

Press Release – for immediate release

## Registration opens for ISE 2023

*Registration for the world's leading AV and systems integration exhibition is now open – ISE 2023, 31 January - 3 February 2023, Barcelona*

**BARCELONA, 6 OCTOBER 2022:** Following a successful show earlier this year, registration is now open for Integrated Systems Europe (ISE 2023). The show will be a launchpad for a wealth of new technology, offer a thought-provoking conference programme, and will feature headline keynote sessions throughout the week. What's more, with just under four months until opening day, ISE 2023 already has over 52,000 sqm of space booked, over 30% more than the exhibitor space in 2022.

ISE brings together the core sectors that make up the global AV and systems integration industry. So far, over 700 companies are already committed to exhibiting, and alongside long-standing flagship exhibitors, ISE 2023 will play host to several new brands making their debut.

Mike Blackman, Integrated Systems Events Managing Director, stated: "We can't wait to return to Barcelona with ISE 2023. This year's show exceeded expectations, and we are looking forward to a bigger and even better event at the Fira Barcelona Gran Via in January 2023. We already have a great show floor packed with industry-leading brands and we're working hard to ensure that, yet again, ISE goes above and beyond expectations."

ISE 2023 will showcase the world's leading technology innovators and solution providers which include industry-leading brands such as Absen, Blackmagic Design, Barco, Christie, Crestron, Google, KNX, Lang, LG, Logitech, Panasonic, Samsung, Shure, Sony and many more, all providing visitors with plenty of reasons to visit the show.

To make navigation of the show floor easier, exhibits are set across six Technology Zones:

- Unified Communications & Education Technology (Hall 2)
- Residential & Smart Building (Hall 2)
- Multi Technology (Halls 3 & 5)
- Audio (Hall 7) and **NEW** Audio Demo Suites (Hall 8.0)
- Digital Signage & DooH (Hall 6)
- Lighting & Staging (Hall 7)

## **Conference programme**

The popular ISE Conference Programme returns in 2023 with a new home. The programme of conferences and summits will take place in the modern, purpose-built conference rooms in the CC4 and CC5 areas on the upper level of the Fira Gran Via. The schedule includes an informative programme of Spanish-language content covering all aspects of the pro AV and systems integration industry as well as sessions to cover thought-provoking issues, market trends and inspirational keynote speakers.

## **Accommodation service**

Visitors to the show can book hotels quickly and easily as ISE has once again partnered with travel specialist bnetwork to provide a wide range of choices for accommodation in Barcelona. Visit the website <https://isehotels.bnetwork.com/> and search options via price, distance from venue, traveller rating etc.

Integrated Systems Europe, ISE 2023, will take place at the Fira Barcelona Gran Via, 31 January - 3 February 2023.

## **EDITORS' NOTES:**

### **About Integrated Systems Europe:**

Integrated Systems Europe (ISE) is the world's leading professional AV and systems integration show. The annual event provides a unique showcase of technologies and solutions for commercial and residential applications. The extensive show floor is complemented by a five-day professional development programme curated by the show's co-owners, AVIXA and CEDIA. ISE also showcases a range of conferences, keynotes and events that take place before and during the show. ISE 2023 will take place from 31 January to 3 February 2023 at the Fira de Barcelona, Gran Via complex. The event is a joint venture of AVIXA, the Audiovisual and Integrated Experience Association and CEDIA, the global trade association for companies that design, manufacture, and integrate technology for the home. For further information, please visit: [www.iseurope.org](http://www.iseurope.org).

### **About AVIXA™:**

AVIXA is the Audiovisual and Integrated Experience Association, producer of InfoComm trade shows around the world, co-owner of Integrated Systems Europe, and the international trade association representing the audiovisual industry. Established in 1939, AVIXA has more than 20,000 enterprise and individual members, including manufacturers, systems integrators, dealers and distributors, consultants, programmers, live events companies, technology managers, content producers, and multimedia professionals from more than 80 countries. AVIXA members create integrated AV experiences that deliver outcomes for end users. AVIXA is a hub for professional collaboration, information, and community, and is the leading resource for AV standards, certification, training, market intelligence, and thought leadership. Visit [avixa.org](http://avixa.org).

**About CEDIA®:**

CEDIA® is the global membership association that serves the home technology industry through advocacy, connection, and education. Founded in 1989, CEDIA fights for the rights and interests of its members in governmental bodies around the world, gathers industry professionals worldwide, and creates the trainings, standards, and certifications that ensure the industry excels and attracts new workers. CEDIA co-owns Integrated Systems Europe, the world's largest AV and systems integration exhibition, and founded CEDIA Expo, the world's largest annual residential technology show. Today, over 30,000 CEDIA members deliver home technology solutions that enrich our lives. Learn more about CEDIA at [www.cedia.net](http://www.cedia.net)
