

Electric Wheels[®]
ALL-TERRAIN UTILITY VEHICLES

ELECTRIC UTILITY VEHICLES POWERED TO PERFORM ANY TASK.

Electric Wheels offers a range of high quality, all-terrain, all-electric utility task vehicles (UTVs), available to hire or buy.

Aimed at those who are looking to make a more environmentally-informed choice, whilst meeting the performance demands required of utility vehicles.

We serve agriculture, leisure, conservation, events and media with our fleet of all electric UTVs, golf buggies and motorbikes.

With headquarters in Norfolk, we operate nationwide through a network of partners. Our vehicles are available to hire and buy.

This brochure covers our range of Electric UTVs. Browse to discover robust 4WD beasts through to reliable 2WD options.

- ✓ Zero emissions
- ✓ Practically silent
- ✓ Try before you buy
- ✓ Lower running costs
- ✓ Customisable options
- ✓ Performance without compromise
- ✓ Future proof your business operations

The Nipper®

Slim, nimble and capable of tackling all terrains

THE NIPPER®

4X4 ELECTRIC UTV

The Nipper® is designed for versatility making it just as easy to 'nip' out locally by road, as it is to cross a muddy field. Perfect for accessing narrow gaps and gateways. One of only two models in our fleet to feature an electric rear tipper (the rest are manual).

ELECTRIC
REAR
TIPPER

KEY FEATURES:

Powerful 5kW motor with zero emissions

Top speed 28mph

Super long range: Up to 75 miles on one charge

Fully road legal, can be supplied road-registered

Available in a choice of blue or green

2 individual comfort seats (not bench style)

Accessories available for this vehicle

- > 72v lead acid or 74v Li-ion battery pack
- > Glass windscreen with wiper blade as standard
- > Smart on-board charger fitted

www.electric-wheels.co.uk

THE NIPPER - 4X4 ELECTRIC UTV

THE RUNNER

2WD ELECTRIC UTILITY BUGGY

We've raised the suspension, fitted a powerful lithium-ion battery and upgraded the standard tyres. Ideal for challenging working environments.

KEY FEATURES:

Powerful 5kW motor with zero emissions

48v lithium-ion battery pack

Top speed 15mph

Up to 62 miles on one charge

- > Glass windscreen with wiper blade as standard
- > Fitted with a 16amp weatherproof plug & 13amp adaptor
- > Fixed rear bed
- > Intermediate tyres
- > 1 year warranty as standard

Accessories available for this vehicle

Available for short-term hire, long-term hire or purchase

The Runner

Our golf buggy on steroids

The **Turfer**

Our take on the Green Keeper's classic

THE TURFER

2WD TURF FRIENDLY ELECTRIC TASK BUGGY

This is the green keeper's classic with a difference - ours is whisper quiet. It's powered by a long life lithium battery and fitted with an electric rear tipper and a cab for comfort. This 2WD machine is ideal for sensitive grounds with turf tyres but still robust.

ELECTRIC
REAR
TIPPER

KEY FEATURES:

Powerful 5kW motor with zero emissions

48v lithium-ion battery pack

Top speed 18mph

Up to 62 miles on a single charge

- > Electric rear tipper as standard
- > Enclosed cab
- > Turf tyres
- > 2 comfortable seats
- > Glass window with wiper blade

- > 750kg tow capacity
- > 1 year warranty as standard

Accessories available for this vehicle

Available for short term hire, long-term hire or purchase
www.electric-wheels.co.uk

THE TURFER - 2WD TURF FRIENDLY ELECTRIC TASK BUGGY

THE STRONG SILENT TYPE.

Innovation in off-road utility vehicles with no compromise on performance - tough, durable, and perfectly equipped to perform brilliantly in any off-road environment. Our electric utility vehicles enable you to get the job done, in a clean, green and silent way.

Our product quality, level of service, and attention to detail is second to none. Electric Wheels is committed to driving positive change by overcoming barriers of environmentally friendly, off-road transport.

THE BEAST®

HISUN'S 4X4 ELECTRIC UTV

As the name suggests, 'The Beast®' has the largest motor on our fleet and is suited to tackle impressive inclines and tow heavy loads. It's robust, multi-use, fun and super versatile.

KEY FEATURES:

Impressive **15kW motor** with zero emissions

Fully road legal, can be supplied road-registered

Top speed 37mph (2 seat Beast only)

72v lithium-ion battery pack

Up to 60 miles on one charge

Choose 2 or 4 seats model

Accessories available for this vehicle

- > Power steering
- > Acrylic windscreen as standard
- > 16amp 'ceeform' weatherproof plug with max draw 14amp
- > Equipped with high and low range and diff lock
- > Gas assisted adjustable shocks
- > Manual rear tipper
- > Front winch
- > 2 year warranty as standard

Available for short-term hire, long-term hire or purchase
www.electric-wheels.co.uk

The **Beast**®

An all-powerful, all-terrain buggy

The Worker

Tackles tough terrain quickly and quietly

THE WORKER

HISUN'S 4X4 ELECTRIC UTV

The Worker is a practically silent and zero emission alternative to standard diesel UTVs. It's perfect for the farming/agricultural sector, large estate owners, municipal use, conservationists, recreation and more.

KEY FEATURES:

Powerful 5kW motor with zero emissions

Fully road legal, can be supplied road-registered

Top speed 28mph

48v Lead acid or lithium-ion battery pack options

Up to 55 miles on one charge (Li-ion Battery)

- > Maintenance free 'Discover' dry cell batteries
- > Fitted with a 16amp weatherproof plug and 13amp adaptor
- > Maximum current draw is 6amps
- > Front winch

- > Equipped with high and low range and diff lock

ABOUT US

OUR BRAND VALUES

DRIVING POSITIVE CHANGE

We believe in the power for positive change. From a state-of-the-art solar farm at our headquarters to the environmentally-friendly products that we offer. It is our mantra to provide better solutions for all-terrain transport - breaking down barriers to change, delivering cost savings and having a positive impact on the environment.

ULTIMATE CUSTOMER SATISFACTION

Ours is a five star service – product quality, attention to detail and all-round customer service is second to none. Electric Wheels offers greater flexibility, availability and responsibility. Our customers get more for their money, with the option to try before they buy through our exclusive hire business. Our range of vehicles ensures we can cater for any requirement.

ALL-TERRAIN TRANSPORT INNOVATION

With the huge innovation in on-road transport and infrastructure, there is a danger that all-terrain/off-road vehicles are left behind – we don't believe that should be the case. Electric Wheels believes in extending all the benefits of electric vehicles to rural environments, typically under-served by innovative transport solutions.
