CeMAT Australia Summary

CeMAT
AUSTRALIA

Australia's Leading Trade Show for Intralogistics, Robotics and Automation, Warehousing, Supply Chain Management and Materials Handling. CeMAT Australia is a unique opportunity to experience, first-hand, the range of solutions and technology setting the standards and future direction of logistics and warehousing in the Asia Pacific.

Who Should Attend?

- Logistics, Supply Chain, and Distribution Professionals
- Warehouse, Operations, and Facility Managers
- Retail, eCommerce, and Omnichannel Fulfilment Specialists
- Technology, Innovation, and Robotics Experts
- Procurement and Purchasing Decision-Makers

What's on:

- Exhibition – Explore the latest technologies in materials handling, automation, and logistics.
- Knowledge Theatre – Industry experts sharing insights on future trends, best practices, and innovation.
- Live Demonstrations – Hands-on experience with robotics, AI, and automation solutions in action.
- Networking Opportunities – Engage with industry leaders, solution providers, and decision-makers.
- Australian Forklift Championships – The ultimate test of skill, precision, and materials handling expertise.

Industrial Transformation Australia Summary

The premier platform for sparking innovation and strategic collaboration among manufacturers, technology providers, and thought leaders. This event goes beyond traditional trade shows by catalyzing the exchange of ideas and fostering network growth, all centered around the latest in automation, data exchange, and IoT technologies.

Who Should Attend?

- Manufacturers
- Technology Providers
- Business Leaders & Decision-Makers
- Supply Chain & Logistics Professionals
- Government & Industry Bodies
- Energy & Sustainability Experts
- Mining & Resources Professionals

What's on:

- **Exhibition** - Showcasing cutting-edge technologies and solutions that are driving the future of manufacturing.
- **ITA Innovation Stage**: A dynamic three-day program featuring expert insights, practical solutions, and the latest trends
- **Advisory committee**: Industry leaders who are actively contributing to the event, shaping discussions, and ensuring valuable insights.
- **Networking**: Connect with industry professionals, exhibitors, and thought leaders, creating valuable relationships and exploring new business opportunities.
