The Accelerator Framework for Media & Entertainment Innovation

IBC created the Accelerator programme in 2019, to support the media & entertainment technology sector with a framework for **agile, collaborative** and **fast-track innovation**. The programme is designed to address a wide range of business and technology challenges disrupting the sector, for example:

- the transition to software and IP across the content supply chain
- the rapid evolution of new technologies e.g. AI, Voice, IoT, Cloud etc.
- potential for immersive & experiential tech e.g. VR/AR/XR, 8K etc
- the onset of 5G and a vast array of new creative, production & distribution opportunities
- a boom in direct to consumer platform plays and an original content
- regulatory disparity between traditional & online platforms and the value of trust
- fragmenting audiences across platforms, screens and devices
- accelerated remote & distributed production strategies as a result of the corona crises

The **IBC Accelerators** take on ‘bite size’ challenges in a project based, multi-company approach, developing innovative solutions to common pain points, with invaluable ‘hands on’ experimentation.

The programme was hailed in 2020 by more than **sixty leading media organisations** as a new and highly valuable approach to collaboration, with teams working together to develop viable solutions to complex media challenges in just a few months!
Accelerator Challenges & Project Teams:
- Set by Champions, project challenges address and aim to solve common, business & technology problems
- Projects teams comprise both Champions & Participants with specialist technology expertise to solve the challenge
- Teams develop solutions over an intensive 4-5 months project timeline, with weekly or bi-weekly online meetings
- Solutions demonstrate value of industry standards & best practices, with an open R&D approach
- Projects culminate in ‘Proof of Concept’ Showcase demonstrations and discussion forums at IBC in 2021

Project Champions:
- Broadcasters, studios, platforms, content providers - the potential buyers/ end users of products & solutions
- Champions define business or technology challenge and help develop the project use cases.
- There can be multiple Champions (or co-Champions) of a project, but the minimum requirement is one.
- Champions do not pay fees to lead and support projects, but expected to provide time and supporting resources
- Champions can take part in as many projects as they wish

Project Participants:
- Vendors, manufacturers, developers, systems integrators - companies which sell products and solutions
- Working collaboratively, participants help design the solution with the guidance of Champions
- There must be a minimum of four Participants working on a project, maximum is ten within any one project
- Participants fees are applicable (see page 14 ‘project fees) and can participate in as many projects as they wish
Accelerator Team Member Commitment

Champions’ Commitment:
- Help to identify potential Co-Champions and Participants, working with IBC to engage and recruit to the project
- Define project objectives, scope and deliverables, working collaboratively with Co-Champions and Participants
- Help identify use cases, agree project plans, establish workstreams and provide guidance as project develops
- Provide resources with specific expertise for the duration of the project or specific phases and facilities for testing, meeting, demonstrations, where agreed & appropriate
- Validate that the proposed solution provides value to their organisations and the wider industry
- Attend at least 80% of weekly or bi-weekly 1hr meetings (at the project team’s discretion) and relevant showcase events including of course IBC2021 activities either physically or virtually

Participants’ Commitment:
- Work with Champions and other vendors to develop project aims, scope, plans and timelines
- Develop solution/product design & deliverables including the proof-of-concept demonstration
- Complete the necessary documents (project charters, templates, etc.) as required by the team
- Provide resources with specific expertise for the duration of the project or specific phases and facilities for testing, meeting, demonstrations, where agreed & appropriate
- Work collaboratively with other project team members
- Attend at least 80% of weekly or bi-weekly 1hr meetings (at the project team’s discretion)
- Attend relevant showcase events including IBC2021 activities either physically or virtually

IBC Accelerator Kickstart Event

The Springboard for Project Development

IBC’s Kickstart event in February brings together Champions and Participants from across the media ecosystem to pitch challenges, share insights and discuss potential solutions. This innovation focused event culminates in the formation of crack project teams ready to start development in 2021....

▪ In February 2020, more than sixty executives from leading media & entertainment organisations came together in London to present and hear pitches, to discuss and get involved in challenges for Accelerator projects. Watch the Kickstart Day video from 2020 here

▪ The formula was an overwhelming success, with the foundations for eight key projects originated, developed and subsequently delivered over the course of 2020.

▪ IBC is planning a virtual Kickstart event in March 2021 where challenges will be pitched alongside discussion sessions and interviews with industry leaders and Accelerator Champions & Participants

Get your Pitch Together!

▪ Challenges for the Kickstart Event should be submitted using the Challenge Submission form at See: https://show.ibc.org/call-for-innovation by Friday 26th February 2021

▪ Following approval of your submission, the team will be in touch regarding full details of the event, to help you prepare your pitch, begin outreaching to prospective team Co-Champions and Participants.

WHY CREATE OR JOIN AN ACCELERATOR?
Benefits of Creating or Joining an IBC Accelerator Project

For Champions e.g. Buyers of Media Solutions:

▪ Accelerate R&D without months of commercial negotiations and contracts
▪ Multiply R&D resources and get fresh expert insights on disruptive technologies
▪ Work collaboratively with peers to fast track solutions to common challenges
▪ Get fresh creative ideas & tech expertise from multicompany, multinational teams
▪ Accelerators are a safe and trusted environment to experiment
▪ Visibility as a thought leader across the 250k+ IBC media technology ecosystem

For Participants e.g. Solutions Providers & Vendors:

▪ Work with champions inside and outside of usual sales sightline
▪ Gain an inside track from learning about and solving the tangible pain points of champions
▪ Apply expertise to new use cases and prove the value of your innovation & solutions
▪ Get maximum visibility across the IBC community with multiple marketing platforms
▪ Develop teams with real world challenges, working with cross industry players

“We had a collection of world class AI expertise and great minds working on the project, all the way from California to Singapore, UK and Ireland to Italy, and all working collaboratively, yet remotely. We achieved an enormous amount in just a few months. It’s been a tremendous way to push forward our own capabilities, especially for areas that aren’t necessarily ‘off the shelf’. A wonderful experience and team to work with.”
Grant Totten, Head of Emerging Media Platforms, Al Jazeera Media Networks.
Accelerator Value Proposition:

- **Dedicated IBC project support:**
  Providing IBC programme management across the project cycle, assisting and facilitating the team with the development of the project, including recruitment of required expertise and marketing/visibility of the Accelerator projects from April to September (responsibility for the technical project management rests with the Champion project lead and assigned team members).

- **Significant IBC Marketing of the Accelerator Programme & Projects:**
  - **Dedicated online Accelerator project web page on IBC website** - Highlighting objectives, scope, progress and news relating to the individual accelerator projects in one place.
  - **Accelerator Feature Video** presenting the aims, challenges, opportunities and progress of the project in solving the challenge, including commentary from team members.
  - **Inclusion in editorial coverage, webinars, podcasts & features on IBC365 and on IBCTV and Edaily.** Further promotion in IBC newsletters, IBC Week marketing and social media with regular individual project news and updates across IBC social channels.
  - **Projects featured at IBC 2021,** whether virtual, physical or hybrid in 2021, the IBC Accelerator programme will feature prominently across IBC platforms and sessions, including show floor showcases, theatre presentations and virtual live streamed sessions.
  - **Additional opportunities** to disseminate the project development & outcomes, at other key industry events through the year to be confirmed.
IBC Accelerator Participation Fees 2021

IBC Accelerator Participation Fees (Champions do not pay fees)

- Fees for project participation are defined by Participant vendor’s annual revenues, as per categories below

- Participation fees cover a number of aspects of the programme, notably IBC’s facilitation and management of projects, team recruitment, collaborative tools, project by project marketing, PR and showcase events.

- Fees are based on a hybrid Accelerator showcases – combining physical & virtual showcase events at IBC21

- Accelerator Projects must have a a minimum of one Champion and four Participants to make a viable project team, to be approved to go forward.

- Champions do not pay fees, but provide guidance and advice to support projects based on perspectives as buyers, as well as resources, as required and appropriate

- Fees are per project participation, and may change for 2022
