HOW IMN HELPS YOU ACHIEVE SUSTAINABILITY OBJECTIVES

- Understand everything that matters to you in your sector, net zero goals, and for your *exact* role with just one click, through an easy-to-read, hyper-personalised consultancy-style executive summary.
- This includes the latest sectoral trends you may have missed, low carbon or any other news and regulations that may be important to you, what your competitors are doing, new growth or market *opportunities* you never considered, pioneering tech or any other insights or developments, in real time.
- Ensure you only receive intelligence that is *precisely* relevant to you, plus high quality guidance on what to do with each insight, to make better decisions.
- Automate research and analysis of new ideas, strategies, lead discovery and all other insights relevant to your sustainability mandate, or any other goals and challenges you face, to achieve *success* and mitigate risk quickly and cost-effectively.
- Watch the video tutorial or sign up at **myimn.com**.
