Welcome to the Innovation Zero World Congress Show Preview!

The transition to a low carbon economy is one of the most urgent and complex challenges of our time. The need for scalable, commercially viable solutions has never been greater, and collaboration is key to accelerating progress.

At Innovation Zero, our mission is clear: To transform systems for a low carbon economy and drive meaningful change by connecting the decision-makers who are shaping the future.

This April, we look forward to welcoming 10,000 attendees to Olympia London, providing a unique platform for networking, investment, and knowledge sharing. Whether you are here to forge new partnerships, explore cutting-edge innovations, uncover your next investment opportunities, or contribute to shaping policy, this is the place where impactful solutions take flight.

Building on the success of previous years, we've refined and expanded the event to focus on delivering even greater value for our attendees:

- **High-calibre visitors** – We're curating an audience of investors, funders, corporate procurement teams, and senior sustainability leaders to foster meaningful commercial connections.
- **Exclusive 1:1 investor-innovator meetings** – A brand-new initiative designed to fast-track funding opportunities and strategic partnerships.
- **The Innovation Gallery** – Showcasing cutting-edge solutions that have the potential to reshape industries and accelerate the net zero transition.
- **The second edition of the Innovation Zero Awards** – Recognising and celebrating groundbreaking advancements in low carbon climate technology.

In response to demand, our CPD-certified conference programme has also adapted, featuring over 250 sessions across 13 dedicated forums – with new forums including transport & supply chain, infrastructure, and nature, land & sea. With a line-up of 400+ expert speakers, the event remains a crucial platform for shaping the future of our low carbon economy.

This preview will give you a glimpse of what to expect at Innovation Zero World 2025 – where the world's leading minds in net zero, finance, and technology will come together to forge the partnerships that will define the low carbon economy.

On behalf of the entire team, I look forward to welcoming you to the Innovation Zero World Congress on 29th & 30th April.

Kind regards,
Paul Dunne, CEO and Co-Founder, Innovation Zero

Visitor Information

If you haven't yet registered to attend Innovation Zero World 2025, simply [follow this link](#) to register online.

FREE ENTRY: Free entry is available for private & public sector corporates, investors, funders, NGOs, policymakers, not-for-profits, and start-ups and innovators.

PAID DELEGATES: For any advisors, consultants, legal firms, events agencies, environmental agencies, solutions providers, or anyone looking to sell their products or services at the event.

Your pass gives you access to all content forums and main stage sessions, keynote talks, exhibitors, and networking events – to expand your personal network with likeminded professionals who are committed to tackling climate change through business action.

As a visitor, you will also gain access to the show app, which will allow you to build a personal agenda, schedule in 1:1 meetings with exhibitors and sponsors and even matchmake with other delegates at the event.

Innovation Zero World's visitors will also gain access to the main stage recorded sessions to watch after the event.

Forward to a colleague, or suggest a peer join you.

Would you like to bring a colleague, or suggest a peer to attend? Just point them to www.innovationzero.com so they can apply for their pass.

Share your attendance on socials

Opening Times

Day 1: Tuesday 29th April 2025

8:45–17:30	Open for ALL
17:30–18:30	Day 1 Networking Drinks
18:30–19:20	Innovation Zero Awards Ceremony*
19:30–onwards	Awards Networking Drinks

Day 2: Wednesday 30th April 2025

8:45–17:15	Open for ALL
------------	--------------

* Tickets must be purchased in advance.

What's on?

13 High-Level Conference Forums

3 NEW FORUMS ADDED

Over 250 sessions across Energy, Finance, Built Environment, Nature, Land & Sea, Transport & Supply Chain, Industrial, and many more.

[View forums](#)

300+ Low Carbon Solution Providers

From global suppliers to groundbreaking start-ups and innovators who are pushing the boundaries with their cutting-edge innovations.

[Exhibitor list](#)

Official Networking Reception

Wind down at the end of a busy first day, catch up with your industry connections, and network with new potential clients and customers in a relaxed environment.

When: Tuesday 29th April | 17:30

Where: Networking Lounge.

Innovation Zero Awards Ceremony 2025

Join the inaugural Innovation Zero Awards to celebrate the very best businesses in net zero innovations! Featuring awards across 6 sector categories, the event will unite 350 VIP corporate buyers, investors, and innovators.

From 18:30 onwards on the Main Stage.

[Book your ticket](#)

PLEASE NOTE: The Awards Ceremony is a paid-for event. You'll need to [complete your registration](#) in order to attend the Awards. If you've already registered, you can upgrade your pass [here](#).

What's on?

NEW: Investor Meeting Zone

Bringing together visionary investors and game-changing start-ups, this is the ultimate space for funding, collaboration, and scaling breakthrough solutions in the low carbon economy.

Meetings must be pre-scheduled via the App.

1:1 Pre-scheduled Meeting Zone

Open to all attendees, our tailored matchmaking service ensures you meet the right people – whether industry leaders, innovators, investors, or policymakers.

Working Groups

Discover a host of intimate roundtable discussions with like-minded professionals on the Working Groups Theatre programme.

[View the agenda](#)

Partner Networking Events

These hour-long networking sessions are hosted by organisations including **Intaconnected, City of London, CBI, Climate Tech Supercluster, London & Partners**, to give attendees the opportunity to make connections, ask questions and form collaborations.

Where: Partner Hosted Networking Zone.

PLEASE NOTE: The Awards Ceremony is a paid-for event. You'll need to [complete your registration](#) in order to attend the Awards. If you've already registered, you can upgrade your pass [here](#).

Meet groundbreaking innovators and start-ups!

From early-stage start-ups seeking investment to organisations with market-ready solutions – meet the innovators who are pushing the boundaries with their cutting-edge solutions.

Innovation Showcase

Hear from innovators as they pitch their latest technologies and breakthrough solutions.

For corporate buyers, investors and funders.

Innovation Gallery

Browse our gallery of 100+ start-ups revolutionising low carbon innovation.

Innovation Zero App

Have you downloaded the Innovation Zero event app yet?

Through our new AI-powered networking app, you can build your personalised agenda, book 1:1 meetings, and have everything you need for the event at your fingertips. The AI matchmaking capabilities suggest connections based on your interests and profile, so you can be sure to meet with the right people at the right time.

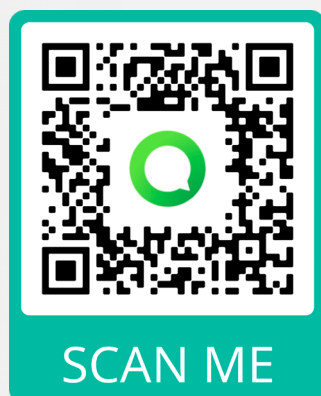

The only way you can access this app is if you register for the event – so, if you haven't already, be sure to register below.

[Register now](#)

How to Access the App

Once registered, there are two very easy steps to take in order to install the app on your device:

- Download the app on Google Play or the App Store.
- After downloading the app, you will be sent an email with your unique join code. Enter this code when prompted in the App. Make sure you check your junk mail too, just in case the email invitation gets lost. Submit your code when prompted, and hey presto!

400+ speakers include:

Dr Rhian-Mari Thomas OBE
Chief Executive, **Green Finance Institute**

Baroness Bryony Worthington
Crossbench Peer, **House of Lords**

Chris Stark
Head of UK's Mission for Clean Power, **Department for Energy Security and Net Zero**

Emma Pinchbeck
CEO, **Climate Change Committee**

Greg Jackson
CEO, **Octopus Energy**

Andy Burnham
Mayor, **Greater Manchester Combined Authority**

Steve Rotherham
Mayor, **Liverpool City Region Combined Authority**

Mete Coban MBE
Deputy Mayor of London for Environment and Energy, **Greater London Authority**

Miatta Fahnbulleh MP
Minister for Energy Consumers

Lord Adair Turner
Chairman, **Energy Transitions Commission**

Mary Creagh CBE MP
Minister for Nature

Gillian Martin MSP
Cabinet Secretary for Net Zero & Energy, **Scottish Government**

John Flint
Chief Executive Officer, **National Wealth Fund**

Sir Alex Chisholm
Chair, **EDF UK**

Marisa Drew
Chief Sustainability Officer, **Standard Chartered**

Sandrine Dixon-Declève
Author and Executive Chair, **Earth4All**

Claudine Blamey
Chief Sustainability Officer, **Aviva**

Juergen Maier CBE
Chair, **Great British Energy**

Jerome Foster II
TIME Next Generation Leader and Former White House Climate Advisor

Rain Newton-Smith
Chief Executive, **CBI**

Conference Programme

With over **250 sessions** taking place across **13 dedicated forums**, **Innovation Zero World 2025** is an essential meeting place for anyone looking to keep up with the latest trends, investment opportunities, and announcements. Below, you will find a snapshot of the programme for each Forum. To view the full programme timetable, [click here](#).

Main Stage

29–30 April

Bringing together global thought leaders and industry pioneers, the Main Stage at Innovation Zero World 2025 will tackle the biggest challenges and opportunities in the race to net zero, with speakers sharing insights on the policies, technologies, and investments shaping a sustainable future. Hosted by leading Journalists and Broadcasters Natasha Kaplinsky OBE and Arianne Alcorta, discussions will focus on resilience, energy transformation, and business leadership, emphasising cross-sector collaboration to highlight the urgent actions needed to drive meaningful and lasting change.

Session Highlights:

- Presenting The Seventh Carbon Budget
- The Price is Wrong! Bringing Down the Cost of the Energy Transition
- Leading the Resilient Cities of Tomorrow

Speakers Include:

Emma Pinchbeck,
CEO, Climate
Change Committee

Greg Jackson,
CEO, Octopus Energy

**Dr Sweta
Chakraborty**, Chief
Executive Officer
North America, We
Don't Have Time

Andy Burnham,
Mayor, Greater
Manchester
Combined
Authority

John Flint,
Chief Executive
Officer, National
Wealth Fund

[All Main Stage sessions](#)

Energy Forum

29–30 April

As the world transitions away from fossil fuels and accelerates the rollout of renewables and clean energy technologies, a range of critical challenges must be addressed to ensure the shift progresses at the necessary pace and scale to meet global targets. The Energy Forum will bring together industry leaders, policymakers, and financial stakeholders to explore actionable solutions, share cutting-edge insights, and shape the future of clean energy.

Session Highlights:

- Flexibility and the Cost of Zero: Putting Consumer First
- Taking a Whole Systems Approach to the Transition
- Green Skills: Building a Net Zero Workforce

Speakers Include:

**Miatta
Fahnbulleh MP**,
Minister for Energy
Consumers,
DESNZ

Laura Sandys CBE,
Chair, Green Alliance

**Professor Paul
Monks**, Chief
Scientific Adviser,
DESNZ

Gillian Martin MSP,
Cabinet Secretary
for Net Zero &
Energy, Scottish
Government

Lucy Yu,
CEO, Centre For
Net Zero, Octopus
Energy Group

Conference Programme

Nature, Land & Sea

29–30 April

Halting and reversing biodiversity loss by 2030 requires bold, transformative action from all key stakeholders, ensuring nature is recognised and prioritised as a strategic asset. From restoring degraded ecosystems to transforming food systems, the Nature, Land & Sea Forum will bring together leaders from business, policy, and finance to explore innovative solutions, share best practices, and forge partnerships to accelerate progress toward a nature-positive future.

Session Highlights:

- Roots Of Resilience: Building A Nature-Positive Future
- The Green Renaissance: Embedding Nature Into Corporate Strategy
- Financing The Transition To A Sustainable Blue Economy
- Uniting For Change: Addressing Plastic Pollution

Speakers Include:

Mary Creagh
CBE MP, Minister
for Nature, DEFRA

Claudine Blamey,
Chief Sustainability
Officer, Aviva

Amy Novogratz,
Co-Founder &
Managing Partner,
Aqua-Spark

Andy Griffiths,
Global Head of
Transformational
Partnerships,
Diageo

Kimberly Mathisen, CEO,
HUB Ocean

All Nature, Land & Sea sessions

Finance Forum

29 April

Finance is the backbone of the net zero transition, playing a crucial role in mobilising capital to scale sustainable solutions. This forum will explore how blended finance, institutional investment, and corporate strategies can unlock funding at scale to drive innovation in clean energy. Industry leaders, policymakers, and investors will discuss emerging financial models, regulatory frameworks, and investment strategies essential for accelerating climate action and ensuring a just transition to a low carbon economy.

Session Highlights:

- Blended Finance: Mobilising Private Capital for the Transition
- Building Bridges to Scale: A Roadmap to Sustainable Financing
- Catalysts for Change: Institutional Investors and the Low Carbon Economy
- Mobilisation for Innovation: What's Next For Sustainable Finance?

Speakers Include:

Dr Rhian-Mari Thomas OBE,
CEO, Green Finance
Institute

Beverley Gower-Jones OBE,
Managing Partner
and Founder, Clean
Growth Fund

Kevin Chika Urama, Chief
Economist &
VP, African
Development Bank

Bob Wigley,
Chairman,
UK Finance

Stephanie Pfeifer OBE, Chief Executive,
Institutional Investors
Group on Climate
Change (IIGCC)

Conference Programme

Industrial Forum

29 April

The Industrial Forum will bring together manufacturers, policymakers, and innovators to tackle the challenge of decarbonising heavy industry, focusing on securing critical mineral supply chains, scaling hydrogen solutions, and advancing carbon capture technologies to drive meaningful emissions reductions. Beyond technology, the forum will explore the policies, investment models, and partnerships essential for accelerating industrial transformation, with industry leaders sharing insights on regulatory developments, financial incentives, and collaborative strategies shaping a more sustainable and resilient industrial future.

Session Highlights:

- Industrial Cluster Strategy: Progress and Predictions
- A Just Transition in Reindustrialisation
- The Critical Case of Mineral Supply

Speakers Include:

Nancy Gillis,
Senior Director
Industrial
Pathways
Transformation,
WBCSD

David Dalton,
CEO, British Glass

Dr Karen Hanghøj,
Director, British
Geological Survey

Jeremy Wrathall,
Founder, Interim
Chairman & CEO,
Cornish Lithium

**Professor
Mercedes
Maroto-Valer,**
Director / Deputy
Principal for Global
Sustainability,
IDRIC

All Industrial sessions

Carbon Markets

30 April

Voluntary carbon markets have the potential to remove billions of tonnes of carbon from the atmosphere, playing a pivotal role in global decarbonisation efforts while unlocking the financial flows needed to support a just transition to net zero. At Innovation Zero, the Carbon Markets Forum will explore the challenges and opportunities in scaling these markets, ensuring they deliver maximum benefits for the climate, people, and the planet.

Session Highlights:

- Maximising the Capital Stack: Financing Sustainable Development and Climate Adaptation in the Global South
- Utility Beyond Claims: Acceleration Corporate Climate Action
- Trust & Transparency: Securing Quality of Supply

Speakers Include:

Mark Kenber,
Executive Director,
VCMI

**Tim
Christophersen,**
VP, Climate Action,
Salesforce

Andrea Abrahams,
Managing Director,
VCM, IETA / ICROA

Doris Honold,
Board Member,
ICVCM

Dexter Lee,
Head of Carbon
Markets
Negotiations,
DESNZ

Conference Programme

Built Environment Forum

29 April

The Built Environment Forum will explore the future of sustainable cities, focusing on net zero construction and retrofitting commercial properties, with experts highlighting the latest innovations shaping greener, more efficient urban spaces. Discussions will examine how innovative financing, smart design, and biodiversity strategies can support climate goals while addressing the needs of growing urban populations. Industry leaders will share insights on balancing sustainability with practicality in the built environment.

Session Highlights:

- Transforming Urban Areas for a Net Zero Future
- Innovative Financing Models for Green Builds
- Net Gain and Net Zero: Balancing Biodiversity in the Built Environment

Speakers Include:

Christopher Hammond,
Chief Executive,
UK100

Cllr Shanika Mahendran,
Cabinet Member
for Planning &
Placemaking,
Milton Keynes City
Council

Miles Lewis,
Director of
Sustainability,
Clarion Housing
Group

Heather Buchanan,
CEO, B4NZ

Simon Crichton,
Head of Nature,
Food and Resource,
Triodos Bank

All Built Environment sessions

Infrastructure Forum

30 April

Transitioning to renewable energy, accelerating clean technology deployment, and strengthening climate resilience all depend on the modernisation and optimisation of infrastructure systems. The Infrastructure Forum will bring together industry, policy, and finance leaders to address the most pressing challenges facing infrastructure networks. From delivering clean power systems to enhancing resilience and performance, discussions will explore key obstacles and opportunities shaping the future of sustainable infrastructure.

Session Highlights:

- Delivering Clean Power Infrastructure by 2030
- Building an Attractive Infrastructure Market
- Building for Better Outcomes: Rethinking Infrastructure Value

Speakers Include:

Jon Phillips,
CEO, GIIA

Shauna Berendsen,
Chief Innovation
Officer, Anglian
Water

Kerry Scott,
Global Lead for
Environment and
Society, Mott
Macdonald

Paul Morrison,
Chief Executive
Officer, The
Planning
Inspectorate

Hariom Macêdo Newport, Head
of Environment
& Sustainability,
Infrastructure &
Projects Authority

All Infrastructure sessions

Conference Programme

Aviation Forum

30 April

With aviation under increasing pressure to reduce emissions, this forum will explore the technologies reshaping the future of air travel, highlighting the potential of sustainable aviation fuels, electrification, and hydrogen in cutting carbon footprints. Sessions will focus on commercialising R&D, leveraging military-led technological advancements, and navigating regulatory pathways to achieve net zero flight. Industry leaders will examine the challenges and opportunities in scaling these innovations to create a more sustainable aviation sector.

Session Highlights:

- Turbulence Ahead: Can Aviation Meet the 2030 Emission Targets?
- From Concept to Take-Off: Commercialising R&D in Aviation Sustainability
- Flying Hydrogen: Projections for H2 in Flight
- Electrifying Flight: eVTOLs and the Future of Air Travel

Speakers Include:

Matthew Gorman,
Director of Carbon
Strategy, Heathrow
Airport

Helen Leadbetter,
Technical Strategy
Lead – Zero
Emission Flight,
UK Civil Aviation
Authority

Jolanda Stevens,
Program Manager,
Zero Emission
Aviation, KLM
Royal Dutch
Airlines

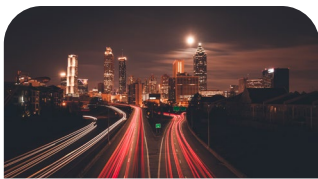

Hervé Morvan,
Chief of Future
Platforms (Advanced
Concepts), Rolls-
Royce

Juliana Kiraly,
Head of Business
Development
Europe, EVE Urban
Air Mobility

All Aviation sessions

Transport & Supply Chain Forum

30 April

The Transport & Supply Chain Forum will explore solutions for reducing emissions across automotive, logistics, and freight, highlighting key innovations driving change from decarbonising urban mobility to creating more sustainable supply chains. Leaders will examine the role of electrification, circular economy models, and sustainable fuels in transforming global transport networks, with sessions focusing on strategies to scale these solutions, improve efficiency, and accelerate the transition to a low carbon future.

Session Highlights:

- Electrifying Automotive: Negotiating Hill Starts in EVs
- Roadmaps for Redesigning Urban Mobility
- Decarbonising the Supply-Chain in Fast-Moving Consumer Goods

Speakers Include:

Lucy Hayward-Speight, Head
of Strategy
& Planning
(Environment),
Transport for
London

Ben Nelmes,
Chief Executive,
New AutoMotive

James Court,
Public Policy
Director, Octopus
Electric Vehicles

INNOVATION ZERO AWARDS 2025

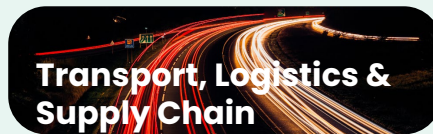

Tuesday, 29th April | Main Stage

Spanning across 6 categories, the new Innovation Zero Awards brings together an audience of start-ups, innovators, corporate buyers and investors to celebrate groundbreaking solutions and cutting-edge low carbon technologies introduced in the past 6 years that help to fight the climate crisis.

6 Award Categories

Energy & Power

Transport, Logistics & Supply Chain

Land & Water

Industry

Monitoring, Reporting & Verification

Built

[Book your ticket](#) & join 350+ VIPs for an Awards night to remember!

What's coming up

Opening Address: 6.30pm

Kerry McCarthy MP will deliver the opening address to our audience of VIP guests.

Awards & Entertainment: 6.40pm

Comedian host Scott Bennett will entertain the audience throughout the evening while guiding them through a journey of innovation spanning six award categories.

Drinks & Canapés: 7.30pm

All guests will be invited to an exclusive networking drinks reception.

Why Visit Innovation Zero World?

Hear what past attendees and supporters have to say...

“

Innovation Zero brings together trade and investment, finance, energy and environmental specialists and puts them alongside the best of our innovators and businesses who see decarbonisation as an opportunity, not a problem.

The Rt Hon Rishi Sunak MP

Former Prime Minister

“

Pretty much everybody and anybody in the climate innovation space from the UK and beyond was there. Events like this give us energy, inspiration and hope.

Roland Harwood

Co-founder & Director, Climate Tech SuperCluster

“

Innovation Zero is critical for accelerating the transition to clean energy. We need to see more expos like this which bring together stakeholders from the public sector and private sector to have those critical conversations.

Dr Sweta Chakraborty

CEO NA, We Don't Have Time

“

Innovation Zero is a fantastic opportunity to bring together the best of what businesses are up to right across the spectrum.

Rachel Solomon Williams

Executive Director, Aldersgate group

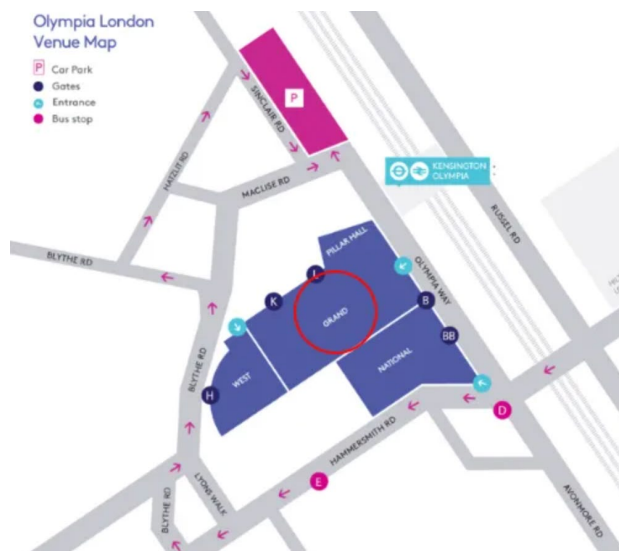

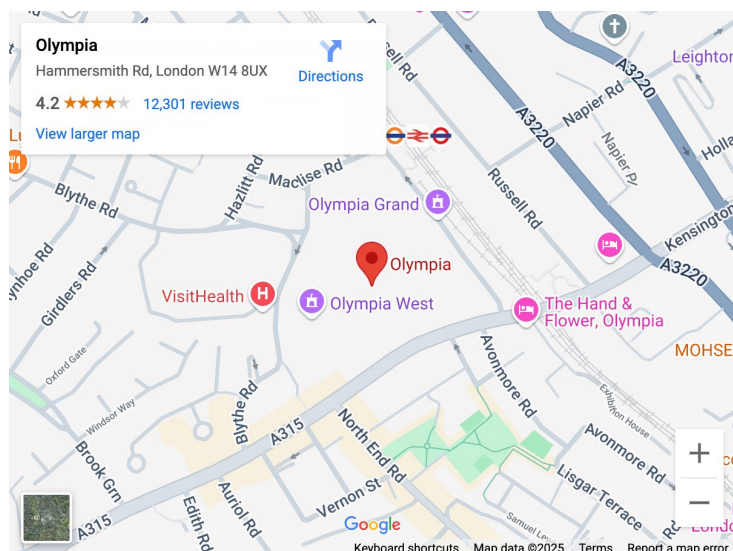

“

Walking around the stands seeing innovations that are springing up all over the place is really inspiring. The way we bring all of this innovation and talent together in one place creates more innovation which speeds the transition to net zero that we so desperately need.

James Taplin

Lead Technologist – Urban Living, Innovate UK

Venue

How to get there

Train

London Overground

Nearest Station:
Kensington Olympia.

Direct services run from Clapham Junction, Balham, East Croydon, Shepherd's Bush, Watford Junction, Milton Keynes Central, Willesden Junction, West Hampstead and Stratford.

London Underground

District Line

There is only a District line service from Earls Court on weekends. Please check before you travel.

When travelling from Monday to Friday, you should change at West Brompton for a 2 minute Overground train to Kensington (Olympia). Alternatively, West Kensington is an 8 minute walk away, and High Street Kensington is a 4 minute bus ride or 12 minute walk away.

Central Line

Change at Shepherd's Bush for a 2 minute Overground train to Kensington (Olympia).

Piccadilly Line

Baron's Court is a 9 minute walk away from Olympia London.

Hammersmith & City Line
Hammersmith Station is a 5 minute bus ride or 15 minute walk away.

Circle Line

High Street Kensington is a 4 minute bus ride or 12 minute walk away. Hammersmith Station is a 5 minute bus ride or 15 minute walk away.

London Buses

The following buses all stop within a very short walking distance of the venue:

- 9** – runs to and from Aldwych and Hammersmith.
- 23** – runs to and from Westbourne Park and Hammersmith.
- 27** – runs to and from Chalk Farm and Turnham Green.

28 – runs to and from Kensal Rise and Wandsworth.

49 – runs to and from White City and Clapham Junction.

391 – runs to and from Fulham and Richmond.

N9, N23, N27, N28 also run a night service.
