

## **PATS 2024 Aquatics Zone in Hall 1A**

The Aquatics Zone is part of PATS 2024 and is strictly a Trade Only event

The Aquatics hall, 1A, is fully carpeted – it is a conference style room rather than an exhibition hall

Access to the hall will be from 8am on Friday 27<sup>th</sup> September for shell scheme and space only exhibitors and contractors. There will be no exceptions to this rule – there are 2 days for build-up

### **Timings**

Build-up days - Friday 27<sup>th</sup> (8am until 6pm) and Saturday 28<sup>th</sup> September (8am until 10pm)

3 Open Days - Sunday 29<sup>th</sup>, Monday 30<sup>th</sup> September & Tuesday 1<sup>st</sup> October 2024

Breakdown - Tuesday 1<sup>st</sup> October (4pm until 10pm). The hall must be completely clear by this time

### **Build**

Shell scheme stands will be built and ready for 8am Friday 27<sup>th</sup> September

Space only stands must be either:-

- Modular, i.e. click together system
- Pre-fabricated, as above
- Tri-lite system

Please note nothing can be fixed to the hall floor

Maximum build height is 4m

Open sides must be kept open up to a minimum of 50%; entire sides facing onto gangways cannot be blocked off. In some circumstances walling can be set back from the edge of the stand and dressed

No painting of stand materials on-site is permitted

**Floorcovering**

The room is carpeted in grey and red patterned carpet tiles throughout.

It is not possible to lay floorcovering/carpet directly on top of the existing carpet as this can create a trip hazard

Platforms are permissible but nothing can be attached to the hall floor

**Water**

This should be brought on-site or arranged directly with the venue, dependant on quantity required

There is a tap available by the roller shutter doors at the back of the Ludlow (by the loading bay); but not for hoses, this is just for buckets/containers and small amounts of water

Pumping out after the show closes will need to be arranged directly with Stagecraft

**Power**

Shell scheme stands will include lighting as part of their package

If power is required this will need to be ordered separately and directly with the electrical contractors, LX Exhibition Services

24hr power is available if required
