

**MINIMISE DOWNTIME, MAXIMISE EFFICIENCY**

**HIGH PERFORMANCE TUNGSTEN POINTS**

50mm Wide = Code PA-06000

80mm Wide = Code PA-06001

**PRODUCT ADVANTAGES;**

- 1** Greater wear life than conventional tungsten carbide.
- 2** Positioning of carbide inserts **maintains working width.**
- 3** Bolts heads **protected from wear.**
- 4** Patented carbide system, **designed and manufactured in Austria.**
- 5** Share **fits on all common machine (tine) models.**

**SUITABLE FOR;**

| Make       | Model                 | Point Option |
|------------|-----------------------|--------------|
| Amazone    | Cenius, Ceus          | 50mm & 80mm  |
| Horsch     | Terrano               | 50mm & 80mm  |
| Kockerling | Trio, Quadro, Vector  | 50mm & 80mm  |
|            | Vario, Allrounder     | 50mm only    |
|            | Deltaflex             | 80mm only    |
| Kuhn       | Cultimer, Performer   | 50mm & 80mm  |
| Lemken     | Karat, Kristall       | 50mm only    |
| Vaderstad  | Cultus, Opus, TopDown | 50mm & 80mm  |

## MINIMISE DOWNTIME, MAXIMISE EFFICIENCY

**PERFORMA** parts are High specification parts - offering outstanding performance in the field to minimise wear rate and downtime to save you money.

Performa replacement parts are manufactured to the highest specifications, by our worldwide manufacturing partners from wear-resistant materials which are tempered in a controlled environment to produce parts with maximum strength and hardness whilst maintaining their form and durability increasing the effectiveness and efficiency of your machinery.
