

All training in one platform

# Learning Management

With ready-to-use, industry accredited e-learning courses available, Chorus learning management is a cost-effective way to get your team started on their learning journey. Chorus centralises all training in one platform that works for your organisation, no matter how fast you're growing, so your team learns better, works safer and you can prove compliance with confidence.

Built with subject matter experts and always kept up to date with the latest industry legislation, you can equip your teams with the knowledge they need to work safely in complex, high-stakes operations.

## Platform benefits

### Why teams choose Chorus

- ✔ **Quick deployment** - Training in days, not weeks
- ✔ **Pre-built content** - Start with proven safety training, then add your own
- ✔ **Mobile accessibility** - Train teams anywhere – offshore, onsite, or remote
- ✔ **Expert support** - Our dedicated team ensures you're up and running, fast
- ✔ **Seamless migration** - Seamless switch with no learning disruption
- ✔ **Visually engaging content** - Captivating visuals that drive learner engagement

## Platform features

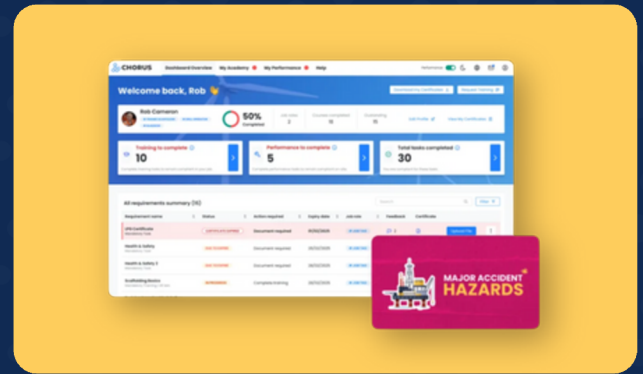

### Your complete toolkit for training and compliance

- ✔ **Certificate management** – Auto-issue and store certificates securely
- ✔ **Progress analytics** – Track learner progress in real time
- ✔ **Automated communication** – Send reminders and updates automatically
- ✔ **Full customisation** – Brand and structure your platform your way
- ✔ **Technical reliability** – Secure, stable and built for scale
- ✔ **System integration** – Connect with HR and compliance systems
- ✔ **Internal academy** – Create a branded hub for all training

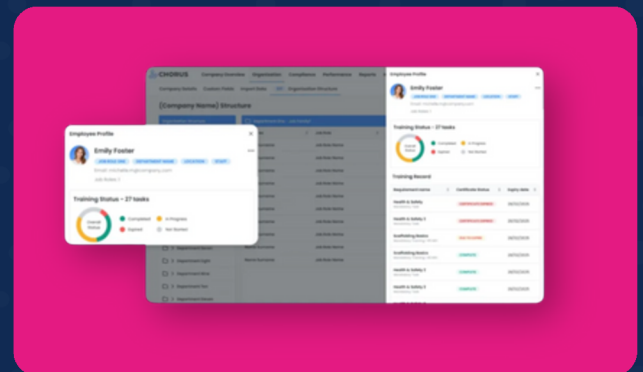

## All training in one place

Assign courses instantly. Track progress automatically. Keep consistent records across your organisation.

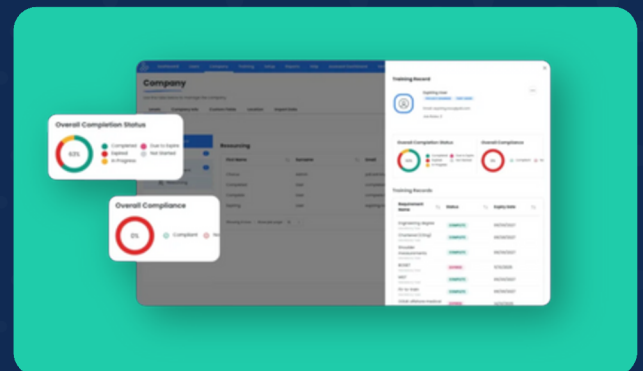

## Role-specific learning

Each person gets training that directly applies to their work.

## Real-time monitoring

Dashboards show completed and overdue training as well as upcoming deadlines.

## Measure training impact

Insights that highlight the return on investment to your leadership.
