A2.005L - Freestanding Frame Large	Page 7

Great Value Options

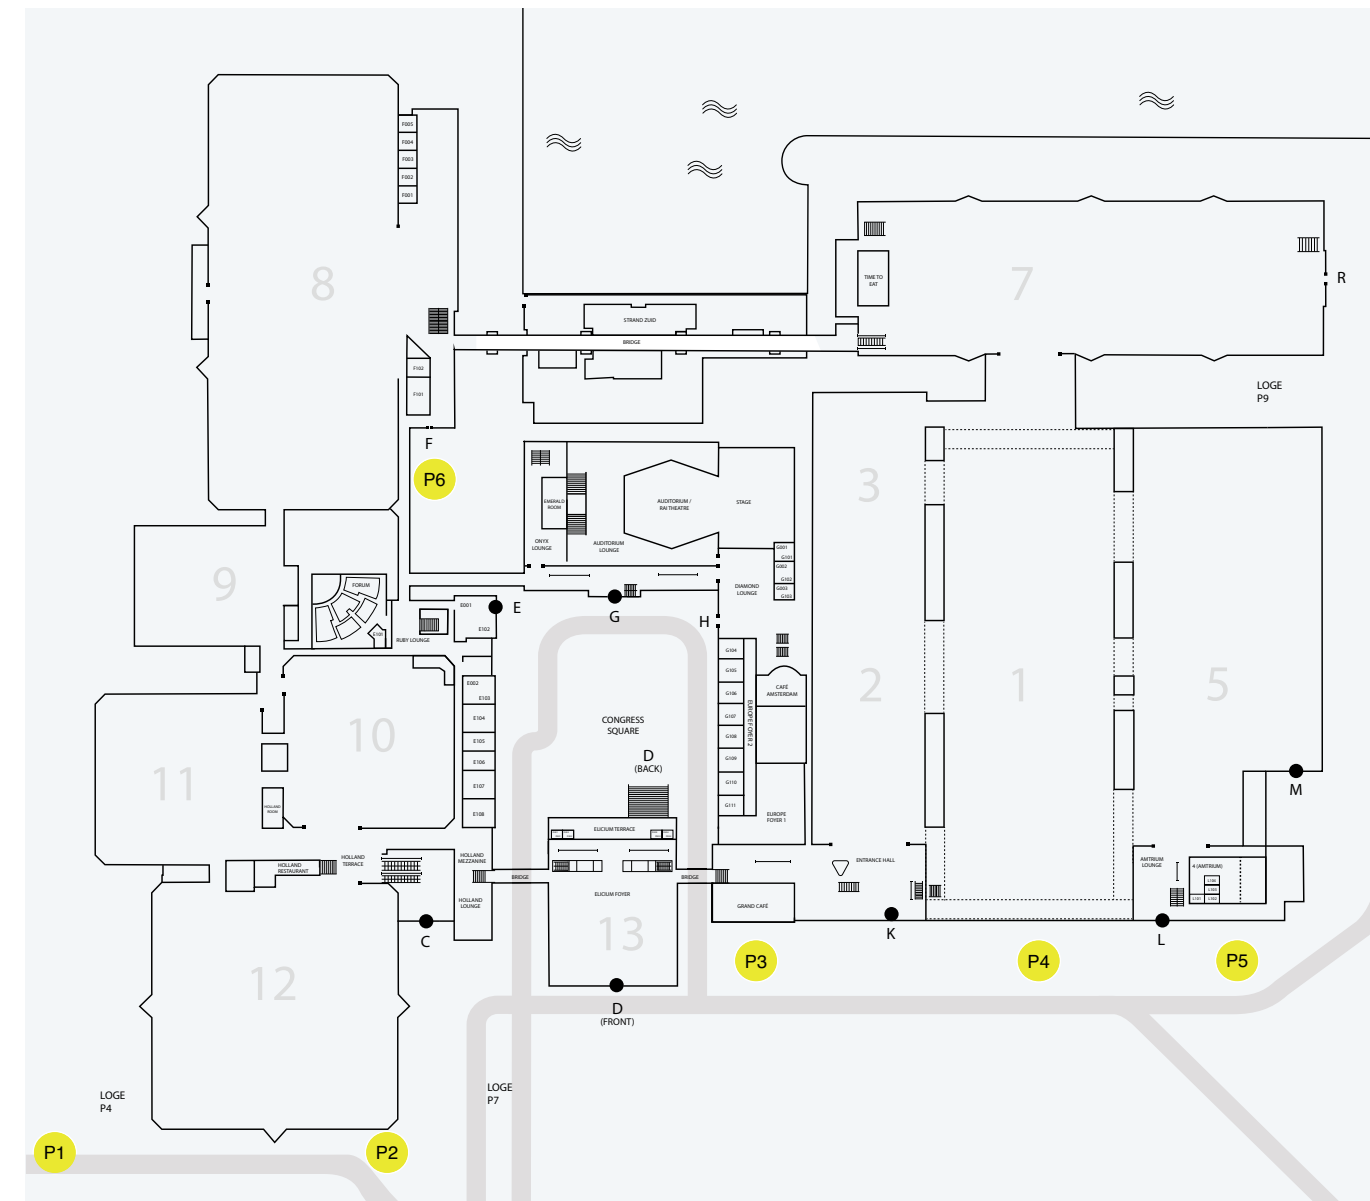

A2.002 - Totem double-sided	Page 5
5A2.004S - Tower Small	Page 6

Description

These new freestanding banners are perfect for wayfinding to the entrance. The heavy and coated base makes sure this item stands up to many types of weather. The textile banners give this item that high quality finish. The double-sided version makes sure both sides of the product are fully covered and no one can see inside the frame.

**M**

W 1250 x H 3000 mm
Rate **£ 4,750.00**

**S**

W 1000 x H 2500 mm
Rate **£ 4,000.00**

Description

Looking for exposure from every angle? Here you go! These can be used for branding, sponsorship and directional purposes. With the frame being barely visible, this is a very good looking item. A heavy construction inside makes sure it will not move an inch, while the high quality textile banners make sure you will not see anything of the inside.

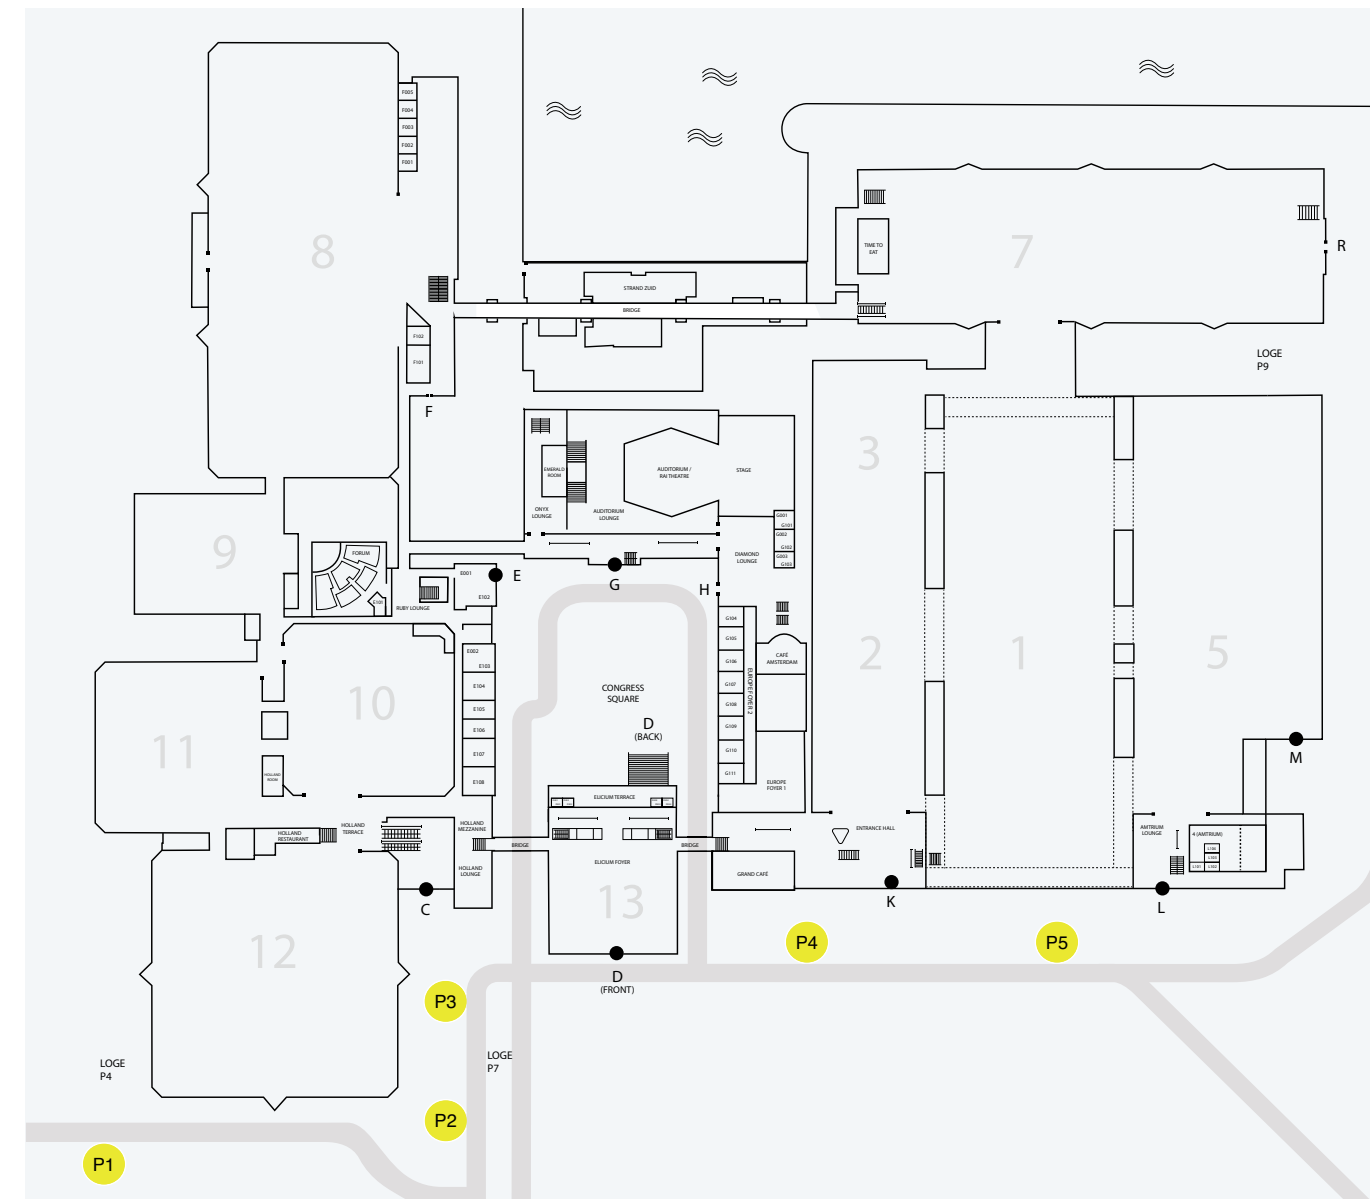

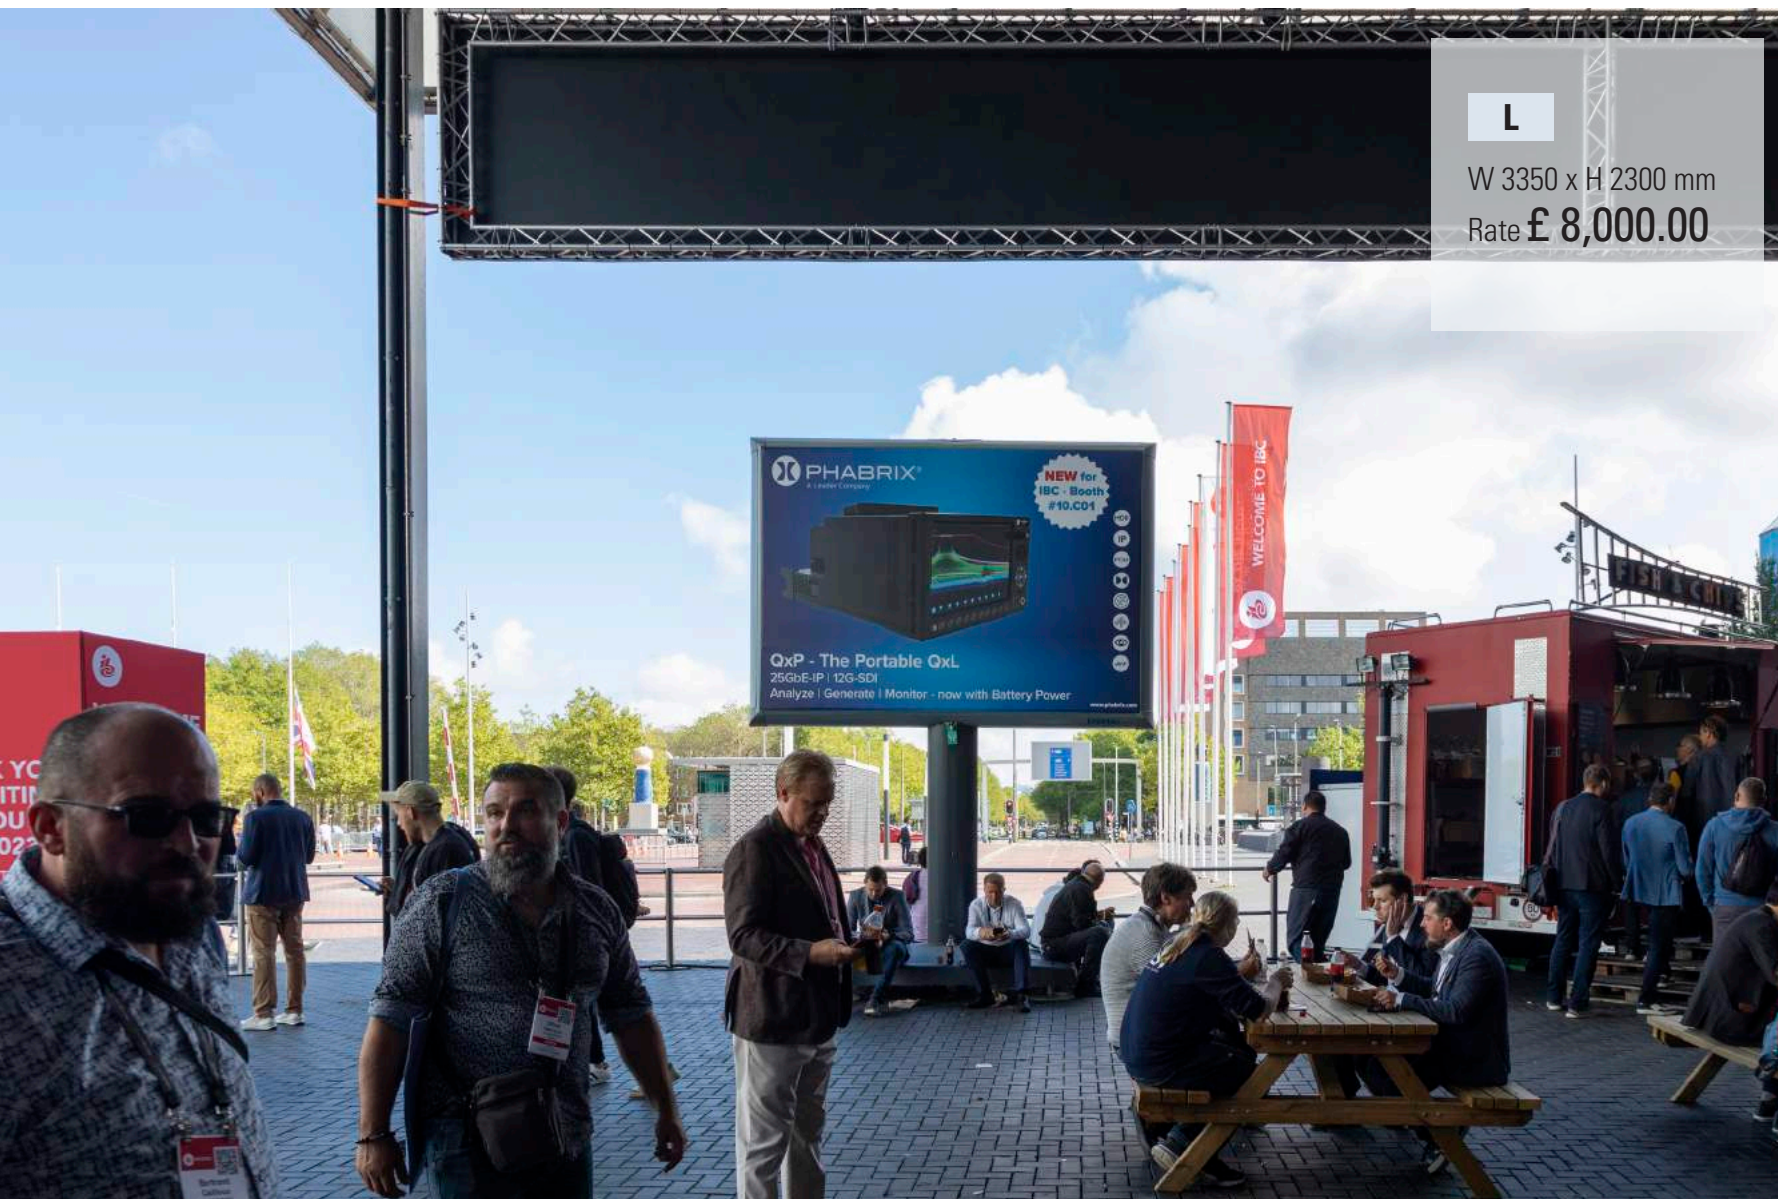

W 5000 x H 3000 mm
Rate **£ 6,000.00**

W 3000 x H 2000 mm
Rate **£ 4,000.00**

This item is best placed along a wall to the entrance. It consists of trussing and a textile banner that is folded around the construction to hide it. Weighed down by concrete for extra stability, this large item will definitely stand out!

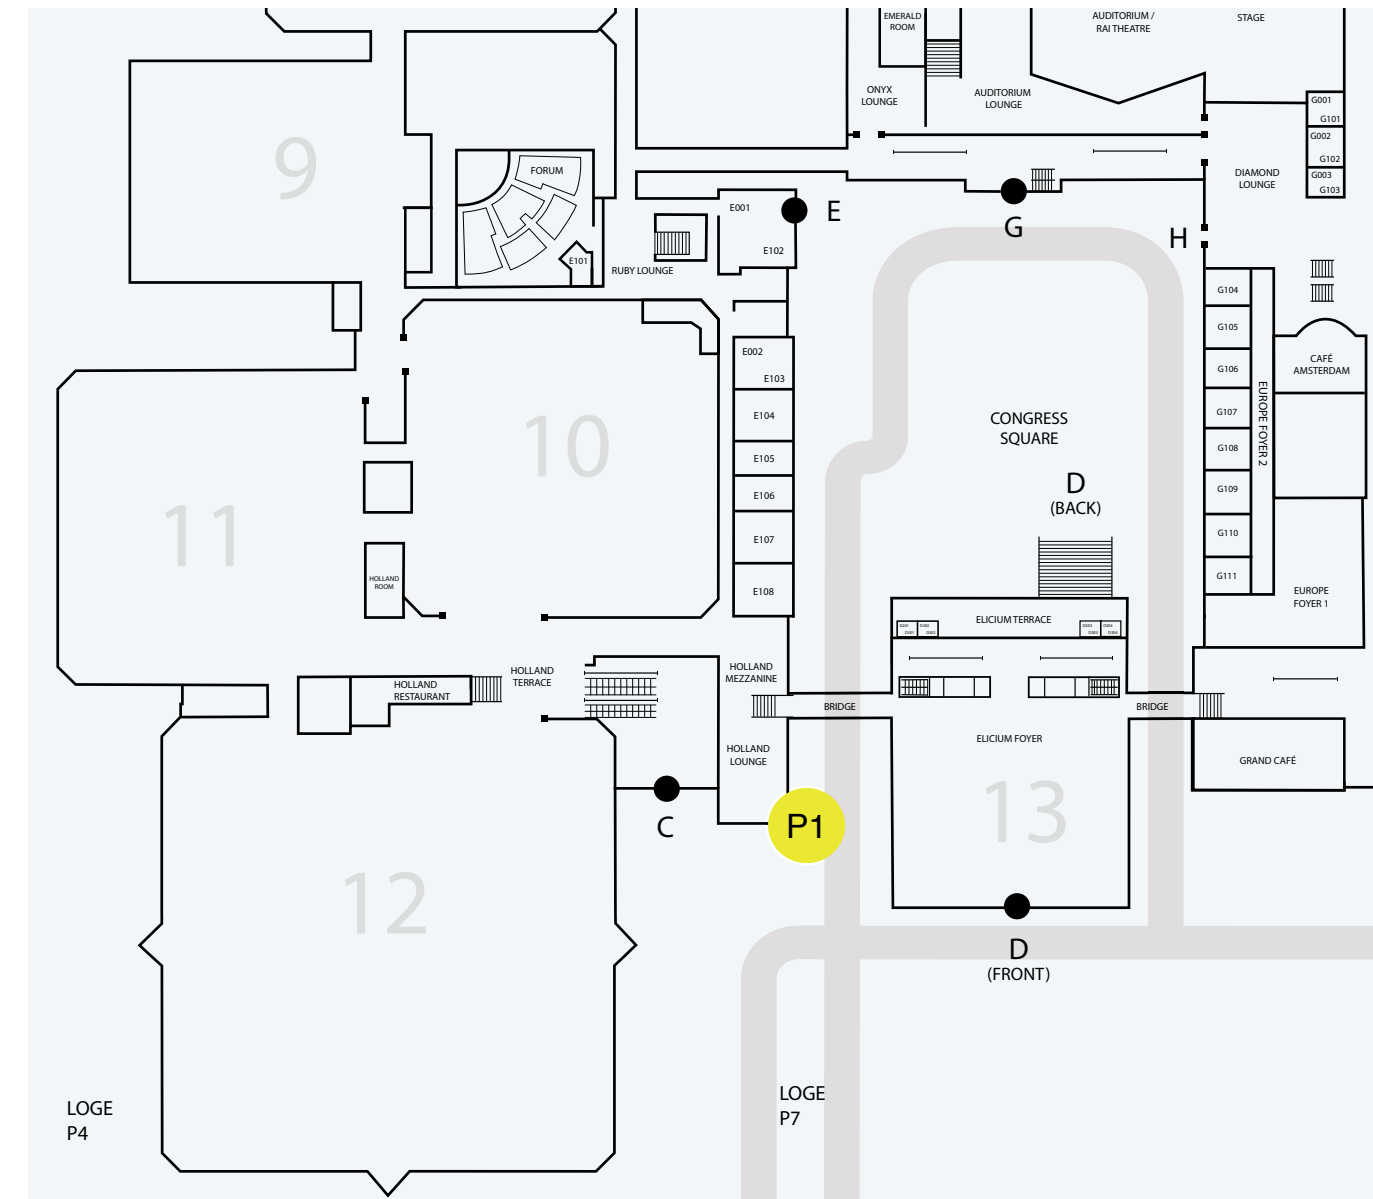

Description

Placed on a large base, this billboard is a bit higher up so it is easily visible from far away. All billboards are double-sided and have internal lighting for exposure when it is dark as well.

ALSO CHECK OUT PAGE 20

Description

This arch consists of a slim frame with textile banners on every side. That means front, back, inside and outside. This item is usually placed before an entrance or hallway. This can also be used inside.

A3.002S - Strip banner Small	Page 14
A3.003 - Facade banner	Page 15
A3.008 - Drywalk banner top	Page 20

Description

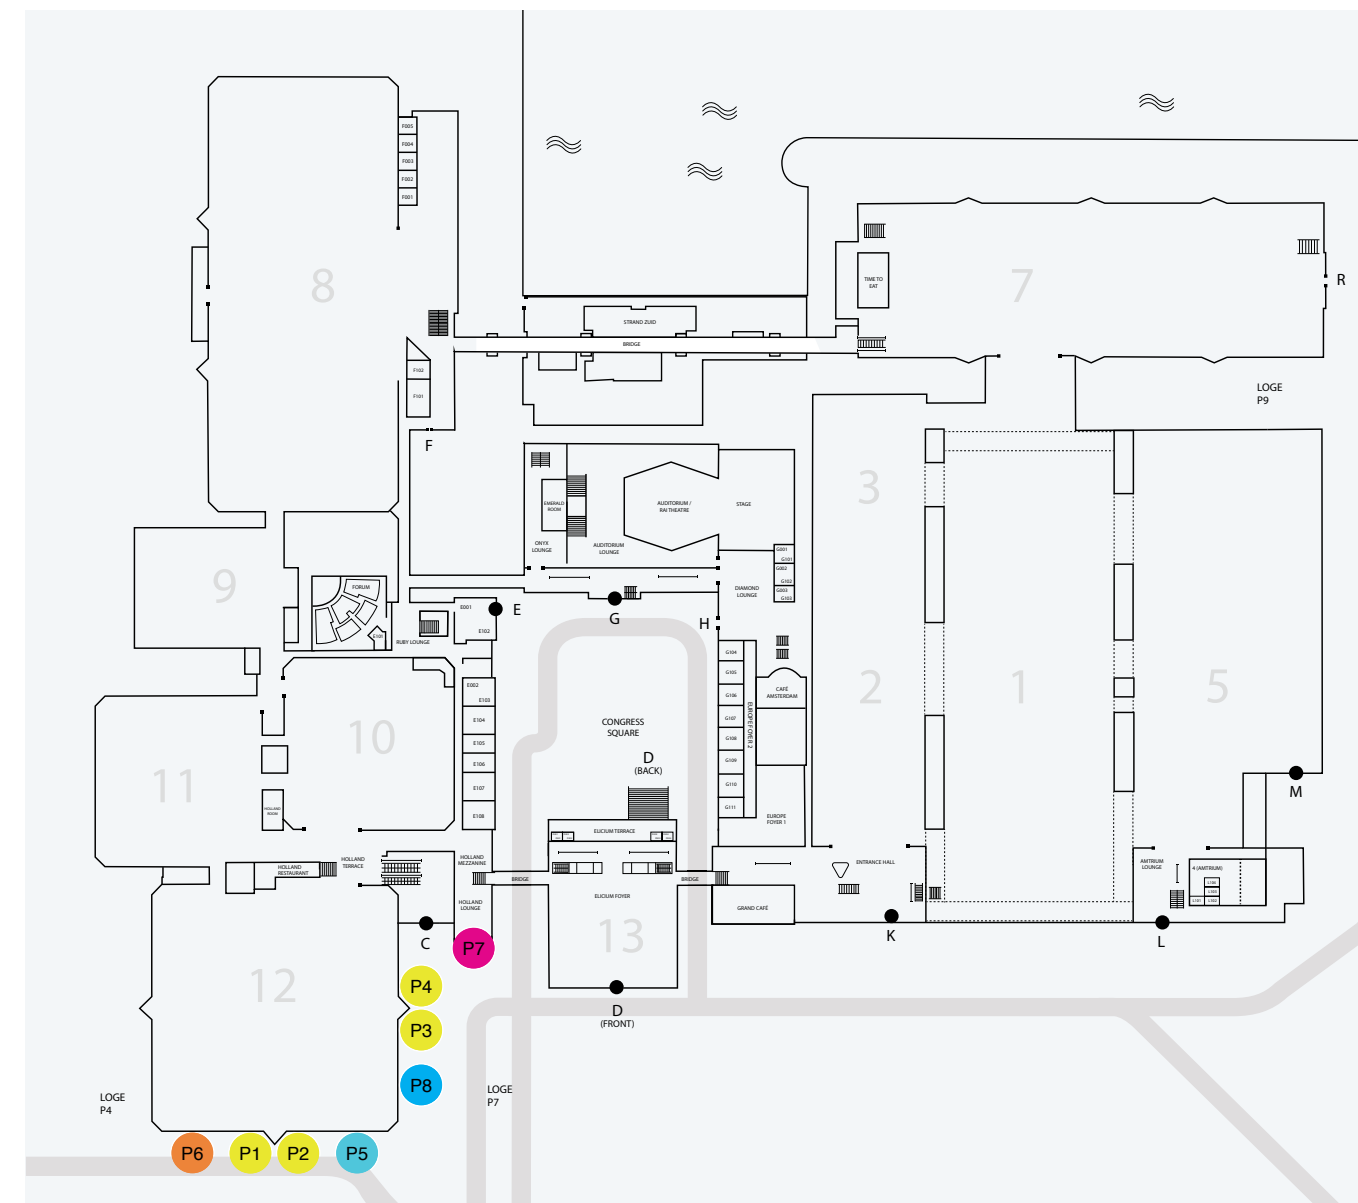

This banner is hung from the bridge that every visitor will pass when going to the Train- and Metrostation from the RAI, a great way to say goodbye or announce the next event dates! Available in multiple sizes, this item is the last opportunity to show a message.

**M**W 5400 x H 1800 mm
Rate **£ 6,500.00****Description**

For people coming from RAI Train- and Metrostation this is the first branding item they will encounter. When visitors see the colours they recognise from earlier communications, they will feel welcome and know they are on the right path. It is a great way to introduce the brand they know and the event colours that go with it. The textile banner in a slim frame gives this a smooth look.

Rate **£ 5,000.00**

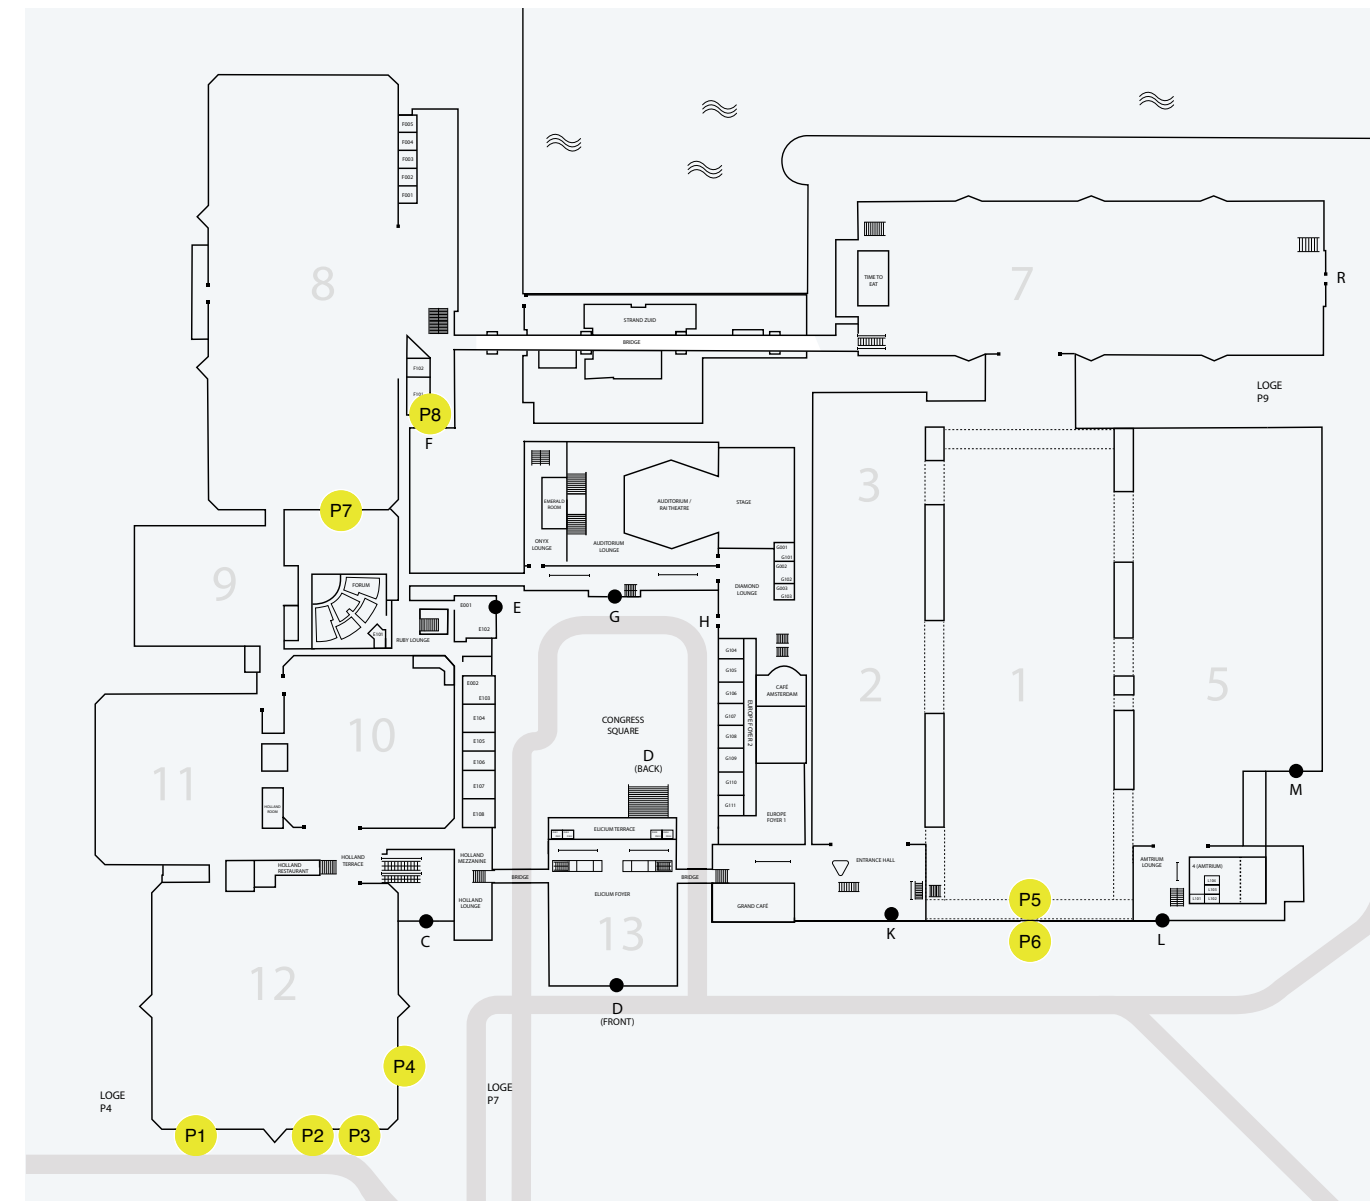

Description

The balcony of hall 12 or entrance C is a perfect spot to create brand awareness. All visitors coming from RAI Station will pass the balcony on their way to one of many entrances. The truss construction on the balcony is wrapped like a present to make sure you will not see the construction.

Colour guide

- Size S
- Size M
- Size L
- Size XL
- Size XXL

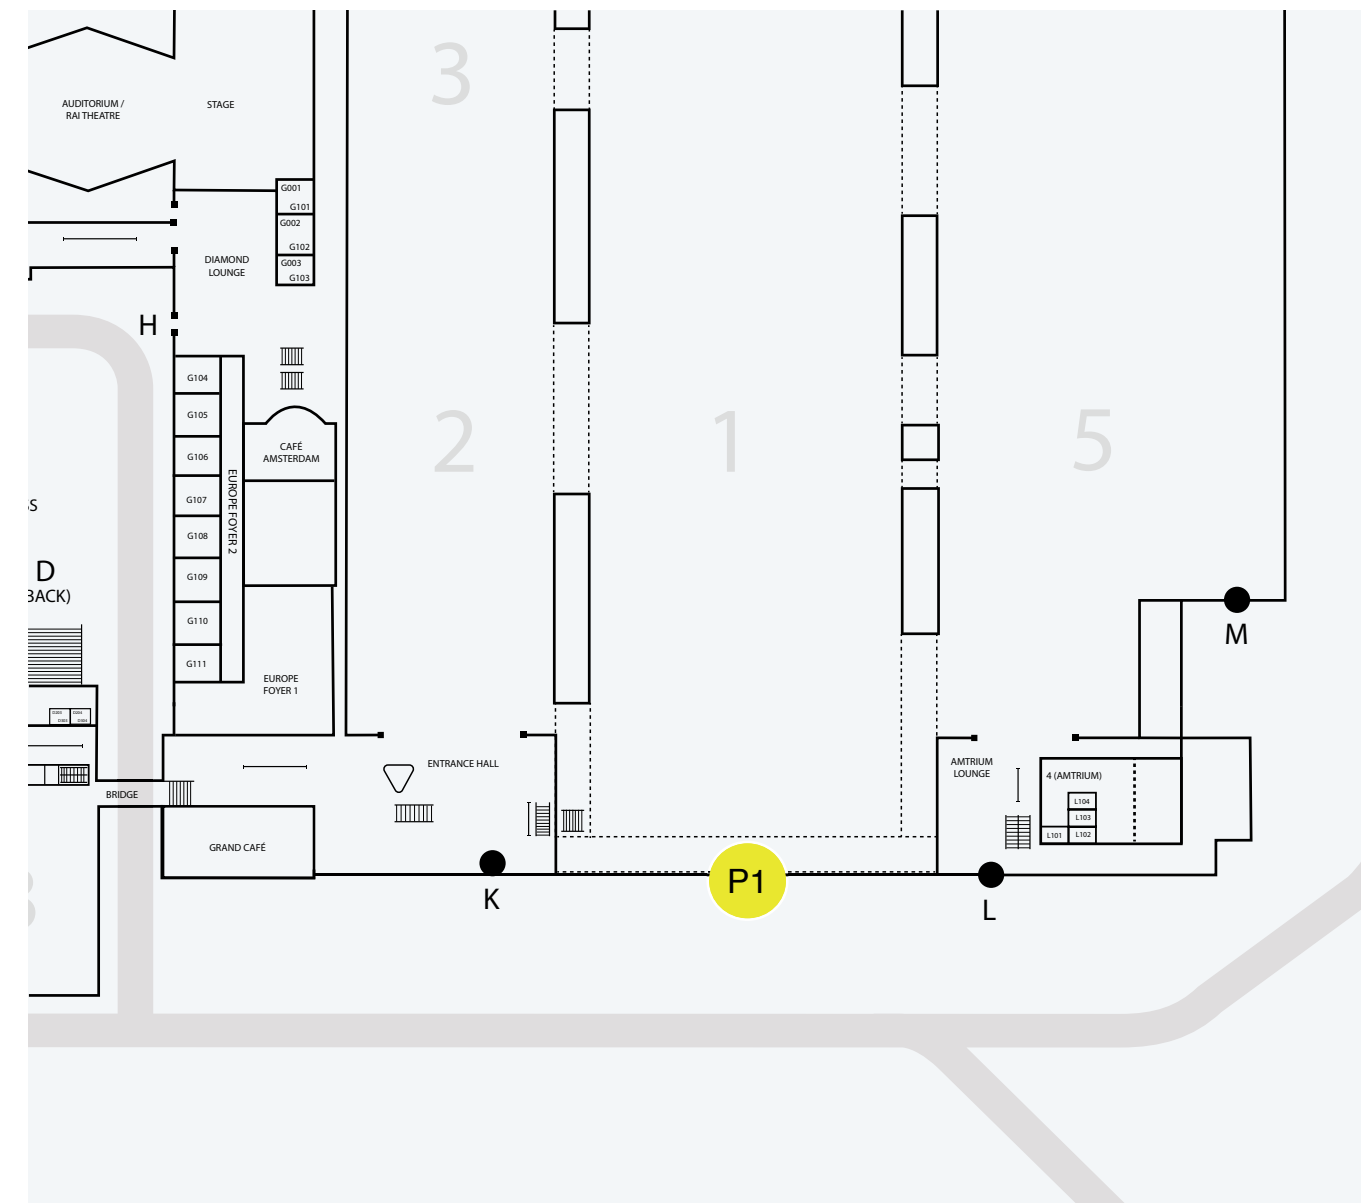

Description

This banner can be placed in one of the fixed frames all around the venue. More than 80 square meters of exposure from just one banner! As shown in the photo, there are two of these frames above each other on Hall 1. Please see the map for the locations of all the frames.

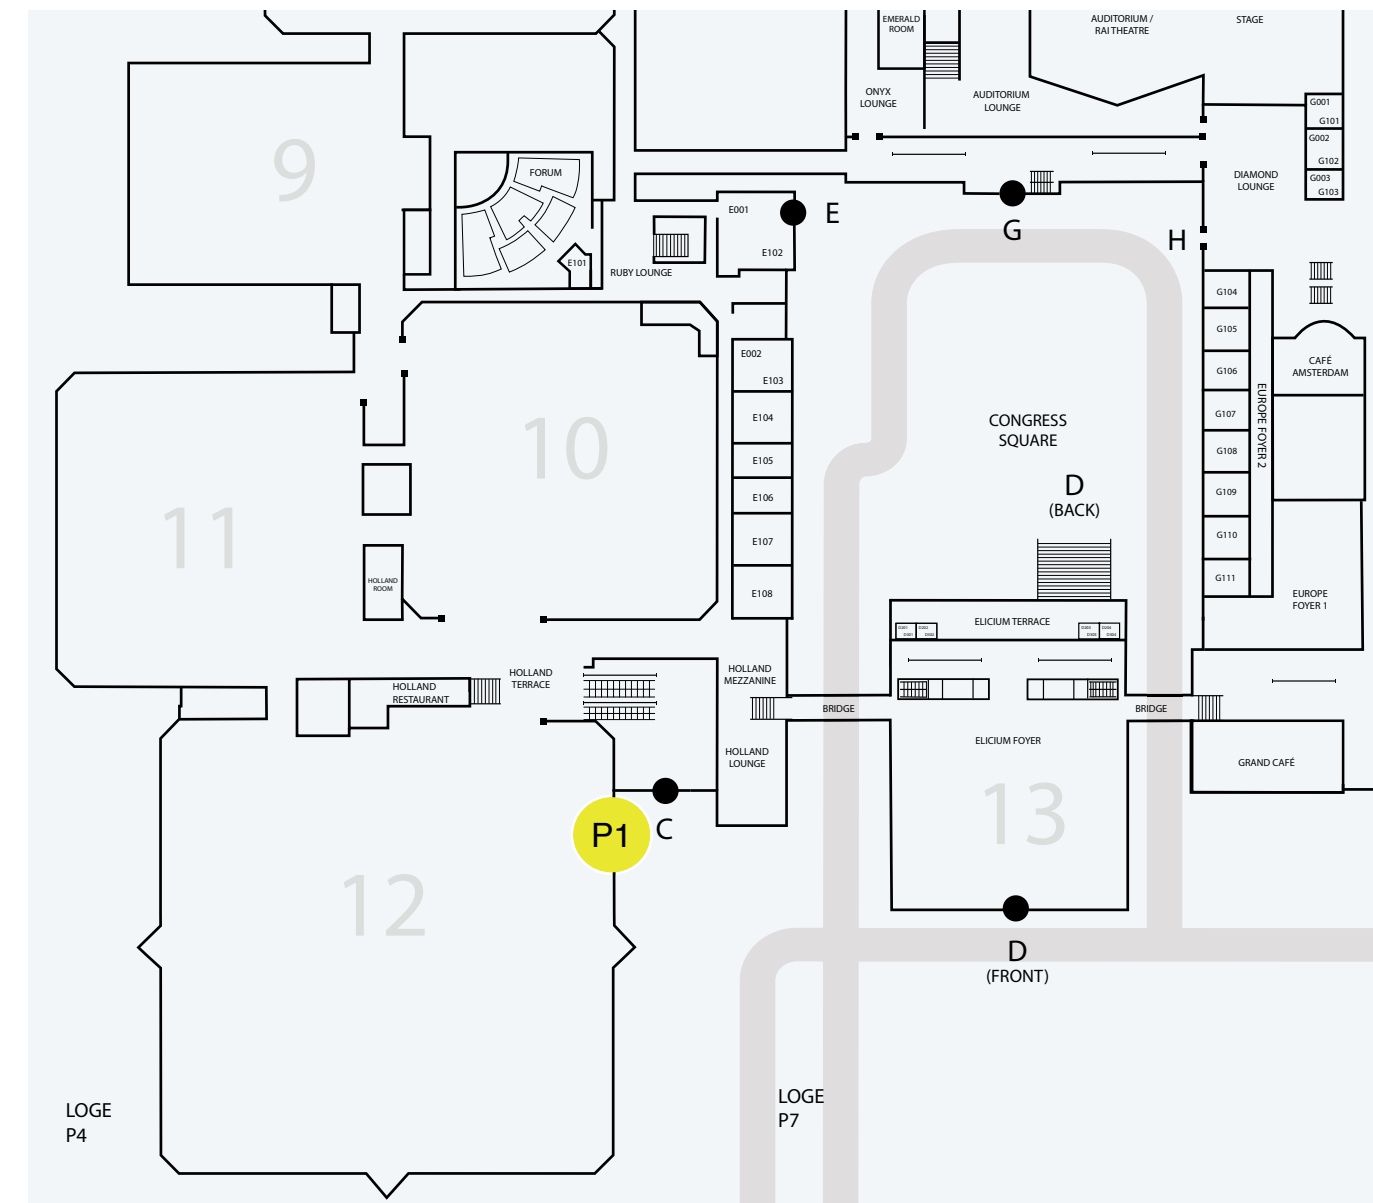

Description

This huge banner can be installed on the front of Hall 1. The two frames on Hall 1 can be linked to create one big frame, resulting in more than 180 square meters of exposure.

Description

Next to Entrance C there is a spot ideal for a large banner. This is usually branded by sponsors as this option is directly to the main entrance. Who doesn't want to have their brand directly at the event entrance?

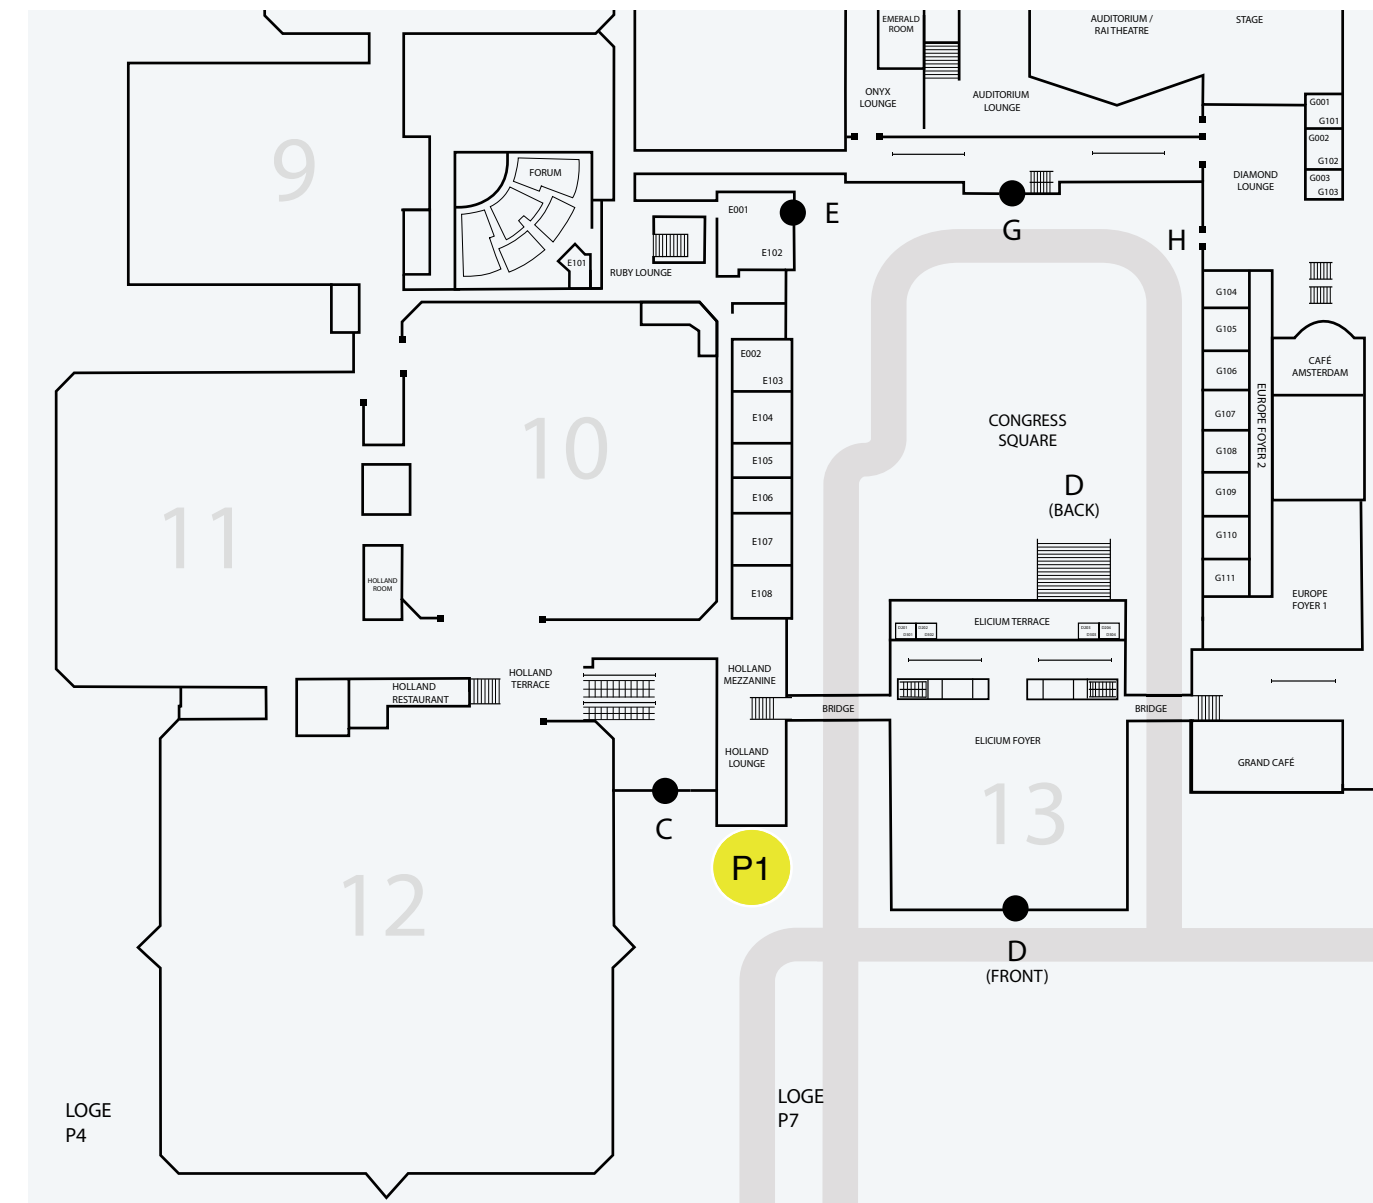

Description

Next to Entrance F there is a spot ideal for a large banner. This is usually branded by sponsors as this option is directly to the main entrance. Who doesn't want to have their brand directly at the event entrance?

**S**

W 18000 x H 2000 mm
Rate **£ 12,500.00**

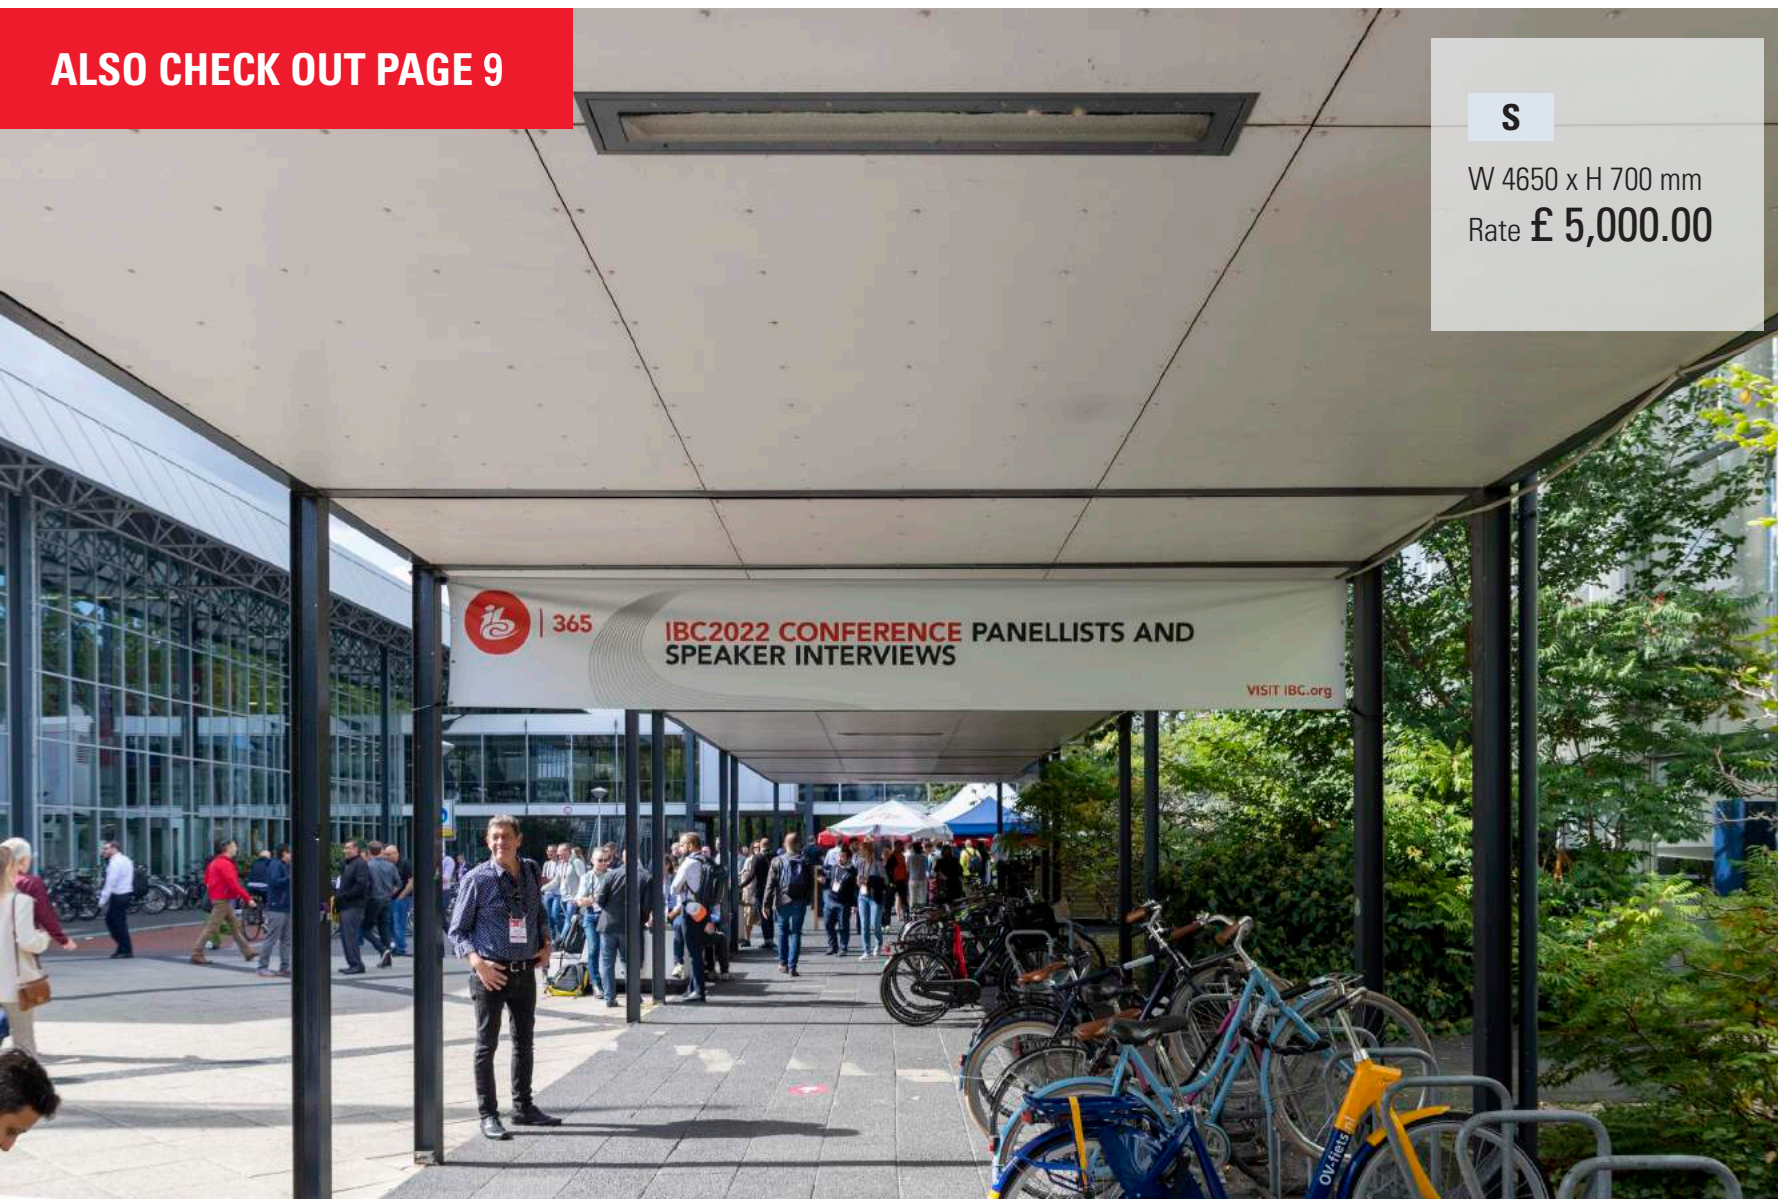

Description

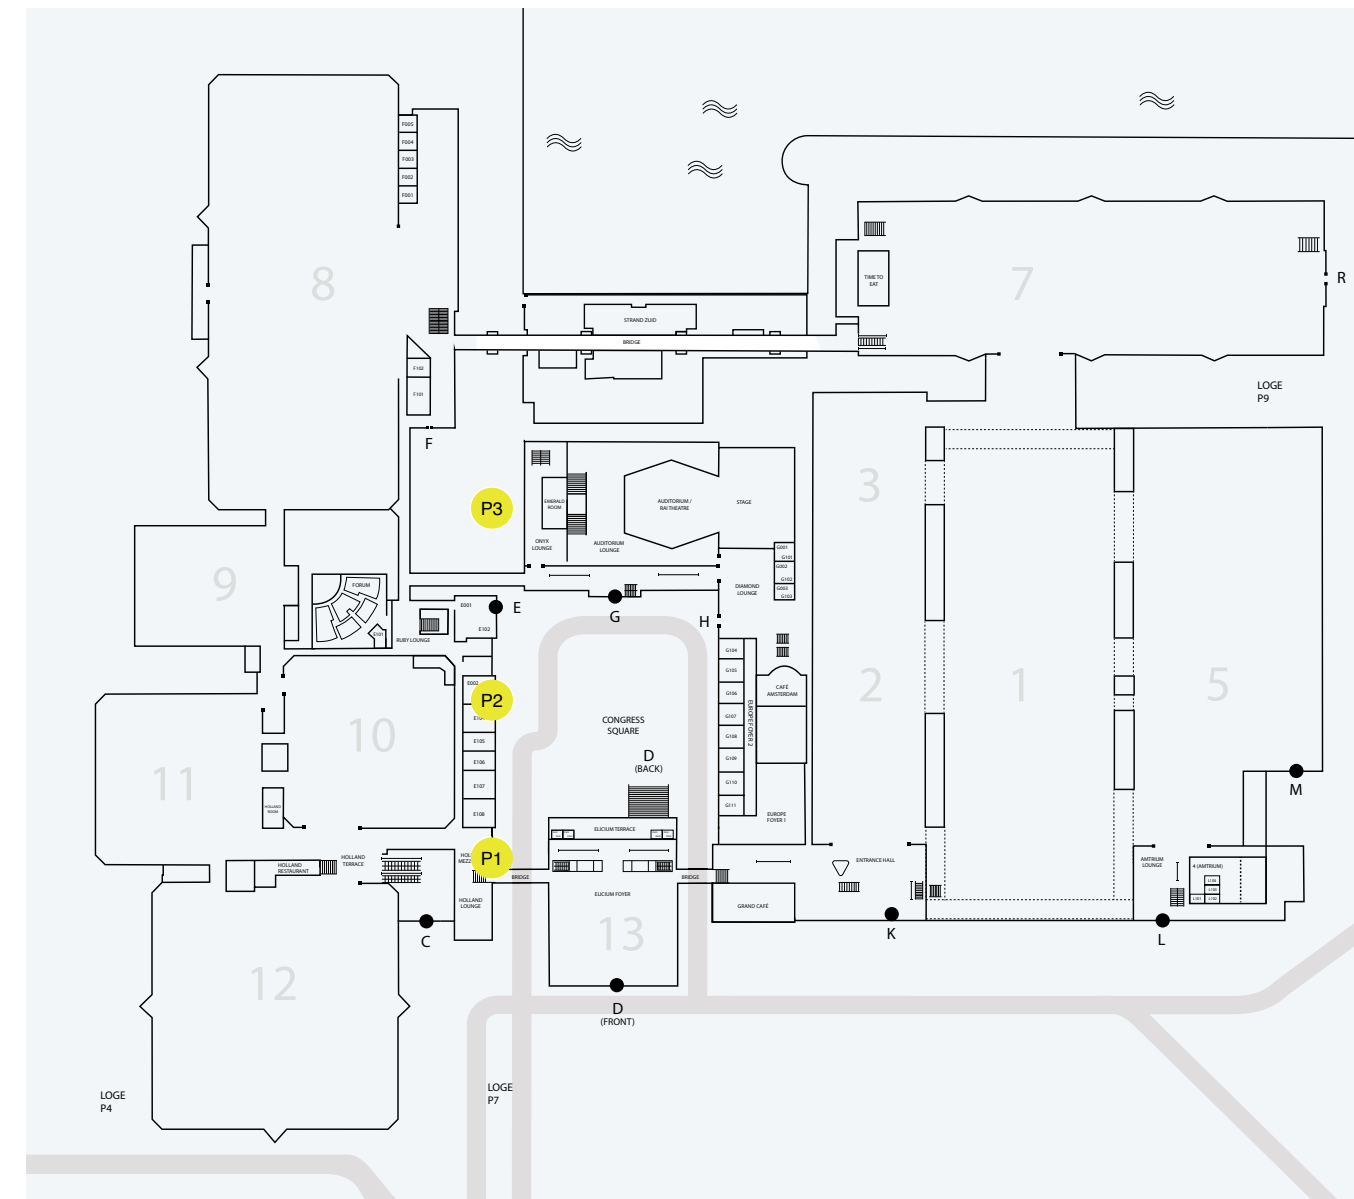

This porch banners is situated at entrance C. When you turn the corner onto the front square, this item will be clearly visible and higher up than many of the other items. With almost 20 meters in length, it spans quite a large area, which ensures a lot of people will notice.

ALSO CHECK OUT PAGE 9

**S**

W 4650 x H 700 mm
Rate **£ 5,000.00**

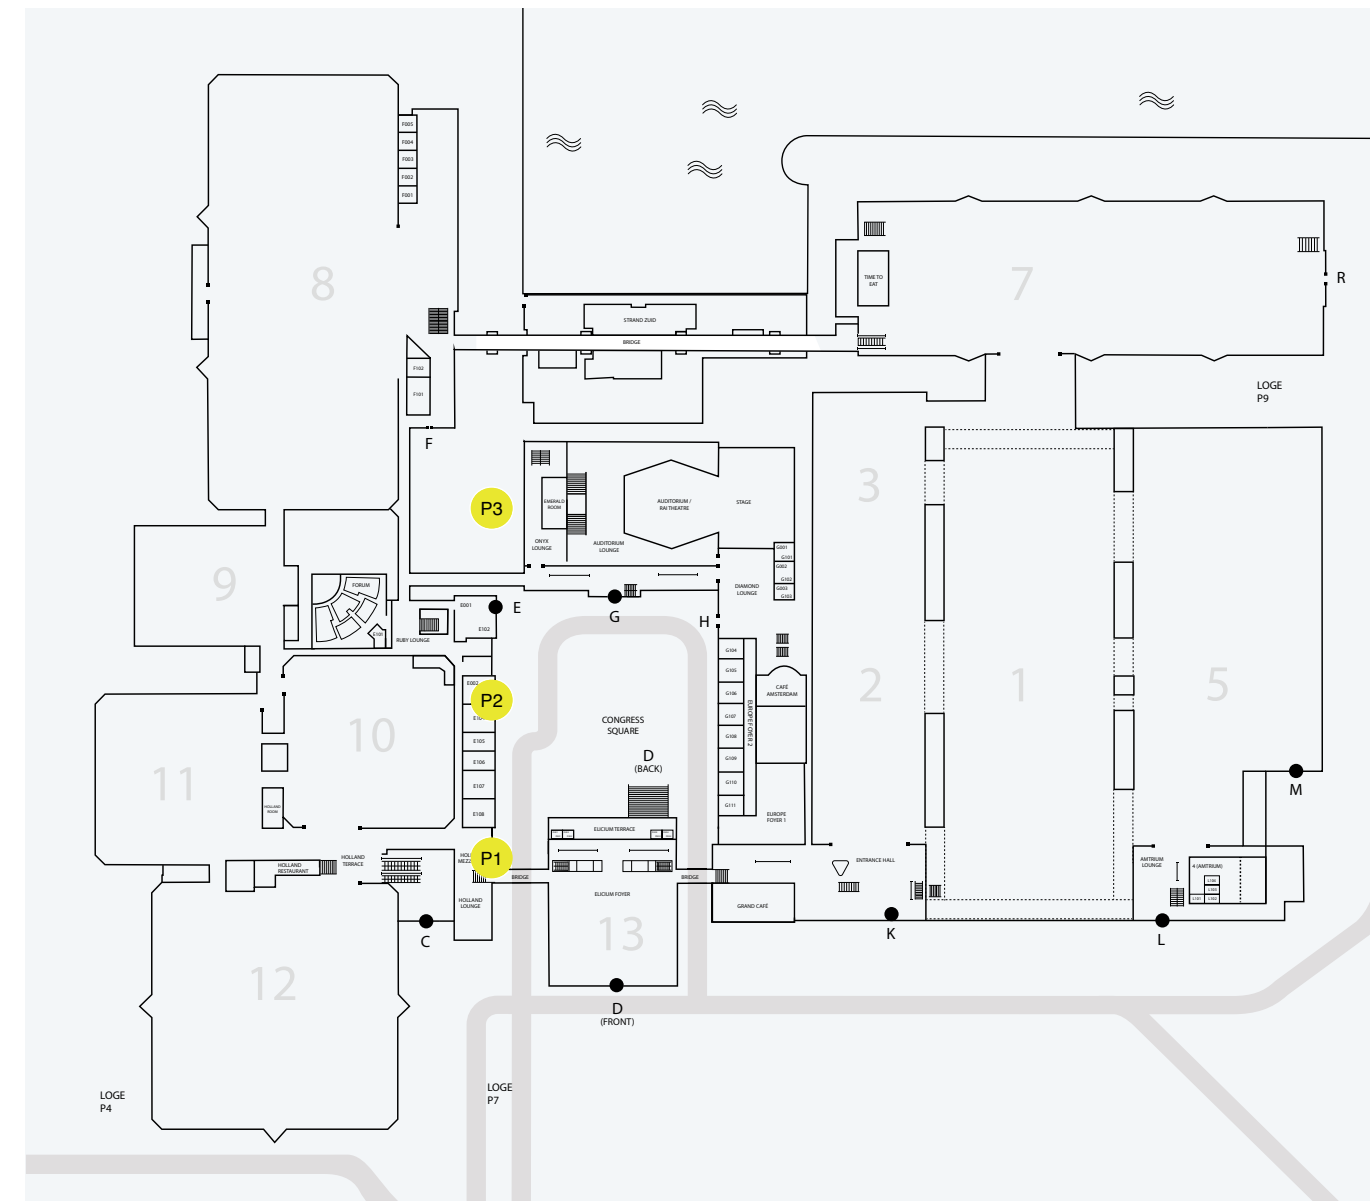

Description

If you are using one of the entrances at the back of the RAI, everyone will have to use the drywalk. You can be certain every single visitor will pass this area, ideal for branding. Tip: If you order multiple you can actually tell a story all the way to the entrance.

Drywalk banners can be hung at the top of the drywalk. The drywalk leads from the corner of Entrance C to entrance E, F, G and Strand-Zuid. The drywalk can be used by visitors from multiple events, hence why no exclusivity is to be given here. The only way to ensure exclusivity is to fill (almost) every position.

Description

If you are using one of the entrances at the back of the RAI, everyone will have to use the drywalk. You can be certain every single visitor will pass this area, ideal for branding. Tip: If you order multiple you can create a 'tunnel of branding'. Drywalk banners can be hung at the side of the drywalk. The drywalk leads from the corner of Entrance C to entrance E, F, G and Strand-Zuid. The drywalk can be used by visitors from multiple events, hence why no exclusivity is to be given here. The only way to ensure exclusivity is to fill (almost) every position.

Description

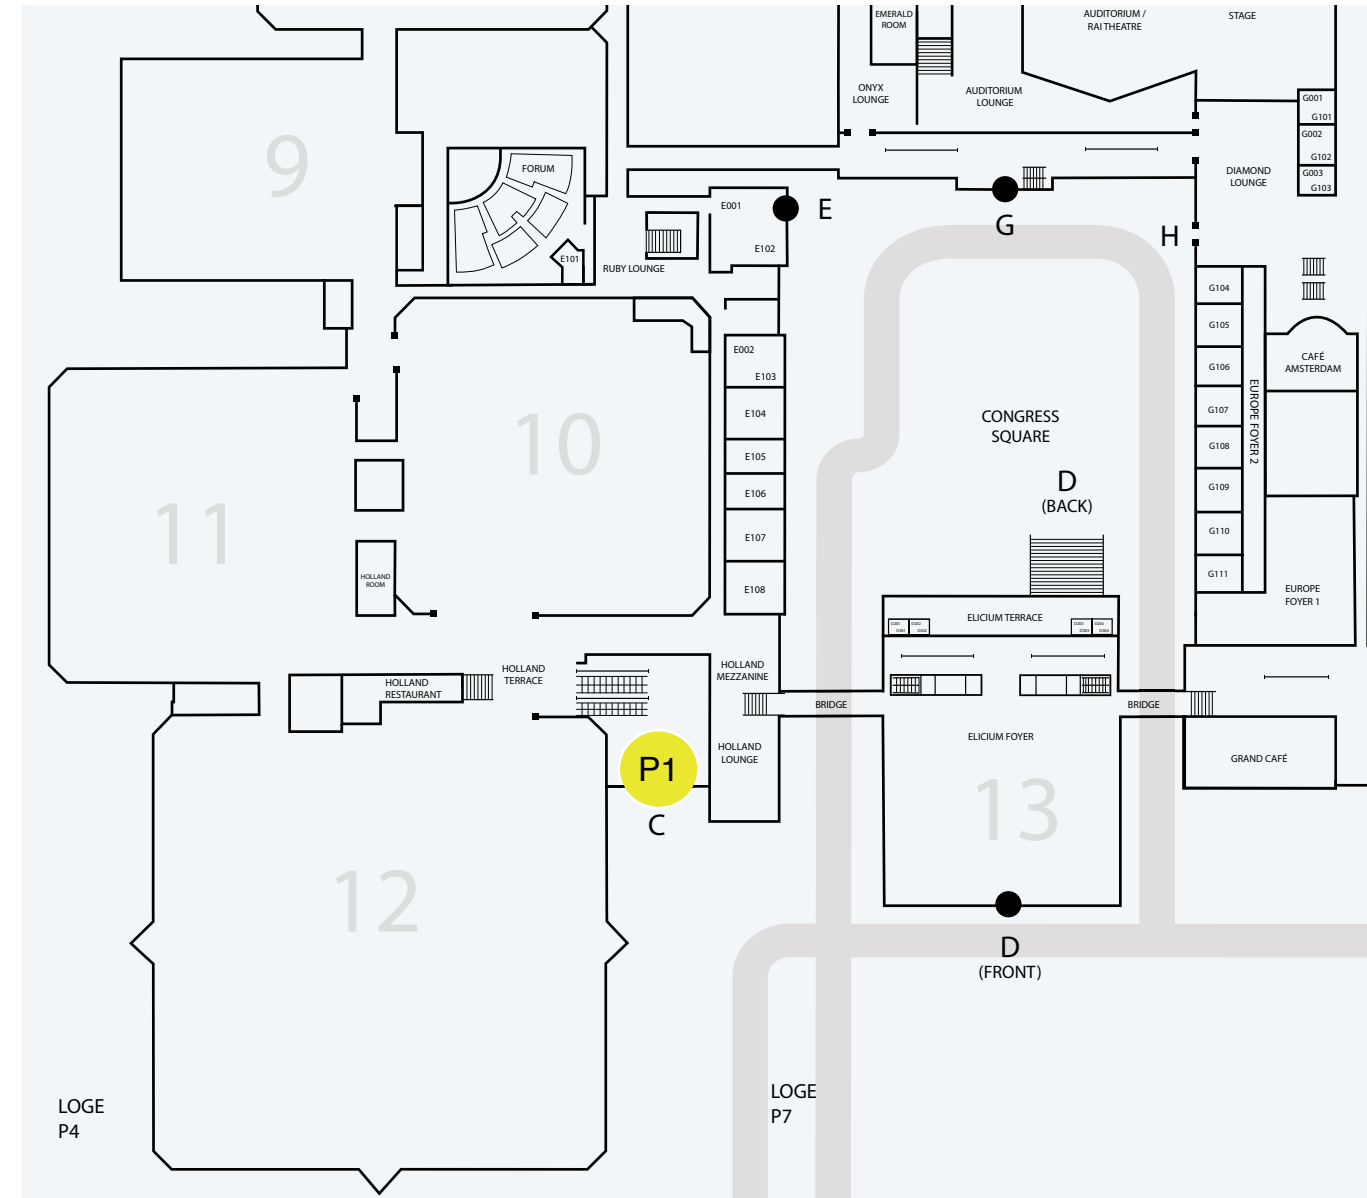

At the taxi stand, people will be waiting. An ideal moment to attract their attention and show them your brand. The above costs are for the installation of two banners for one unit. This taxi waiting stand can be placed as you wish. The exact location will be determined in cooperation with RAI. The image shows 2 units, so a total of 4 banners.

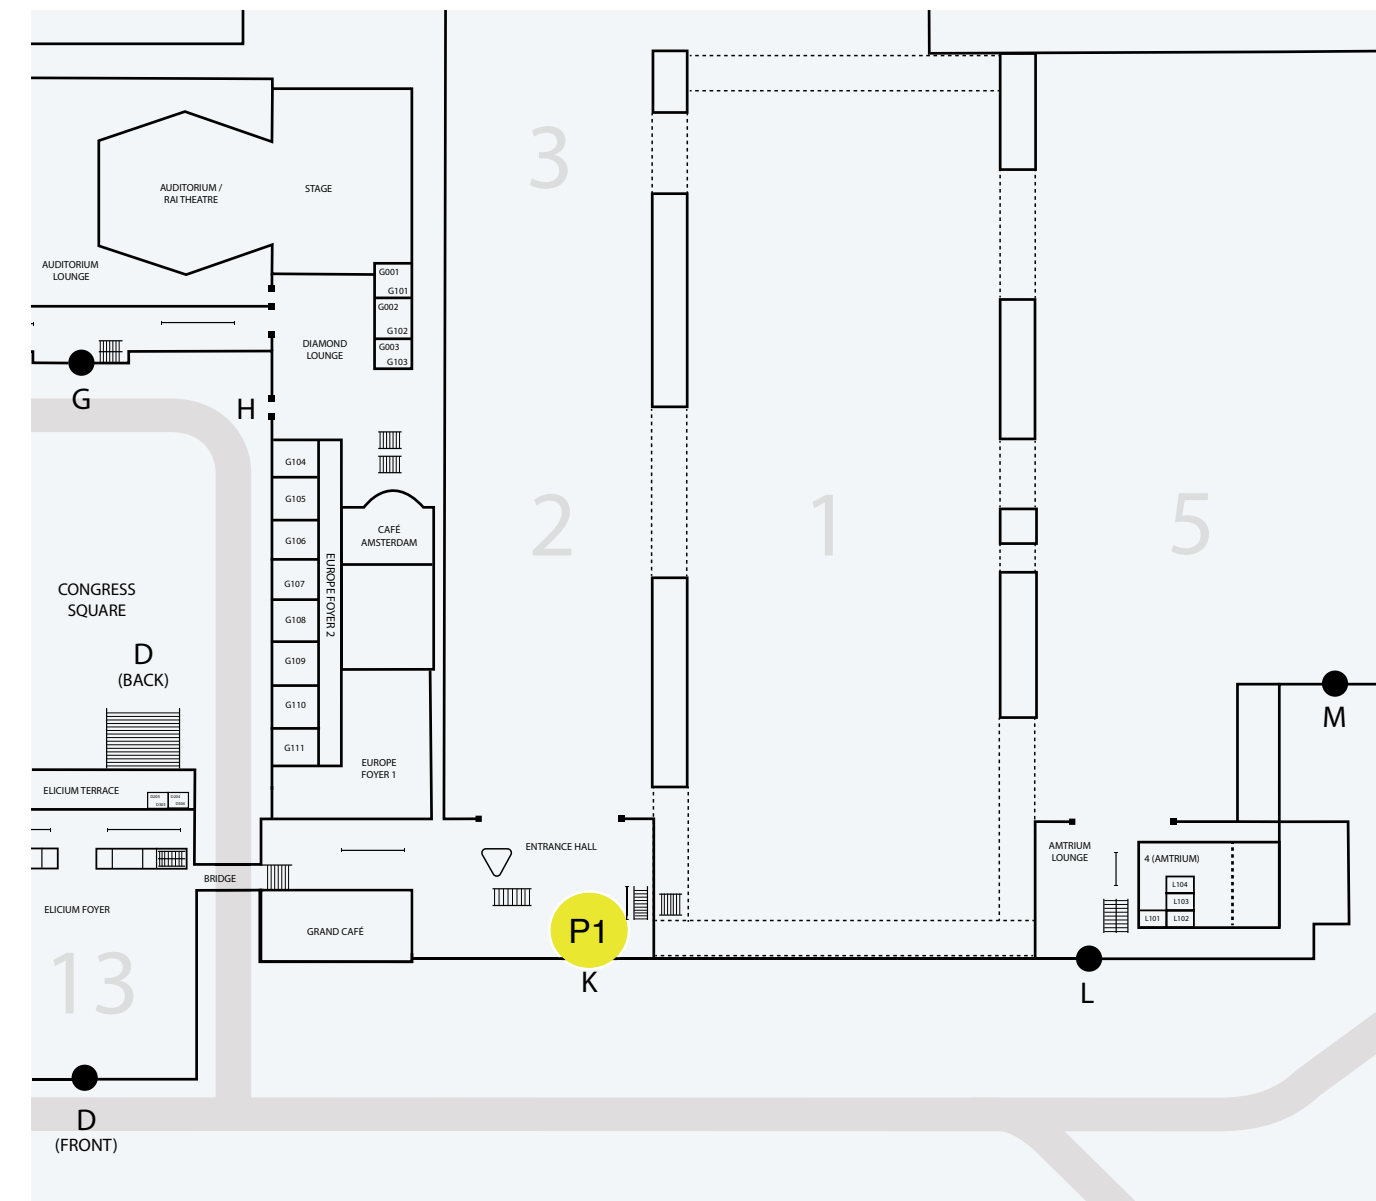

This item is a key RAI landmark. The lowest ring can be branded with large banners. There are a total of 6 positions available.

When using Entrance C, this position is a must-have! Available in various sizes, with the Large being the absolute maximum of what is possible there. The truss is assembled after which the banner is wrapped around it. Everything will then be rigged on the hanging points a little bit forward of the revolving doors.

Description

Entrance K had no fixed branding opportunity, so Partnion decided to come up with one. A construction with 3 banners on the top, creating one large image. The pillars of the truss can also be covered for a smoother finish. It is an absolute must-have when using Entrance K.

Description

If you are using Entrance R, this is the item you are looking for. 27 square meters of exposure right above the entrance!

Description

All of the windows on the largest hall of the RAI can be branded. The windows in the photo are the ones to the right of the mega banner frame (A3.004), but the windows on the left can be branded just as much. Other configurations on request!

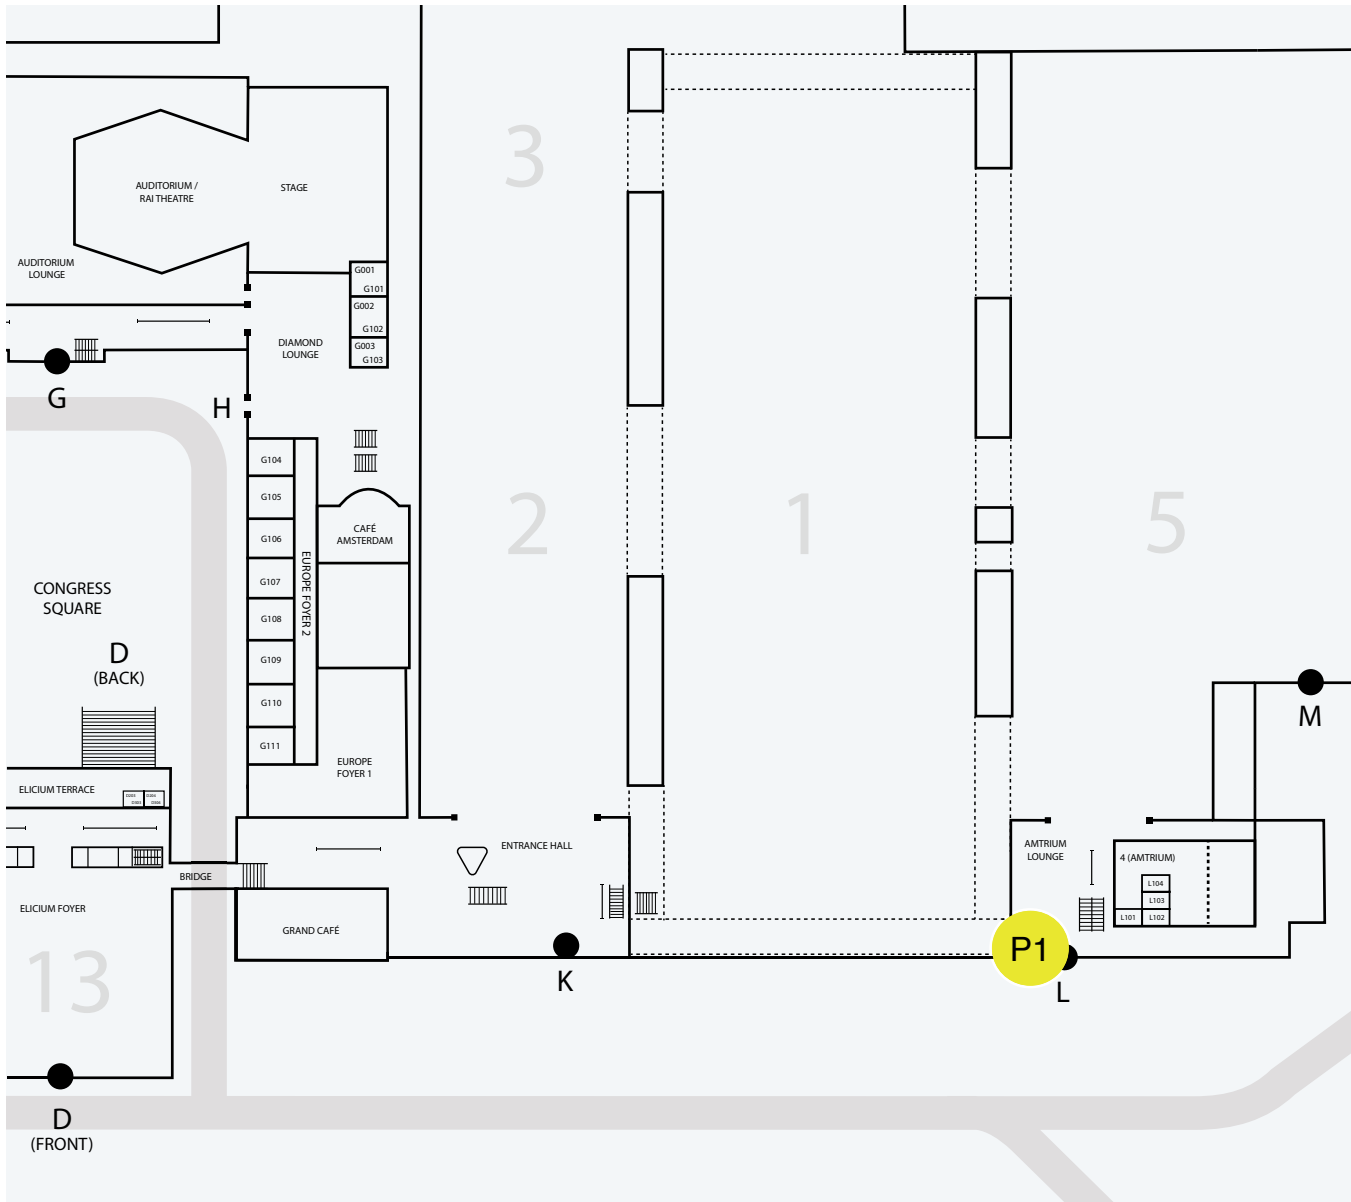

Description

All the lower windows of the Amtrium can be branded to create one big message. Together with A5.012T, this results in a huge branding opportunity.

S
W 4800 x H 16000 mm
Rate **£ 15,000.00**

Description

Using the Amtrium? All of the windows of the Amtrium tower can be branded with vinyl. It is a great addition to the 7 sections of lower windows that are also in the image. Those windows are specified on the next page.

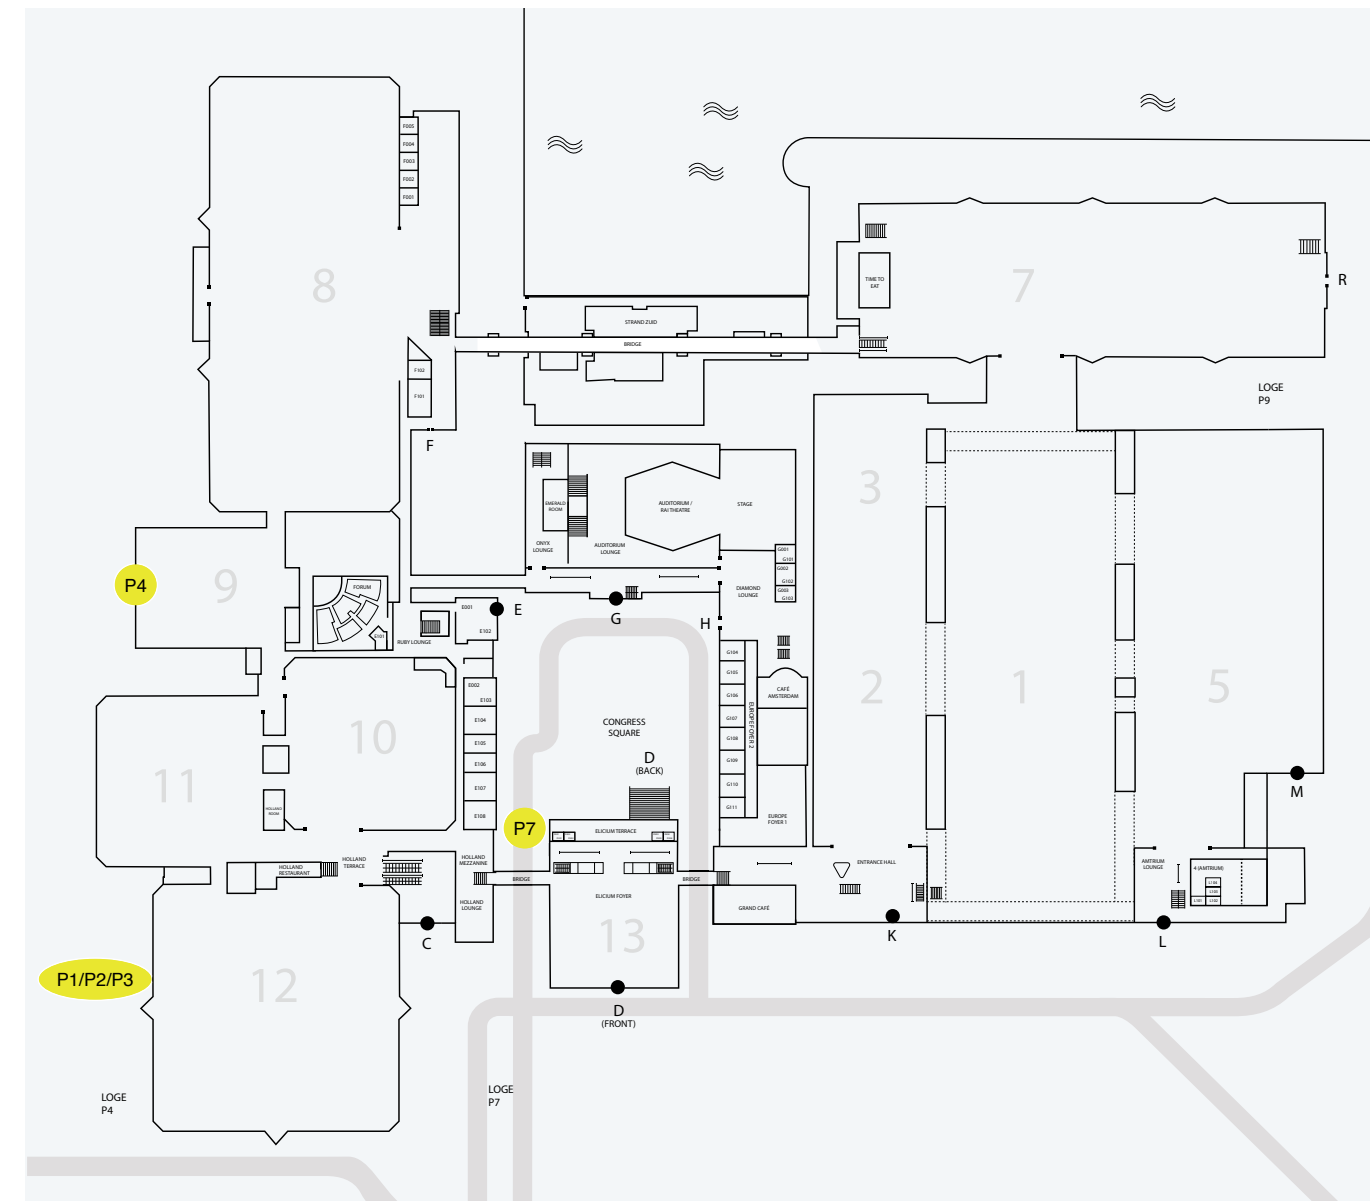

Description

RAI has a flyover that leads people from the Holland side to the Europe side of the venue. These windows can all be branded with vinyl. The one on the photo overlooks Strand Zuid, which has a large outdoor area where people can relax and look at your advertisement!

Description

For people coming by car, this is the first moment to get their attention. While they are waiting for the barrier to open, they are automatically drawn to your message. Please be advised that visitors will pass these barriers when entering and leaving, so two types of designs might be profitable. This is a great way to reach all visitors coming by car, it is the first branding item they will see.
