

NoMy

Norwegian
Mycelium

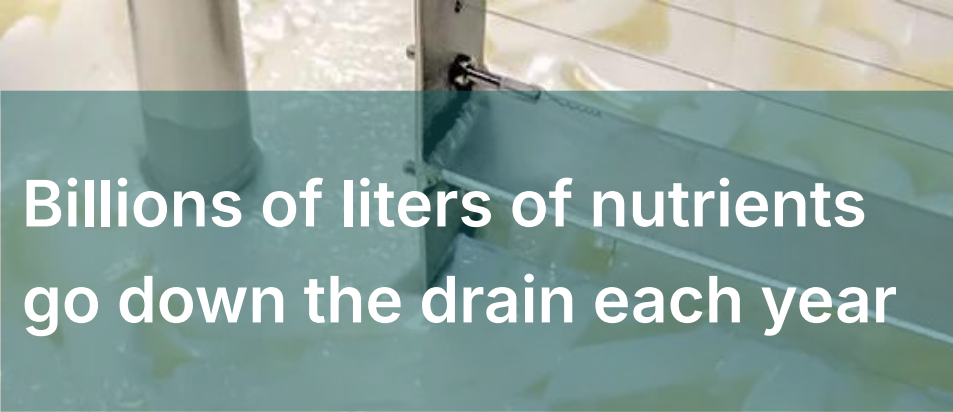

How to think like a fungus, or...

The background features a complex, web-like structure of thin, white, interconnected lines. Overlaid on this network are several clusters of small, textured, colorful spheres in shades of purple, blue, green, and yellow. The overall aesthetic is scientific and abstract, suggesting a molecular or biological network.

How to think like a fungus, or...

The versatility of fungal fermentation tech

Billions of liters of nutrients
go down the drain each year

We need more protein than a
stressed Earth is providing
