

PLANT HIRE & TRANSPORT ON TIME, EVERY TIME.

ASHBROOK

GOING ABOVE &

ASHBROOK has been serving the plant-hire industry for over 20 years, offering a customer focussed service often imitated, **but never matched.**

We offer the most modern, productive and fuel-efficient equipment from the industry's leading manufacturers all delivered by our reliable in-house transport division. From earthmoving, material handling and compaction equipment, through to one of the widest ranges of access equipment available in the country to our agricultural equipment, ASHBROOK are able to meet the demands of our customers time and time again.

ON SITE NEXT DAY ASSURANCE

KEY VALUES:

- We are an honest and **RELIABLE BUSINESS**
- Our equipment is **FIRST CLASS**
- Our rates are **FAIR**
- Our transport is **FLEXIBLE**
- Our service is **SECOND TO NONE**

EXCAVATOR HIRE

Starting with micro diggers that will fit through a standard doorway up to 36t for major earthworks, the ASHBROOK fleet is extensive and well maintained. All cabs (and canopies) fully ROPS and FOPS certified.

SITE DUMPER HIRE

Our wide range of site dumpers are sourced from JCB and are available in forward tip or swivel skip versions. We offer cabbled and un-cabbled versions to meet your requirements and offer all of our range with road legal packages.

TELEHANDLER HIRE

As one of the UK's largest telehandler fleets we offer a range of market leading telescopic handlers from JCB. From the compact 4m 516-40 to the impressive 20m 540-200, upgraded models with lift capacities up to 4.2t and agricultural telehandlers are also available.

BEYOND

THE ASHBROOK PROMISE

There are no unwanted surprises when you deal with ASHBROOK.

Integrity is at the heart of everything that we do and we value the relationships we have with our customers. You can expect honesty when it comes to availability, a competitive rate and no unexpected additional charges on your invoice.

The equipment will arrive on time, every time and should there be a breakdown, we will attend promptly and keep you informed along the way. Collections are dealt with quickly, any damage charges are fully transparent and you'll receive an accurate invoice at the end.

Can we say fairer than that?

- ✓ **AVAILABILITY** - Always Good
- ✓ **RATES** - Always Competitive
- ✓ **TRANSPORT** - Always on Time
- ✓ **DAMAGE** - Always Transparent
- ✓ **INVOICE** - Always Accurate

BEYOND

EARTH MOVING HIRE

Dozers & Dump Trucks are ideal earth moving tools and can quickly and efficiently strip sites and level hardcore to allow other plant to begin their operations, all our bulldozers are available with laser & GPS technology.

COMPACTION HIRE

Wide range of rollers available designed for the compaction of granular, cohesive & asphalt materials in construction and highway repair. From pedestrian and trench rollers to 18t self propelled. GPS compaction technology available.

ACCESS HIRE

Why not hire from our extensive fleet of diesel, hybrid and electric scissor lifts, articulated booms and vertical masts to help you work safely at height.

SITE ESSENTIALS HIRE

Whether you need tower lights, fuel bowsters, water bowsters, compressors or a site buggy to keep operations on site running smoothly, ASHBROOK have it covered.

TRACTOR HIRE

We can supply tractors from our range of over 26 models sourced from John Deere, CASE and Valtra, with various transmissions to suit your needs. All our tractors can be supplied with front linkage, front PTO, weight block, front end loader, guidance, row-crop and turf wheels.

AGRICULTURAL HIRE

We have a comprehensive fleet of agricultural equipment available for short and long-term hire. From 2,100 to 3,000 gallon vacuum tankers, bale, dump, grain and silage trailers, to machinery including rollers and power harrows, we can satisfy all your farming needs.

TRANSPORT

ASHBROOK offers a range of plant and equipment haulage and transporting services.

We specialise in the safe movement of plant and equipment, across a wide range of industries including construction, plant hire, rail, the list is endless. We are members of the RHA (Road Haulage Association) and all our drivers are experienced low loader operatives. We operate a modern fleet of articulated and rigid vehicles.

THE ASHBROOK FLEET

With ASHBROOK, you benefit from a quality driven company, who ensure complete satisfaction from the moment your order is placed through to delivery which is on-time, every time; whether you are a small company or one of Britain's larger organisations.

We run our fleet to approximately 3 years old which keeps us abreast of the latest technology and innovation available. Telematics are on all of our machines giving us the ability to view machine & fuel efficiency and diagnose a potential issue before any possible downtime occurs.
