Welcome to the Innovation Zero Show Preview!

The challenge of transitioning to a low-carbon future stands as one of the greatest tasks of our time, and our mission is to accelerate this transformation by fostering collaboration and scaling up innovative technologies.

As the most important net zero event since COP, Innovation Zero serves as a nexus for policy makers, early-stage innovators, funders and investors, multinational corporates, and public sector leaders at the forefront of sustainable operations, and we couldn't be more excited to welcome over 10,000 attendees through the doors of Olympia this year.

Following a successful event in 2023, we've worked hard to grow and develop Innovation Zero even further. 78% of attendees last year said that gaining insights into net zero trends through content was one of the main reasons for attending. I'm therefore proud to announce that we have grown our CPD-certified conference programme, consisting of 200 sessions across 14 dedicated forums, with new additions such as oceans & water, minerals & materials and carbon markets. Our 600-strong line up of world-leading net zero experts, thought leaders and policy makers will bring delegates fully up to date with the latest thinking on how business, policy and innovation are playing leading roles in the low carbon transformation.

We are proud to also be the only event to have representation from all leading political parties, creating a crucial forum for politicians to articulate their policies and dedication to a greener future for the country.

Other new features for 2024 include the inaugural Innovation Zero Awards, aimed at connecting investors and corporate buyers with innovators, along with a dedicated Innovation Gallery, and a new event layout to accommodate for larger conference theatres, 1:1 meetings, and dedicated networking events, workshops and partner events. There really is something for everyone at Innovation Zero - which this show preview will uncover!

On behalf of the entire team, I very much look forward to welcoming you to Innovation Zero on 30 April & 1 May!

Kind regards,

Paul Dunne, CEO and Co-Founder, Innovation Zero

Visitor Information

Complimentary passes to visit: book by 31st March 2024

If you haven't yet registered to attend Innovation Zero 2024, simply [follow this link](#) to register online.

Please note that passes are FREE when registering by 31st March. Any registrations from 1st April onwards will be charged at £199+VAT.

Your pass gives you access to all content forums and main stage sessions, keynote talks, exhibitors, and networking events, to expand your personal network with likeminded professionals who are committed to tackling climate change through business action.

As a visitor, you will also gain access to the show app, to build a personal agenda, schedule in 1:1 meetings with exhibitors and sponsors and even matchmake with other delegates at the event.

Innovation Zero visitors will also gain access to the full recorded sessions to replay, or watch after the event.

Forward to a colleague, or suggest a peer join you.

Would you like to bring a colleague, or suggest a peer to attend. Just point them to www.innovationzero.com so they can apply for their pass.

Share your attendance on socials

Opening Times

Day 1: Tuesday 30th April 2024

9:00 – 17:30 Open for ALL
17:30 – 18:30 Day 1 Networking Drinks
18:30 – 19:20 Innovation Zero Awards Ceremony*
19:30 – onwards Awards Networking Drinks

Day 2: Wednesday 1st May 2024

9:00 – 17:15 Open for ALL

* Tickets must be purchased in advance.

Register by 31st March 2024 for FREE entry

What's on?

14 High-Level Conference Forums

7 NEW FORUMS ADDED

Over 200+ sessions across Energy, Finance, Food & Agriculture, Transport & Mobility, Advanced Tech, Aviation & Shipping, Built Environment, Carbon Markets, and many more.

[View forums](#)

Exhibition Hall featuring 250+ Exhibitors

Including cutting-edge low-carbon solution providers, innovators, funders and advisories.

[Exhibitor list](#)

Official Networking Reception

Wind down at the end of a busy first day, catch up with your industry connections, and network with new potential clients and customers in a relaxed environment.

When: 17:30, Tuesday 30th April.

Where: Networking Lounge.

Innovation Zero Awards Ceremony 2024

NEW

Join the inaugural Innovation Zero Awards to celebrate the very best businesses in net zero innovations! Featuring awards across 6 sector categories, the event will unite 350 VIP corporate buyers, investors, and innovators.

From 18:30 onwards on the Main Stage.

[Book your ticket](#)

PLEASE NOTE: The Awards Ceremony is a paid-for event. Purchase your ticket [here](#).

Register by 31st March 2024 for FREE entry

What's on?

Working Groups

Discover a host of intimate roundtable discussions with like-minded professionals on the Working Group Theatre programme.

[View the agenda](#)

Partner Networking Events

These hour-long networking sessions are hosted by organisations, including Hydrogen UK, ACCA, British Chambers of Commerce and Net Zero Insights, to give attendees the opportunity to make connections, ask questions and form collaborations.

When: All day, Tuesday 30th April & Wednesday 1st May.

Where: Partner Hosted Networking Zone.

Film Screenings

Discover a mini sustainability film festival featuring excerpts of projects from producers, directors and creators offering a tangible insight into their work making big steps towards sustainable change.

When: 18:00, Tuesday 30th April.

Where: Oceans & Water Forum.

Innovators Gallery

Browse our gallery of the latest low carbon solutions from innovators and start-ups, across energy & power, transport & logistics, land & water, industry, MRV, and built environment.

PLEASE NOTE: The Awards Ceremony is a paid-for event. Purchase your ticket [here](#).

Register by 31st March 2024 for FREE entry

Innovation Zero App

Have you downloaded the Innovation Zero event app yet?

Through our new AI-powered networking app, you can build your personalised agenda, book 1:1 meetings, and have everything you need for the event at your fingertips. The AI matchmaking capabilities suggests connections based on your interests and profile, so you can be sure to meet with the right people at the right time.

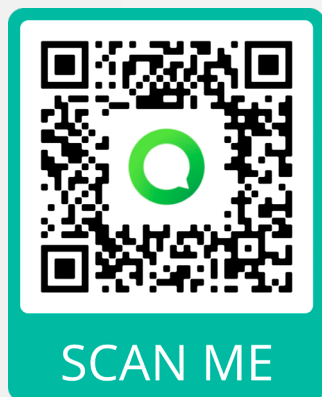

The only way you can access this app is if you register for the event – so if you haven't already, be sure to register below.

[Register now](#)

How to Access the App

Once registered, there are two very easy steps to take in order to install the app on your device:

- Download the app on Google Play or the App Store.
- After downloading the app, you will be sent an email with your unique join code. Enter this code when prompted in the App. Make sure you check your junk mail too, just in case the email invitation gets lost. Submit your code when prompted, and hey presto!

Conference Programme

With over **200 sessions** taking place across **14 dedicated forums**, **Innovation Zero 2024** is an essential meeting place for anyone looking to keep up with the latest trends, investment opportunities, and announcements. You will find below a snapshot of the programme for each Forum. To view the full programme timetable, [click here](#).

Main Stage

30th April
1st May

Featuring globally-recognised thought leaders, Innovation Zero will highlight not only the key challenges our planet faces, but holistic, collaborative ways in which we can rise to the occasion and overcome the climate crisis.

Session Highlights:

- UK Government Keynote Address
- Showing Leadership In A New Climate Era
- The Scientific Context for Innovation in Achieving Net Zero
- Innovation at a Systems Level
- Creating an Attractive Investment Environment

Speakers Include:

The Rt Hon Ed Miliband MP, Shadow Secretary of State for Energy Security and Net Zero

H.E. Gabriel de Barros Barreto Acha, Minister of Environment and Sustainable Development, **Republic of Paraguay**

Rebecca Marmot, Chief Sustainability Officer, **Unilever**

Greg Jackson, CEO, **Octopus Energy**

Dr Sweta Chakraborty, CEO, **We Don't Have Time**

[View all sessions across the Main Stage](#)

Energy Forum

30th April
1st May

The energy transition is a fundamental component of the Green Industrial Revolution; not only as a critical decarbonisation strategy but as vital guarantor of modern day energy security. This forum will discuss how we unlock policy bottlenecks and the capital required to provide critical grid infrastructure, while innovators present their latest technologies across nuclear, solar, wind, geothermal, and more.

Session Highlights:

- Delivering the Electricity Grid of the Future
- The UK's Position in the Renewable Energy Transition
- Scaling the Green Energy Transition
- Innovations and Investments in Energy Storage

Speakers Include:

Dr Alan Whitehead MP, Shadow Minister for Energy Security

Professor Paul Monks, Chief Scientific Adviser, Department for Energy Security and Net Zero

Lucy Yu, CEO, **Centre for Net Zero**

Laura Sandys CBE, Chair, **Energy Digitalisation Taskforce / Green Alliance**

Stuart Payne CBE, CEO, **North Sea Transition Authority**

[View all sessions across the Energy Forum](#)

To view the full programme [click here](#)

To create your personalised timetable, [Register Online](#) and [Download the Innovation Zero App](#)

Conference Programme

This forum will walk attendees through each stage of investment, demonstrating best practices in scaling businesses at speed, and tackling the fundamental issue of how we bridge the funding gap for innovators.

Green and Transition Finance will also feature as we investigate the ways in which the finance & investment community is responding to the climate crisis.

Finance Forum

30th April
1st May

Session Highlights:

- Fireside Chat: Financing the Clean Energy Transition
- Bridging the Funding Gap
- Identifying and Funding Early-Growth Innovators
- Six Years to Go: The Scaling-At-Speed Imperative

Speakers Include:

Julia Reinaud,
Senior Director,
Breakthrough Energy

Kerry McCarthy MP,
Shadow Minister for
Climate Change

Hans Middelthon,
Managing Director,
Aramco Ventures

Sean Kidney,
CEO, **Climate Bonds Initiative**

Valeria Piani,
Head of Stewardship,
Phoenix Group

[View all sessions across the Finance Forum](#)

Robotics, advanced materials, AI and space tech can revolutionise mitigation and adaptation, and truly change the world. But such technologies often start as unproven models which require high levels of risk-heavy capital investment.

Discover the latest frontiers of tech and how we advance them into commercial reality.

Advanced Tech Forum

30th April

Session Highlights:

- Delivering the Capital Investment Required for Fast-Tracking Transformative Technologies
- Deep Tech: Emerging Technologies Powering the Net Zero Transition
- The Aim of the Game: Artificial Intelligence in Climate Action
- The Role of Space Tech in Reaching 2030 Goals

Speakers Include:

Adam Elman,
Head of
Sustainability –
EMEA, **Google**

Rubina Singh,
Principle, **Octopus Ventures**

Susanne Mecklenburg,
Head of Climate
Office, **European Space Agency**

Dexter Galvin,
Chief Commercial
& Partnerships
Officer, **CDP**

Donna Lyndsay,
Vice Chair
/ Strategic
Market Lead -
Environment &
Sustainability,
Space4Climate / Ordnance Survey

Conference Programme

Industrial Forum

30th April

Hard-to-abate sectors like steel and cement can decarbonise through energy efficiency measures, reducing operational emissions and the employment of a circular economy.

Join this forum where innovations in CCUS and supply chain decarbonisation will feature amidst discussions on how we reduce the carbon inputs and outputs of the industrial sector.

Session Highlights:

- The Industrial Decarbonisation Strategy: Marking the Industry's Scorecard
- Opportunities in Carbon Capture, Utilisation and Storage
- Case Studies from the Industrial Clusters

Speakers Include:

Dr Angela Naef,
Chief R&D Officer,
Reckitt

Sandrine Ricard,
Deputy Director
for Sustainability &
Responsibility for
Pernod Ricard UK,
Chivas Brothers

Jonathan Oxley,
Director, **Humber
Cluster, CBI**

Jonathan Briggs,
Director of
Development &
Delivery, **VPI**

Adrian Fielding,
General Manager,
Emissions Control
& Reduction,
Honeywell

[View all sessions across the Industrial Forum](#)

Built Environment Forum

30th April

The UK has the oldest building stock in Europe, and radical changes are required to reduce the levels of embodied and operational carbon permeating the industry.

Join this forum to engage in conversations around energy efficiency and retrofitting will feature as we engage with leading housebuilders, mortgage lenders, local authorities and associations.

Session Highlights:

- The Roadmap to Energy Efficiency and Biodiversity
- Retrofitting Residential: Delivering the Opportunities
- Retrofitting Commercial: How do we Reach Net Zero Standards?
- Decarbonisation and Adaptation in Urban Environments

Speakers Include:

Tom Venner,
Chief Development
Officer, **Canary
Wharf Group**

Patrick Harvie,
Minister for
Zero Carbon
Buildings, Acrive
Travel & Tenants'
Rights, **Scottish
Parliament**

**Catherine
McGuinness**,
Non Executive
Director, **Connected
Places Catapult**

Yetunde Abdul,
Head of Climate
Action, **UKGBC**

**Cllr Wesley
Harcourt**,
Cabinet Member
for Climate Change
and Ecology,
**Hammersmith &
Fulham Council**

Conference Programme

Oceans & Water Forum

30th April

The world ocean encompasses over 70% of the surface area of the planet and 99% of its living space. It is the largest carbon sink on earth and could deliver a fifth of the emissions cuts needed to limit temperature rise to 1.5°C. But our oceans are boiling.

Join this forum to discover the ways in which we can protect and restore our seas, while harnessing the huge investment opportunities available in the Blue Economy.

Session Highlights:

- Investing in Nature-Based Solutions
- Communicating Conservationism
- Wealth Generation in the Sustainable Blue Economy
- The Future of Water: How we Advance Resilience in a Changing Climate

Speakers Include:

Olivier Wenden,
Vice President &
CEO, **Prince Albert II of Monaco Foundation**

Shaurna Berendsen,
Chief Innovation Officer, **Anglian Water**

Her Excellency Karen-Mae Hill OBE, High Commissioner, **Antigua and Barbuda High Commission**

Hugo Tagholm,
Executive Director, **Oceana UK**

Clare Brook,
CEO, **Blue Marine Foundation**

[View all sessions across the Ocean & Water Forum](#)

Minerals & Materials Forum

30th April

Decarbonisation in upstream supply chain is an essential component when considering the overall reduction of GHG emissions and organisations' adherence to Scope 3 reduction commitments.

Join this forum to engage in discussions surrounding the mining of metals and minerals, and how we decarbonise these operations.

Session Highlights:

- Delivering Critical Mineral Resilience
- Advancing a Circular Economy
- Scaling Strawbuilding with UK Stakeholders
- Getting Strategic on Scope 3: Scaling Sectoral Solutions Through Value Chain Collaboration

Speakers Include:

The Rt Hon Baroness Lindsay Northover,
Vice Chair / Member, **APPG Critical Minerals / House of Lords**

Alexander Stafford MP,
Vice Chair / Member of Parliament, **APPG Critical Minerals / UK Government**

Chris Whyte,
Circular Economy Specialist and Founding Director, **ACEN Foundation**

Tabitha Binding,
Head of Education & Engagement, **Timber Development UK**

Cypren Edmunds,
Chairperson, **Strawbale UK**

[View all sessions across the Minerals & Materials Forum](#)

To view the full programme [click here](#)

Conference Programme

Transport & Mobility Forum

1st May

Transport accounts for over 20% of global emissions, and a complex mobility ecosystem presents a roadblock to zero.

In this forum, innovations in fleet decarbonisation, car electrification, traffic management, and alternative fuels will be discussed by leaders across transport who are reshaping the way we navigate urban environments.

Session Highlights:

- The Keys to Unlocking Decarbonised Transport
- Mobilising Energy Systems for Vehicles and Freight
- Traffic Modelling and Management for Decarbonisation
- Transitioning to a Zero Carbon Fleet

Speakers Include:

Baroness Tanni Grey-Thompson DBE, DL, 11x Paralympic Gold Medallist and Member, **House of Lords**

The Hon Paul Balban, Former Minister for Transport, **HM Government of Gibraltar**

John Galsworthy, Director for Climate and Transport, **Hammersmith & Fulham Commission**

Philippa Oldham, Stakeholder Engagement Director, **Advanced Propulsion Centre UK**

Sean Collins, CEO, **Uber Boat by Thames Clippers**

[View all sessions across the Transport & Mobility Forum](#)

Food & Agriculture Forum

1st May

As nature capital blooms an area of interest, learn how the agriculture industry is transforming in turn through regenerative practices and nature based solutions.

Join this forum to discover how the food industry is improving circularity, as well as new technologies in biomimicry and alternative proteins.

Session Highlights:

- Understanding the Growing Natural Capital Markets
- Opportunities in Soil Health & Sequestration
- Regenerative Agriculture: Challenges and Opportunities for the Sector in Climate Adaptation
- Eating for Net Zero – How can Diets be Shifted?

Speakers Include:

Baroness Natalie Bennett, Peer and Former Leader, **Green Party of England and Wales**

Hannah Cornick, Head of Sustainability and Social Innovation, **Danone UK&I**

Dr Emma Keller, Head of Sustainability, **Nestle UK&I**

The Rt Hon Philip Dunne MP, Member of Parliament for Ludlow, **House of Commons**

The Rt Hon George Eustice MP, Former Secretary of State for Environment, Food and Rural Affairs, **UK Government**

Conference Programme

Carbon Markets Forum

1st May

Offsetting is essential to tackle climate change, with the VCM expected to reach around \$250bn by 2050.

Join this forum to meet investors looking to fund new tech, carbon project developers seeking scale, corporates seeking new credit markets, as we provide comprehensive insights into carbon and natural capital markets.

Session Highlights:

- Sovereign Capital and Article 6
- Introduction: International Standards and Regulations
- The Future of Nature-Based versus Engineered Projects
- Expectations for Carbon Markets: Challenges and Opportunities

Speakers Include:

Helen Finney,
International
Climate Negotiator,
Cabinet Officer

Dexter Lee,
Head of Carbon
Markets Negotiations,
Department for Energy
Security and Net Zero

Kiantar Betancourt,
President, **Atenil
S.A.**

Managing Director,
Quantico

Kalyani Inampudi,
Independent
ESG and Carbon
Consultant

[View all sessions across the Carbon Markets Forum](#)

Communication Forum

1st May

Pioneering influencers and marketers will teach startups how to communicate their business to investors, and corporates how better to reach their consumer base.

In this forum, panels and case studies on storytelling and behavioural insights will dive into how to listen to and shift public attitudes on climate change and move towards a solutions-focused mindset. Our communications forum will also feature an exclusive opportunity for startups to rapidly meet with invited investors in a high-impact facilitated networking session.

Session Highlights:

- Creating a Culture of Being Compassionate to the Planet
- Flirtin' with the Earth: Music as a Means to Inspire and Mobilise Action for Nature
- Panel: Communicating Climate Change

Speakers Include:

Louis VI,
Musician & Artist

Tony Burdon,
CEO, **Make My
Money Matter**

Rachael Orr,
CEO, **Climate
Outreach**

Manley Hopkinson,
Founder,
**Compassionate
Leadership
Academy**

Gihan Hyde,
CEO & Founder,
CommUnique

Conference Programme

Aviation & Shipping Forum

1st May

As the UK propels towards 'jet zero', how do we industrialise towards a commercial reality? Is SAF or hydrogen-electric the answer, or both? Leaders of aerospace institutions and airlines will be among the captains of industry tackling these challenges and more.

Join this forum to hear about the crossovers between the aviation and shipping industries; what the two can learn from each other, from the perspectives of investors, regulators, shipowners and those exploring alternative fuel and material innovations at sea.

Session Highlights:

- Industrialisation: Moving from R&D to Commercial Reality
- Fuelling Flight: Discussing SAF and Hydrogen-Electric
- Navigating the Unique Challenges of Maritime Decarbonisation
- The Investment Conundrum: Bridging the Funding Gap

Speakers Include:

Lahiru Ranasinghe,
Head of Net Zero,
easyjet

Margaux Moore,
Head of the Energy
Transition Group
and Venture
Investments,
Trafigura PTE

Hervé Morvan,
Chief of Future
Platforms

Innovation Showcase

30th April
1st May

Startups developing exciting and game-changing technologies will present their products and services to corporate buyers and investors, demonstrating the ways in which their business can accelerate the UK's pathway to net zero.

We believe innovation is what will unlock net zero goals: our showcases are where you find the key.

Featuring:

INNOVATION ZERO AWARDS 2024

Tuesday, 30th April | Main Stage

Spanning across 6 categories, the new Innovation Zero Awards brings together an audience of start-ups, innovators, corporate buyers and investors to celebrate ground-breaking solutions and cutting-edge low carbon technologies introduced in the past 6 years that help to fight the climate crisis.

6 Award Categories

[Book your ticket & join 350+ VIPs for an Awards night to remember!](#)

What's coming up

Opening Address: 6.30pm

Amanda Solloway MP will deliver the opening address to our audience of VIP guests.

Awards & Entertainment: 6.40pm

Comedian host Dr Matt Winning will entertain the audience throughout the evening while guiding them through a journey of innovation spanning six award categories.

Drinks & Canapés: 7.30pm

All guests will be invited to an exclusive networking drinks reception.

Why Visit Innovation Zero?

Hear what past attendees have to say...

FREUDS

A fantastic opportunity to meet a veritable who's who in the UK Net Zero world and to learn about the latest innovations that are reducing our environmental footprint and growing the economy.

Arlo Brady

CEO, Freuds

I applaud Innovation Zero for bringing together speakers and a highly engaged audience from across the most significant sectors of the economy. It is important and valuable to join forces in our efforts to halt climate change and this was a successful forum and format to this end.

BMW GROUP

Thomas Becker

Vice President Sustainability, Mobility, BMW Group

I can honestly say that the event exceeded all our expectations. The level of interest in our plans for decarbonisation and sustainability of a UK battery metals refinery was extraordinary. We met many new potential investors, suppliers and partners and the whole team enjoyed spreading the word. It was a great event and I'm sure it will grow.

Sean Sargent

CEO, Green Lithium

Everyone now appreciates the importance of renewable energy and clean technology, this events really looks at how we need to accelerate deployment in all the Sectors to meet Net Zero. Fits REA's focus exactly!

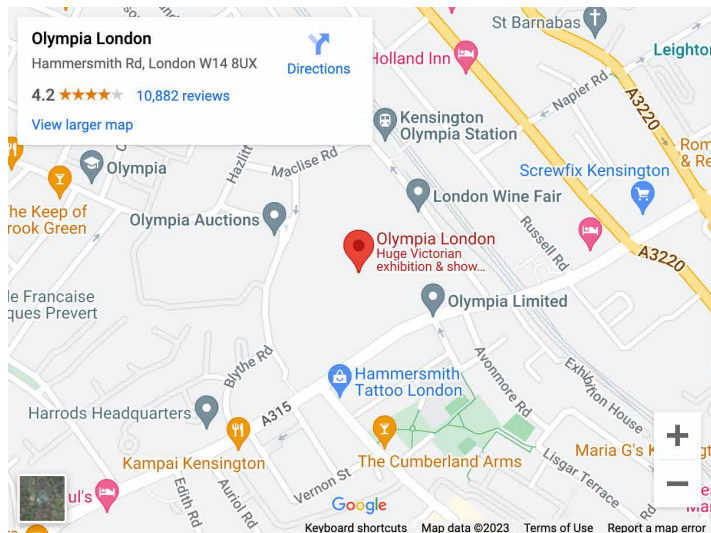

REA THE ASSOCIATION FOR RENEWABLE ENERGY & CLEAN TECHNOLOGY

Dr Nina Skorupska CBE

Chief Executive, REA

Venue

How to get there

Train

London Overground

Nearest Station:
Kensington Olympia.

Direct services run from Clapham Junction, Balham, East Croydon, Shepherd's Bush, Watford Junction, Milton Keynes Central, Willesden Junction, West Hampstead and Stratford.

London Underground

District Line

There is only a District line service from Earls Court on weekends. Please check before you travel.

When travelling from Monday to Friday, you should change at West Brompton for a 2 minute Overground train to Kensington (Olympia). Alternatively, West Kensington is an 8 minute walk away, and High Street Kensington is a 4 minute bus ride or 12 minute walk away.

Central Line

Change at Shepherd's Bush for a 2 minute Overground train to Kensington (Olympia).

Piccadilly Line

Baron's Court is a 9 minute walk away from Olympia London.

Hammersmith & City Line
Hammersmith Station is a 5 minute bus ride or 15 minute walk away.

Circle Line

High Street Kensington is a 4 minute bus ride or 12 minute walk away. Hammersmith Station is a 5 minute bus ride or 15 minute walk away.

London Buses

The following buses all stop within a very short walking distance of the venue:

- 9** - runs to and from Aldwych and Hammersmith.
- 23** - runs to and from Westbourne Park and Hammersmith.
- 27** - runs to and from Chalk Farm and Turnham Green.

- 28** - runs to and from Kensal Rise and Wandsworth.
- 49** - runs to and from White City and Clapham Junction.
- 391** - runs to and from Fulham and Richmond.
- N9, N23, N27, N28** also run a night service.
