Zero automates your sustainability and ESG journey—from data collection and analysis to monitoring, strategy development, and reporting. Manage complex carbon accounting and decarbonization with ease and confidence, aligning with global frameworks and standards for accurate, transparent, and compliant sustainability action.

Key Features of ZERO by Olive Gaea

- ✓ ESG Materiality Assessment
- ✓ Scope 1, 2, 3 Carbon Accounting
- ✓ AI-Powered Decarbonization and Scenario Analysis
- ✓ Supply Chain Engagement and Analysis
- ✓ Automated Sustainability Reporting
- ✓ PCAF-Accredited Financed Emissions Management

Why Sustainability Leaders Choose ZERO

7X FASTER

carbon accounting & ESG reporting thanks to AI and API integrations

85% MORE ACCURATE

than conventional solutions thanks to inbuilt databases and machine learning

70% LOWER COST

Saves 70% of the cost of consulting firms

Future-Proof Your Business

Seamless Financed Emissions Management

PCAF-accredited platform for transparent reporting & risk mitigation.

All your sustainability needs covered

API services for Carbon Neutrality

Olive Gaea's B2B2C API enables real-time carbon tracking, customer-driven offsetting, and verified impact reduction. Businesses gain sustainability insights, enhance trust, and support climate action with certified carbon offsets from leading global registries.

Bespoke Consulting

Sustainability is complex, but our experts simplify it with tailored guidance on ESG frameworks, carbon footprint assessment, Net Zero strategy, sustainable finance, and reporting. We help businesses navigate regulations, enhance compliance, and implement impactful sustainability strategies for long-term success.

Why Choose Olive Gaea?

AI-Powered Solutions

Leveraging advanced technology for real-time decarbonization and sustainability management.

Science-Based & Data-Driven Approach

Ensuring accuracy, transparency, and actionable impact.

Global Compliance Expertise

Helping businesses navigate ESG risks, reporting mandates, and sustainability regulations.

Seamless Integration & Customization

Adapting to unique business needs with scalable, user-friendly solutions.

Scalability & Flexibility

Suitable for businesses of all sizes and sectors.
