

FARM MANAGEMENT SOFTWARE

Maximise your farm's performance, optimise growth

Farmplan™

WHO IS FARMPLAN?

Farmplan™, leading farm management solutions from Proagrica, provides trusted and fully supported software solutions, specifically designed for UK farmers and professionals working in agriculture.

Farmers who use Farmplan, stay with Farmplan. For over 50 years, our team of dedicated farming experts have proudly supported farmers with the most comprehensive and trusted farm management software solutions. We guide our customers through an increasingly complex business landscape to ensure they remain truly connected and fully compliant.

“ The speed at which the Farmplan support team answers the phone is a big plus point! I wouldn't go anywhere else. ”

Andrew Nicholls
H Snelson & Sons Ltd

“ Farmplan gives me the tools to really evaluate our enterprise performance and adjust for the future. ”

Esther Rudge
