

Good morning!

It's the hottest phrase in cyber right now — Security By Design. This morning, David Koh, Chief Executive of the Cyber Security Agency of Singapore, kicked off GovWare Focus calling for it in smart devices and systems.

Eric Hoh, President of Asia Pacific at cyber security firm FireEye, asks [how effective are your cyber security controls?](#) He shares advice on what to know.

We also have a [piece from Trustwave, a Singtel company](#) that exclusively shares their advice, and insights from their cutting-edge SpiderLabs, on how to build a Security By Design policy.

And, read insights from GovInsider's cyber correspondent, Amit Roy Choudhury, on [whether AI ethics can stand the test of a military conflict.](#)

Have a great day enjoying the latest industry insights at GovWare Focus!
