications | G1 |
| HIRAIWAS TECHNOLOGY | A16 |
| CARGOBASE SPOT-BUY FREIGHT SOFTWARE | G34 |
| CARTRACK TECHNOLOGIES SOUTH EAST ASIA PTE. LTD. | F32 |
| Chengdu Sanji Technology | H8 |
| China Post Technology | D1 |
| Cognex Corporation | C19 |
| COGRI ASIA CONCRETE FLOORING | A12 |
| COLD POWER PTE. LTD. | i25 |
| EASTFOUND LOGISTICS TECHNOLOGY | K9 |
| Damon Technology Group | G13 |
| DALIAN RIQIAN UNIT LOADING | D29 |
| Dasen Plastic Industrial (Suzhou) | D30 |
| Dematic - the Mind Behind The Machine | B1 & B3 |
| DOOG INTERNATIONAL | A5 |
| ECO WORLD DEVELOPMENT GROUP BERHAD | G4 |
| ELEMENT LOGIC SINGAPORE | G5 |
| Emerald Tyres | K6 |
| Geek+ | D3 |
| GIGA-TMS | A10 |
| GXO Logistics | F33 |
| GURKI | C2 |
| Hailo Professional | i10 |
| Hangzhou SuperAnt Technology | F15 |
| HEFEI ZHONGDING INFORMATION TECHNOLOGY | H3 |
| Honeywell | i13 |
| HOST PTE. LTD. | G29 |
| Hyster-Yale Asia Pacific | i17 |
| ICAS TECHNOLOGY (S) PTE LTD | E21 |
| iFACT | K13 |
| IFS Softeon | i12 |
| INFINIUM ROBOTICS PTE. LTD. | i29 |
| INFOLOG PTE. LTD. | F22 |
| inform音飞 ROBO | F13 |
| INTELLIHUB ROBOTICS TECHNOLOGY PTE. LTD. | H25 |
| Jinan Gradin Machinery | G8 |

| STAND | EXHIBITOR NAME |
|--|----------------|
| JW CONNECT TECHNOLOGY PTE. LTD. | F25 |
| Koerber Supply Chain SG *NO FASCIA* | H20 |
| Kole Robots | J13 |
| Kpler | F34 |
| Leadoin Intelligent Technology (Singapore) | H7 |
| Libiao Robotics | E11 |
| MDATECH PTE. LTD. | F28 |
| MESON LOGISTICS SOLUTIONS iDATA | A15 |
| METROPOLITAN WIRELESS INTERNATIONAL PTE. LTD. | i32 |
| MIAS | i9 |
| MingQ Technology | G3 |
| Modula South East | H13 |
| MOVANA AUTOMATION | D34 |
| MPM FLEXIBLE PROTECTIONS | G7 |
| New Trend International Logis-Tech | B27 |
| Phoebus IoT Technology | A8 |
| PORTCAST PTE. LTD. | F23 |
| PROJECT ARGUS PTE. LTD | G24 |
| RRC power solutions | i5 |
| SAAA@SINGAPORE | G21 |
| Shanghai JingXing Logistics | A6 |
| SEER Robotics | E9 |
| SLAMTEC | J21 |
| TSS - Shanghai Xinfan | H19 |
| SEEKRON | G2 |
| SICK PTE. LTD. | F21 |
| SIMPLR SOLUTIONS PTE. LTD. | E32 |
| SIPMM | D39 |
| Singapore Manufacturing Federation | K11 |
| SLIMSTOCK ASIA PACIFIC PTE. LTD. | E31 |
| Smart-Loop | C3 |
| SONEPAR SINGAPORE PTE. LTD. | G23 |
| Stellana-Global High Quality Wheels | A9 |
| STELLARIS ROBOTICS PTE. LTD. | H21 |
| Sunnyrack | A17 |
| Sunway Marketing (S) | J27 |
| TGW Logistics | F14 |
| Thales | H6 |
| Tianjin Master Logistics Equipment | C29 |
| TAPA APAC | K12 |
| Toyota Automated Logistics | B2 |
| Wipro Ferretto | i16 |
| WITRON | C1 |
| Wiferion - a PULS brand | F17 |
| Wuxi Guangchen Wheel Rubber & Plastic | A14 |
| ZIKOO ROBOTICS | B4 |
